ISSUE OF EUR 1,250,000,000 WORTH OF SUBORDINATED NOTES

Notice under section 708A(12H)(e) of the Corporations Act 2001 (Cth)

Thursday, 21 May 2026, SYDNEY: Commonwealth Bank of Australia (**CBA**) is pleased to confirm that, on 21 May 2026, it issued EUR 1,250,000,000 worth of subordinated fixed reset notes due 21 May 2037 (the **Subordinated Notes**). The Subordinated Notes were issued pursuant to CBA's U.S.\$70,000,000,000 Euro Medium Term Note Programme (the **Programme**).

The Subordinated Notes potentially exchange into fully paid ordinary shares of CBA (**Ordinary Shares**) if a Non-Viability Trigger Event occurs.

This notice is a cleansing notice prepared for the purposes of section 708A(12H)(e) of the Corporations Act 2001 (Cth) (the **Corporations Act**) (as inserted by ASIC Corporations (Regulatory Capital Securities) Instrument 2026/88). CBA has elected to give this notice to enable Ordinary Shares issued on Exchange to be freely tradeable without further disclosure under Chapter 6D of the Corporations Act. This notice includes:

- in Schedule 1, a description of the rights and liabilities attaching to the Subordinated Notes, in the form of the terms and conditions of the Subordinated Notes (the **Conditions**) extracted from the information memorandum dated 1 July 2025 for the issue of the Subordinated Notes under the Programme (the **Information Memorandum**);
- in Schedule 2, a description of the commercial details of the Subordinated Notes, in the form of the pricing supplement for the issue of the Subordinated Notes dated 19 May 2026 (the **Pricing Supplement**); and
- in Schedule 3, a description of the rights and liabilities attaching to Ordinary Shares.

Words and expressions not otherwise defined in this cleansing notice have the same meaning as defined in the Information Memorandum, except where the context otherwise requires or unless otherwise stated.

CBA confirms that:

- (a) the Subordinated Notes were issued without disclosure to investors under Part 6D.2 of the Corporations Act;
- (b) the information in this notice remains current as at today's date;
- (c) this notice (including the schedules) complies with section 708A of the Corporations Act, as modified by ASIC Corporations (Regulatory Capital Securities) Instrument 2026/88; and
- (d) this notice (including the schedules) complies with section 708A(12I) of the Corporations Act as inserted by ASIC Corporations (Regulatory Capital Securities) Instrument 2026/88.

Effect of the Subordinated Notes offer on CBA

The issue of Subordinated Notes by CBA will not have a material impact on CBA's financial position. If a Non-Viability Trigger Event occurs and CBA issues Ordinary Shares, the impact of Exchange on CBA would be to increase CBA's shareholders' equity. The number of Ordinary Shares issued on Exchange is limited to the Maximum Exchange Number. The Maximum Exchange Number is 48.04 Ordinary Shares per Subordinated Security (with a nominal value of A\$1,628.70), based on the Issue Date VWAP of A\$169.53 per Ordinary Share.

1 Form, Denomination and Title

Except in the case of Subordinated Notes, which must be Registered Notes, the Notes of this Series are Bearer Notes or Registered Notes as specified in the applicable Pricing Supplement and in each case are in the currency (the “Specified Currency”) and the denominations (the “Specified Denomination(s)”) specified in the applicable Pricing Supplement. Definitive Notes of this Series (if issued) will be serially numbered and Bearer Notes may not be exchanged for Registered Notes and vice versa. This Note is an Unsubordinated Note or a Subordinated Note as indicated in the applicable Pricing Supplement. This Note is a Fixed Rate Note, a Fixed Reset Note, a Floating Rate Note, a Zero Coupon Note, an Index Linked Interest Note, a Dual Currency Interest Note or any appropriate combination thereof depending upon the Interest Basis specified in the applicable Pricing Supplement and is a Dual Currency Redemption Note, an Index Linked Redemption Note, an Instalment Note or a combination of any of the foregoing, depending on the Redemption/Payment Basis specified in the applicable Pricing Supplement. If this Note is a definitive Bearer Note, it is issued with Coupons for the payment of interest (“Coupons”) and, if applicable, Talons for further Coupons (“Talons”) attached, unless it is a Zero Coupon Note in which case references to interest (other than in relation to interest due after the Maturity Date) and Coupons or Talons in these Conditions are not applicable. If this Note is a definitive Bearer Note redeemable in instalments, it is issued with Receipts (“Receipts”) for the payment of instalments of principal prior to the final Maturity Date attached. Wherever Dual Currency Notes or Index Linked Notes are issued to bear interest on a fixed or floating rate basis or on a non-interest-bearing basis, the provisions in these Conditions relating to Fixed Rate Notes, Floating Rate Notes and Zero Coupon Notes respectively shall, where the context so admits, apply to such Dual Currency Notes or Index Linked Notes. In the case of Dual Currency Notes, references to the Specified Currency in relation to any payment or calculation of a payment are to the currency in which that payment is required to be made. This Note is also an Index Linked Note where payment in respect of principal (each an “Index Linked Redemption Note”) and/or interest (each an “Index Linked Interest Note”) is linked to an Index and/or a Formula, and the appropriate provisions of these Conditions will apply accordingly. References in these Conditions, except in this paragraph, Condition 7 and Condition 10, to Coupons or Couponholders shall be deemed to include references to Talons or Talonholders and Receipts or Receiptholders.

