## ASX ANNOUNCEMENT

### **Appendix 4C Quarterly Cash Flow Report and Quarterly Activities Report**

Swoop Holdings Limited (ASX: SWP) is pleased to release its quarterly activities report and Appendix 4C for the three-month period ended 31 March 2026 (Q3 FY26).

The quarterly cash flow report incorporates the operations of Swoop (and its subsidiaries) for the 3-month period from 1 January 2026 to 31 March 2026.

#### **Highlights as at 31 March 2026**

- Customer receipts delivered strong year-on-year growth, reaching \$36.6m in Q3 FY26, up 35% on the pcp. This was driven by accelerating growth in our NBN and Mobile products, as well as contributions from the Melbourne Fibre Project. Excluding one-off project revenues, customer receipts increased 24% on the pcp.
- Free Cash Flow (FCF) improved by \$0.7m for the quarter compared to the pcp, finishing at -\$3.3m. Excluding the impact of cash flows from the Melbourne Fibre Project, underlying free cash flow of the core business improved by approximately \$5.1m on the prior corresponding period and was positive at approximately \$1.1m for the quarter.
- Momentum in our core business remains strong, with monthly recurring sales up 67% and monthly revenue up 17% compared to the pcp. This reflects our continued focus on core NBN and Mobile products and our commitment to exceptional customer service.
- Swoop closed Q3 FY26 with \$11.2m in available funding, including \$4.2m cash, providing a solid platform to complete the Melbourne Fibre Project and accelerate growth in the core NBN and Mobile business.

As outlined at the Half Year, cost reduction remains a key priority for the Group. Actions implemented during Q3 have delivered a reduction in annualised operating costs of approximately \$1.1 million, demonstrating early progress as we continue to target a 10–20% reduction in the cost base into FY27. While we continue to invest in targeted growth initiatives, these results demonstrate the operating leverage emerging in the business and support our confidence in further margin and cash flow improvement.

## **Capital Management and Other Highlights**

Following the completion of the Entitlement Offer in December 2025, the Company received an additional \$0.35 million during the quarter, representing the partial shortfall from the initial offer.

Total funds raised under the Entitlement Offer now amount to \$9.66 million, before transaction costs. Net proceeds continue to be used to fund the Company's working capital requirements and capital expenditure associated with the construction and delivery of the Melbourne Fibre Project.

## **Events subsequent to 31 March 2026**

There are no significant events subsequent to 31 March 2026 to report.

## **Payments to related parties of Swoop and their associates**

The amounts included in item 6 in the Appendix 4C relate to the Directors Fees for the quarter (\$50k).

## **Change in Company Secretary**

Swoop wishes to advise, in accordance with ASX Listing Rule 3.16.1, of the resignation of Ms Louise Bolger as Company Secretary and the appointment of Mr Hasaka Martin of Singleton CoSec, with the change effective on and from 1 May 2026.

In accordance with ASX Listing Rule 12.6, Swoop also advises that Mr Martin will be responsible for the Company's communications with the ASX in relation to Listing Rule matters from 1 May 2026.
