## Completion of Sale of Karonie and Lake Rebecca Projects to Forrestania Resources

### HIGHLIGHTS

- Alchemy is pleased to advise that completion of the sale of Karonie and Lake Rebecca Projects to Forrestania Resources Limited (ASX: FRS) has now occurred.
- The detailed terms of the transaction, including assets to be acquired, consideration and rights were set out in the Company's ASX announcement on 11 March 2026.
- All conditions precedent to completion have now been satisfied, and the transaction has been completed pursuant to the terms of the agreement.
- Consideration shares, being 7,725,587 ordinary FRS shares, are due for settlement within two days of completion of the transaction.
- Alchemy will be awarded a 1% Net Smelter Royalty on all minerals mined from the relevant tenements, excluding the first 110koz of gold from the Parmelia, KZ5 and Taupo deposits.

**Chief Executive Officer Mr James Wilson commented:** *"The completion of the Forrestania Resources transaction represents a strong outcome for Alchemy shareholders, delivering a significant non-dilutive funding potential that strengthens the Company's balance sheet. The structure provides ongoing financial flexibility through our shareholding in Forrestania Resources, alongside a retained royalty ensuring continued participation in any future success.*

*Importantly, Alchemy retains a highly prospective portfolio, including its high-grade copper exploration assets in NSW. At the Yellow Mountain and Overflow Projects, clearance surveys are scheduled to commence in mid-May 2026, with drill program planning well advanced. These programs will target significant induced polarisation anomalies already validated by previous drilling, positioning the Company for a strong pipeline of near-term exploration opportunities.*

*In parallel, Newcam Minerals Pty Ltd has exercised the option on the Valley Bore-Bryah Iron Ore project (refer ASX announcement 14 April 2026) with Alchemy retaining a 40% free carried interest in the joint venture. This deal will see the project advanced rapidly with a well-funded partner to deliver near-term exploration milestones and upside exposure to Alchemy.*

*Together, these assets position the Company to capitalise on strong commodity themes while delivering a pipeline of options as we progress our strategy through 2026."*

## ABOUT ALCHEMY RESOURCES

Alchemy Resources Limited (ASX: ALY; “Alchemy” or the “Company”) is an Australian exploration company focused on growth through the discovery and development of gold, base metal and battery metals within Australia. The Company’s assets include an 80% interest in the Lachlan/Cobar Basin Projects in New South Wales, a 100% interest in Bryah Iron Ore tenements, and a 20% Joint Venture interest in the Bryah Basin Project, located in the gold, and base metal-rich Gascoyne region of Western Australia, where Catalyst Metals (ASX: CYL) is continuing to advance gold exploration.