Subject as set out below, title to the definitive Bearer Notes and the Coupons will pass by delivery and title to the definitive Registered Notes will pass upon the registration of transfers in accordance with the provisions of the Agency Agreement. The holder of each Coupon, whether or not such Coupon is attached to a Bearer Note, in their capacity as such, shall be subject to, and bound by, all the provisions contained in the relevant Note. Subject as set out below, the Issuer, any Paying Agent and any Transfer Agent may (to the fullest extent permitted by applicable laws) deem and treat the bearer of any Bearer Note or Coupon and the registered holder of any Registered Note as the absolute owner thereof (whether or not such Note or Coupon shall be overdue and notwithstanding any notation of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any global Note, without prejudice to the provisions set out below.

For so long as any Notes are represented by a global Note held on behalf of Euroclear Bank SA/NV (“Euroclear”) and/or Clearstream Banking S.A. (“Clearstream, Luxembourg”), each person who is for the time being shown in the records of Euroclear and/or Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes

save in the case of manifest error) shall be treated by the Issuer and any Paying Agent as the holder of such nominal amount of Notes for all purposes other than with respect to payments on the Notes for which purpose the bearer of the relevant global Bearer Note or the registered holder of the relevant global Registered Note shall be treated by the Issuer and any Paying Agent as the holder of such Notes in accordance with and subject to the terms of the relevant global Note and the terms “Noteholder” and “holder of Notes” and related expressions shall be construed accordingly.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, except in the preceding paragraph and in Condition 16, wherever the context so permits, be deemed to include a reference to any additional or alternative clearance system specified in the applicable Pricing Supplement or as may otherwise be approved by the Issuer and the Principal Paying Agent.

Notes which are represented by a global Note held on behalf of Euroclear and/or Clearstream, Luxembourg will only be transferable in accordance with the rules and procedures for the time being of Euroclear and/or Clearstream, Luxembourg, as the case may be.

A beneficial interest in a global Registered Note will, subject to compliance with all applicable legal and regulatory restrictions, be transferable for definitive Registered Notes or for a beneficial interest in another global Registered Note only in the authorised denominations set out in the applicable Pricing Supplement and only in accordance with the rules and operating procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Agency Agreement.
- (b) A definitive Registered Note may be transferred in whole or in part (in the nominal amount of the lowest Specified Denomination or any integral multiple thereof) by the deposit by the transferor of the definitive Registered Note for registration of the transfer at the specified office of a Transfer Agent with the form of transfer endorsed on the definitive Registered Note duly completed and executed by or on behalf of the transferor and upon the relevant Transfer Agent (after due and careful enquiry) being satisfied with the documents of title and the identity of the person making the request and subject to such reasonable regulations as the Issuer and the Registrar may prescribe. Subject as provided above, the relevant Transfer Agent will, within fourteen days of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), deliver at its specified office to the transferee or (at the risk of the transferee) send by mail to such address as the transferee may request a new definitive Registered Note of a like aggregate nominal amount to the definitive Registered Note (or the relevant part of the definitive Registered Note) transferred. In the case of the transfer of part only of a definitive Registered Note, a new definitive Registered Note in respect of the balance of the definitive Registered Note not transferred will be so delivered or (at the risk of the transferor) sent to the transferor.

