Mr Harpaz's appointment follows the decision of CEO Sharon Malka to step down from the role for personal reasons. The Company has achieved a number of important milestones, including validation from more than 15 independent industrial end-users, paid customer evaluations, a first commercial purchase order from Volkswagen Innovation, and strategic MoUs with CarbonCapture Inc. and Hengst SE. Dotz continues to engage with a growing network of partners and potential customers across the carbon capture value chain.

CEO Transition - Sharon Malka

Sharon Malka has advised the Board of his decision to step down as Chief Executive Officer for personal reasons after three years of outstanding service. The Board has accepted this with regret and is very pleased that Mr Malka has agreed to join the Board of Directors as a Non-Executive Director. In this capacity, he will continue to provide the benefit of his deep knowledge of the Company's technology, commercial partnerships, and operations, ensuring meaningful continuity through the transition and beyond.

Over his three years leading Dotz, Mr Malka has been instrumental in transforming Dotz Nano from an early-stage research entity into a company on the cusp of commercial deployment. His leadership has positioned the Company with a differentiated technology platform, significant market endorsement and a growing portfolio of strategic engagements. The Board acknowledges these achievements and is grateful for his support in a graceful transition and looks forward to his continued involvement as a Director.

Appointment of New Chief Executive Officer - Nati Harpaz

The Board is pleased to announce the appointment of Mr Nati Harpaz as Chief Executive Officer, effective 31 May 2026. Mr Harpaz is an existing shareholder of the Company and brings extensive experience scaling businesses across deep tech, e-commerce, fintech, and B2B platforms, with a strong focus on commercial strategy, partnerships, deal execution, and international growth.

In his most recent executive role, Mr Harpaz served as CEO of Catch, which he led for four years before leading the company through its sale to Wesfarmers. Over the past five years, he has focused on investing in and supporting start-ups, including BridgerPay, a SaaS payment infrastructure company, and Glasswing, a deep-tech company.

Mr Harpaz's appointment reflects the Board's confidence in having identified a leader whose skills and background are directly suited to the Company's current stage and the significant opportunities ahead. Mr Harpaz is already working closely with the Dotz team ahead of his commencement to support the Company's commercial strategy and execution planning.

Board Composition

In conjunction with the CEO transition, the Board has reviewed its composition to ensure it is appropriately structured to support the incoming CEO and the Company's outlook. The following changes are effective 31 May 2026:

- Sharon Malka has accepted the board's invitation to transition from CEO and Executive Director to Non-Executive Director, ensuring the Board retains his accumulated knowledge and experience
- Kerry Harpaz, spouse of incoming CEO Nati Harpaz, has voluntarily resigned from the Board to avoid any perceived conflict of interest arising from her husband's appointment. The Board acknowledges her commitment to strong governance and thanks her for her contribution and service.
- Mitchell Board has resigned from the Board, reflecting a mutual decision to streamline its composition as the Company moves into its next phase. The Board thanks Mr Board for his contribution and service.

The refreshed Board provides a focused and experienced foundation to support the incoming CEO and the Company's outlook going forward.
