Dear Matt,

Klevo Rewards Limited 's response to ASX Aware Letter

We refer to your query letter dated 04 May 2026 (Letter). Capitalised terms used in this letter have the meaning given in your Letter unless otherwise defined. Set out below is the response of Klevo Rewards Limited (ABN 47 095 009 742) (KLV or the Company) to each of the questions in the Letter.

1. Does KLV consider the following information, or any part thereof, to be information that a reasonable person would expect to have a material effect on the price or value of its securities?

1.1 KLV, via its wholly-owned subsidiary Fly Wallet Pty Ltd, has secured incentive benefits from Mastercard under its commercial agreement comprising AUD\$1,705,176 in cash and AUD\$300,913 in service credits; and

Yes ('Query 1')

1.2 KLV's board is considering the implementation of an on-market share buy-back, subject to regulatory requirements and prevailing market conditions.

Yes ('Query 2')

Please answer separately for each of the above.

2. If the answer to any part of question 1 is "no", please advise the basis for that view. Please answer separately for each of the items in question 1 above.

Query 1 – N/A

Query 2 – N/A

3. When did KLV first become aware of the information referred to in question 1 above? Please answer separately for each of the items in question 1 above.

Query 1 – The Company received final confirmation from Mastercard of the specific dollar amounts comprising the incentives at approximately 10:30am on Friday, 1 May 2026. It was upon receipt of those confirmed figures that the Company formed the view that the information was material and price-sensitive.

Query 2 – Following confirmation of the materiality of the incentives, the Board convened to consider the appropriate use of the funds and resolved to evaluate an on-market share buyback.

4. If KLV first became aware of the information referred to in question 1 before the date of the Announcement, did KLV make any announcement prior to that date which disclosed the information? If not, please explain why the information was not released to the market at an earlier time, commenting specifically on when you believe KLV was obliged to release the

For personal use only

information under Listing Rules 3.1 and 3.1A and what steps KLV took to ensure that the information was released promptly and without delay.
Please answer separately for each of the items in question 1 above and provide details of the prior announcement if applicable.

Query 1 – KLV did not make an announcement prior to the date of the Announcement, as prior to approximately 10:30am on 1 May 2026, the Company was aware of the existence of its commercial agreement with Mastercard but had not received confirmation of the specific dollar amounts of the incentives payable thereunder.

Without those confirmed figures, the information was insufficiently definite to constitute price-sensitive information and accordingly fell within the carve-out under Listing Rule 3.1A.

Upon receiving the confirmed amounts from Mastercard, the Company immediately formed the view that Listing Rule 3.1 was triggered and acted promptly and without delay by contacting ASX to request a trading halt. The Company subsequently prepared and released the Announcement as soon as practicable following the trading halt.

Query 2 – The Board's decision to consider an on-market share buyback arose only after, and as a direct consequence of, the Company receiving confirmation from Mastercard of the specific dollar amounts of the incentives. As the Query 1 information was not known to the Company until approximately 10:30am on 1 May 2026, the Company could not have formed, and had not formed, any view in respect of a share buyback prior to that time. Accordingly, there was no earlier point at which the Query 2 information existed independently and could have been disclosed to the market.

5. Was KLV aware of any information referred to in question 1 at the time of KLV's Response to ASX Price Query?

**Query 1 - No
Query 2 - No**

6. If the answer to question 5 or any part of question 5 is 'yes', please confirm why KLV did not disclose that it had become aware of that information within the Response to ASX Price Query.

**Query 1 – N/A
Query 2 – N/A**

7. Please confirm that KLV is in compliance with the Listing Rules and, in particular, Listing Rule 3.1.

KLV confirms that it is complying with the Listing Rules and, in particular, Listing Rule 3.1

8. Please confirm that KLV's responses to the questions above have been authorised and approved in accordance with its published continuous disclosure policy or otherwise by its board or an officer of KLV with delegated authority from the board to respond to ASX on disclosure matters

KLV confirms that this response has been authorised and approved by the Board.

3.1A.2 The information is confidential and ASX has not formed the view that the information has ceased to be confidential; and

3.1A.3 A reasonable person would not expect the information to be disclosed.”

- J. The concept of “confidentiality” detailed in section 5.8 of *Guidance Note 8 Continuous Disclosure: Listing Rules 3.1 – 3.1B*. In particular, the Guidance Note states that:

Accordingly, even though an entity may consider information to be confidential and its disclosure to be a breach of confidence, if it is in fact disclosed by those who know it, then it is no longer a secret and it ceases to be confidential information for the purposes of this rule.”