- (i) register the transfer of any definitive Registered Note, or part of a definitive Registered Note, called for partial redemption; or

- (d) Noteholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than at the specified office of a Transfer Agent or by regular mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.
- (e) The names of the initial Registrar and other initial Transfer Agents and their initial specified offices in respect of this Series of Notes are set out at the end of these Conditions. The Issuer reserves the right at any time to vary or terminate the appointment of the Registrar or any other Transfer Agent and to appoint another Registrar or additional or other Transfer Agents. Notice of any termination or appointment and of any changes in specified offices will be given to the holders of the Notes of this Series promptly by the Issuer in accordance with Condition 16.

3 Status of the Notes and Subordination

(a) Status of the Unsubordinated Notes

6 Commonwealth Bank of Australia | Media Release 196/2026 | ACN 123 123 124
Commonwealth Bank Place South, Level 1, 11 Harbour Street, Sydney NSW 2000

If the Notes of this Series are Unsubordinated Notes, the Notes of this Series and the relative Coupons (if any) are direct, unconditional, unsubordinated and unsecured obligations of the Issuer and will rank equally among themselves and equally with the Issuer's other present and future unsecured and unsubordinated obligations (except for certain debts that are required to be preferred by applicable law).

Changes to applicable laws may extend the debts required to be preferred by law.

The applicable laws include (but are not limited to) sections 13A and 16 of the Banking Act 1959 of the Commonwealth of Australia (the "Banking Act") and section 86 of the Reserve Bank Act 1959 of the Commonwealth of Australia (the "Reserve Bank Act"). These provisions provide that in the event that the Issuer becomes unable to meet its obligations or suspends payment, its assets in Australia are to be available to meet its liabilities to, among others, the Australian Prudential Regulation Authority, the Reserve Bank of Australia and holders of protected accounts held in Australia, in priority to all other liabilities, including the Notes.

The Notes of this Series are not protected accounts or deposit liabilities of the Issuer for the purposes of the Banking Act and are not insured or guaranteed by the Australian Government or any governmental agency of Australia, including but not limited to the Financial Claims Scheme, or any other governmental agency of any other jurisdiction or by any other party.

(b) **Status and Subordination of the Subordinated Notes**

(1) If the Notes of this Series are Subordinated Notes, the Notes of this Series and the relative Coupons (if any) are direct, subordinated and unsecured obligations of the Issuer.

(2) Claims in respect of the Notes of this Series shall rank in a winding up of the Issuer:

- (A) after the claims in respect of Senior Ranking Obligations including claims preferred by applicable laws;
- (B) equally among themselves and with claims in respect of Equal Ranking Securities; and
- (C) ahead of all claims in respect of Junior Ranking Securities including claims referred to in sections 563AA and 563A of the Corporations Act.

The applicable laws referred to above include (but are not limited to) sections 13A and 16 of the Banking Act and section 86 of the Reserve Bank Act. These provisions provide that, in the event that the Issuer becomes unable to meet its obligations or suspends payment, its assets in Australia are to be available to meet its liabilities to, among others, the Australian Prudential Regulation Authority ("APRA"), the Reserve Bank of Australia and holders of protected accounts held in Australia, in priority to all other liabilities, including the Notes of this Series.

Changes to applicable laws may extend the debts required to be preferred by law. The Notes of this Series are not protected accounts or deposit liabilities of the Issuer for the purposes of the Banking Act and are not insured or guaranteed by the Australian Government or any governmental agency of Australia, including but not limited to the Financial Claims Scheme, or any other governmental agency of any other jurisdiction or by any other party.

(3) In a winding up of the Issuer, payments on each Note of this Series are subject to:

- (A) all holders of Senior Ranking Obligations being paid in full before any payment is made to Noteholders; and
- (B) Noteholders and holders of Equal Ranking Securities being paid on a pro-rata basis.

(4) Each Noteholder irrevocably acknowledges and agrees that:

- (A) this Condition 3(b) is a debt subordination for the purposes of section 563C of the Corporations Act;
- (B) the debt subordination is not affected by any act or omission of the Issuer, or of any holder of Senior Ranking Obligations, which might otherwise affect Noteholders at law or in equity;
- (C) a Noteholder must not exercise its voting rights as an unsecured creditor in the winding up or administration of the Issuer in respect of the Notes of this Series to defeat the subordination in this Condition 3(b); and
- (D) a Noteholder must pay or deliver to the liquidator any amount or asset received on account of its claim in the winding up in excess of its entitlement under this Condition 3(b).

