

ASX Announcement (ASX: NRZ)

4 May 2026

Quarterly Activities Report: January – March 2026

NeuRizer Ltd ("NeuRizer" or the "Company") submits the following Activities Report and Quarterly Cash Flow Statement (refer to attached Appendix 5B) for the quarter ending 31st of March 2026.

India

The Company announced on the 13th of March 2026 that two Letters of Award (LOA's) had been awarded to NRZ by Reliance Industry Group (RIL) for IP licensing and for the sale of the Demonstration Plant, with payment commencing in April 2026. April's payment has been made by RIL. The company also hosted representatives of RIL's engineering team and consultants at Leigh Creek. The purpose of the visit was for RIL to inspect and obtain a thorough understanding of the demonstration plant to be able to construct the plant in India once the plant has been disassembled and transported to India.

Suspension in trading shares

The company's shares continue to be suspended from trading under the Australian Securities Exchange (ASX) Listing Rule 17.5. NeuRizer continues to work with its Auditor and the ASX to resolve the remaining issues giving rise to the suspension and will update the market soon. As per the announcement made by the ASX on the 17th of April on long term suspended companies, there are two more documents still to be lodged by the Company: The Full Year accounts for 2025, and the Annual Report for 2025. The company is working with our accountant and auditors to have the accounts completed, audited and lodged with the ASX as we are required to do. Overdue documents that were submitted to the ASX during the quarter were:

- 2024/25 Third Quarter Activities Report and Quarterly Cashflow - lodged on the 30th March 2026
- 2024/25 Fourth Quarter Activities Report and Quarterly Cashflow - lodged on the 30th March 2026
- 2025/26 First Quarter Activities and Quarterly Cashflow Report - lodged on the 30th March 2026
- 2025/26. Second Quarter Activities and Quarterly Cashflow Report – lodged on the 30th March 2026

NeuRizer Urea Project (NRUP) Stage 1 Update

Stage 1 of the NRUP continues to build on the successful Pre-Commercial Demonstration that NeuRizer operated in 2018 and 2019. The overarching purpose of Stage 1 is to further demonstrate the commercial, technical, environmental and financial credentials of the NRUP. The company is progressing the Stage 1 EIS and will submit the EIS in May this year. Water monitoring activities are continuing.

Stage 1 of the NRUP remains a declared Major Project for South Australia, positioning NeuRizer as a future leader in domestic and international urea production. Upon production, the project aims to deliver significant economic benefits but also contribute to sustainable agricultural solutions on a global scale by strengthening supply chain certainty to Australian farmers for a key agricultural input, urea fertiliser.

Work undertaken during the quarter are in the dot point with work to be continued over 2026 are emphasised in italics:

- Conducted monthly groundwater monitoring on site as per DEM (South Australian Department of Energy and Mining) approved Groundwater Monitoring Plan.
- Graded and cleared all pathways and roadways at site for all 10 monitoring wells and maintain access to monitoring stations and maintaining the integrity of the monitoring stations/wells. Drill and clean out of 2 wells.
- Submitted closure report and we are now awaiting approval from the South Australian Department of Energy and Mining.
- Measuring for ground subsidence around the generator continued.
- Submitted our Groundwater Monitoring plan to the South Australian Department of Energy and Mining for next 24 months of monitoring at site.
- Submitted an Activity Notification (AN) to the South Australian Department of Energy and Mining for the final removal of the above ground part of the PCD plant.
- Completed annual report for petroleum license PEL 650. *This activity is continuing during 2026*
- Completed annual report for petroleum license GSEL 662. *This activity is continuing during 2026*
- Completed annual report for petroleum license PPL269. *This activity is continuing during 2026*
- Completed annual report for petroleum license AAL292. *This activity is continuing during 2026*
- Completed annual report for petroleum license PRL 247. *This activity is continuing during 2026*
- Renewed the PRL 247 petroleum retention license for a further 5 years. *This activity is continuing during 2026*
- Engaged subject matter experts and consultants to help with completing the EIS for NRUP Stage 1.
- Facilitated numerous Leigh Creek site visits for various stakeholders, including government officers, shareholders, contractor site inspection for Expressions of Interest for Urea plant, and with potential investors.
- Introduction of a Nitrogen purge of site equipment.
 - Ongoing maintenance and repairs to all site infrastructure, plant and equipment. This includes service and repairs to site generators, telehandler, vehicles, pumps, buildings, etc.
 - Ongoing road maintenance to roads, used by Neurizer, on the Leigh Creek PEL 650.
 - Maintained, repaired safety fencing and signage around the PCD from flood damage.
 - Maintained, repaired safety fencing and signage around the aboriginal cultural heritage sites from recent flooding.
- Environmental weed management continued as required under our South Australian Department of Energy and Mining license to control invasive plant species and to maintain safety (trip hazard and snakes) around Leigh Creek site.

- Continued monthly liaison with local community in Leigh Creek.
- Continued regular liaison with local community in Copley and surrounding areas regarding status of NRUP project and to answer any queries from the community.
- Attending community events (Leigh Creek, Copley and surrounding areas) and providing representation on local community associations. *This activity will continue into 2026*
- Working alongside the Dept of Energy & Mining (Minerals division) to plan and implement a new water supply pipeline to the Leigh Creek and Department site infrastructure.
- Liaison with South Australian Department of Energy and Mining compliance representative for the care and maintenance of the overall Coalfield.
- Maintained compliance in all aspects of health and safety. All checks are recorded in Neurizer's health & safety online system lodged with South Australian Department of Energy and Mining.
- Conducted regular site security checks of the petroleum license to check security gates, fences and pipelines and on several occasions removed intruders.
- Ongoing site inspections, reporting and documenting as per Neurizer's site processes. All inspections and documents are entered electronically into Neurizer's health and safety online system for the South Australian Department of Energy and Mining.
- Review and update the Leigh Creek drill hole database and conducted site inspection with the well capping contractor.
- Created a local and regional fault map of the Leigh Creek area, based on all known sources of information required for footing engineering for the ammonia and urea plant and data received from permanent seismic monitoring at site.
- **Finance and Corporate**
 - The accompanying Appendix 5B (Quarterly Cashflow Report) includes a summary of cash inflows and outflows for the quarter, including amounts in item 6.1, which include executive and non-executive director fees paid as salaries and wages.

8.5	Unused finance facilities available at quarter end (item 7.5)	-
8.6	Total available funding (item 8.4 + item 8.5)	90

8.7 **Estimated quarters of funding available (item 8.6 divided by item 8.3)**

0.29

Note: if the entity has reported positive relevant outgoings (ie a net cash inflow) in item 8.3, answer item 8.7 as "N/A". Otherwise, a figure for the estimated quarters of funding available must be included in item 8.7.

8.8 If item 8.7 is less than 2 quarters, please provide answers to the following questions:

8.8.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Yes

8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Yes and it has. As per the previously announced agreement with Reliance Industries, invoices were issued to Reliance Industries and were paid in April. This provides the company with adequate funding for the next 2 quarters with ongoing monthly payments for the next 15 months.

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Yes, as we are now funded to continue our operations for the next 2 quarters. with ongoing monthly payments for the next 15 months allowing the Company to progress with its business objectives.

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.

Compliance statement

- 1 This statement has been prepared in accordance with accounting standards and policies which comply with Listing Rule 19.11A.
- 2 This statement gives a true and fair view of the matters disclosed.

Date: 4th of May 2026

Authorised by: By the Board

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, AASB 6: *Exploration for and Evaluation of Mineral Resources* and AASB 107: *Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [*name of board committee – e.g., Audit and Risk Committee*]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