- (5) For the avoidance of doubt, but subject to Condition 21(c), if a Non-Viability Trigger Event has occurred, the Noteholders will rank in a winding up of the Issuer as holders of the number of Ordinary Shares to which they became entitled under Condition 21(a).
- (6) To the maximum extent permitted by applicable law, the Notes are not subject to netting and, without limitation, none of the Issuer, any Noteholder or any person claiming through any of them has any right of set-off in respect of any amounts owed by one person to the other person.
- (7) For the purposes of these Conditions, a “winding up” will not occur solely by reason of (i) an application to wind up being made or (ii) the appointment of a receiver, administrator or official with similar powers under section 13A(1) of the Banking Act.

4 [This Condition is no longer applicable]

5 Interest

(a) Interest on Fixed Rate Notes

- (1) Each Fixed Rate Note bears interest from and including the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest specified in the applicable Pricing Supplement.

Interest will accrue in respect of each Fixed Interest Period. In these Conditions “Fixed Interest Period” means the period from (and including) an Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

Fixed Interest Periods shall be adjusted (“Adjusted Fixed Rate Notes”) or unadjusted (“Unadjusted Fixed Rate Notes”) as specified in the applicable Pricing Supplement. In the case of Adjusted Fixed Rate Notes, a Business Day Convention shall also be specified in the applicable Pricing Supplement and (where applicable) Interest Payment Dates shall be postponed or brought forward, as the case may be, in accordance with Condition 5(d)(ii).

In the case of Unadjusted Fixed Rate Notes, if the Notes are Bearer Notes in definitive form and if Fixed Coupon Amount is specified in the applicable Pricing Supplement, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount or the Broken Amount (if any) so specified.

Interest will be paid subject to and in accordance with the provisions of Condition 7 (unless otherwise specified in the applicable Pricing Supplement). Interest will cease to accrue on each Fixed Rate Note (or, in the case of the redemption of part only of a Fixed Rate Note, that part only of such Note) on the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused, in which event interest will continue to accrue (as well after as before any judgment) until, but excluding, whichever is the earlier of (A) the day on which all sums due in respect of such Fixed Rate Note up to that day are received by or on behalf of the holder of such Fixed Rate Note and (B) the day which is seven days after the date on which the Principal Paying Agent has notified the holder in accordance with Condition 16 that it has received all sums due in respect thereof up to that date.

The Fixed Coupon Amount will not be applicable in the case of Subordinated Notes.

- (2) Except in the case of Unadjusted Fixed Rate Notes which are Bearer Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount, is specified in the applicable Pricing Supplement, the Principal Paying Agent will calculate the amount of interest (the “Interest Amount”) payable in respect of any period by applying the Rate of Interest to:

(A) in the case of Fixed Rate Notes which are (i) represented by a Global Note or (ii) Registered Notes in definitive form (including Subordinated Notes, which must be Registered Notes), the aggregate Outstanding Principal Amount of (A) the Notes represented by such Global Note or (B) such Registered Notes, unless in each case “Calculation to be on a Calculation Amount Basis” is specified as being applicable in the applicable Pricing Supplement in which case the Rate of Interest shall be applied to the Calculation Amount; or

(B) in the case of Fixed Rate Notes which are Bearer Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction.

The resultant figure (including after application of any Fixed Coupon Amount or Broken Amount, as applicable, to the Calculation Amount in the case of Fixed Rate Notes which are Bearer Notes in definitive form) shall be rounded to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination or, in the case of Subordinated Notes, the Outstanding Principal Amount of a Fixed Rate Note which is:

- (i) a Bearer Note in definitive form; or
- (ii) (A) represented by a Global Note or (B) a Registered Note in definitive form, where in each case “Calculation to be on a Calculation Amount Basis” is specified as being applicable in the applicable Pricing Supplement,

is a multiple of the Calculation Amount (as calculated, in the case of Subordinated Notes, as of the applicable date), the amount of interest payable in respect of such Bearer Note or such Global Note or Registered Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination or such Outstanding Principal Amount, without any further rounding.

The calculation of each Interest Amount by the Principal Paying Agent shall (in the absence of manifest error) be final and binding upon all parties.

In this Condition 5(a), “Day Count Fraction” has the meaning given to it in Condition 5(d).

In these Conditions:

“Outstanding Principal Amount” has the meaning given in Condition 22(m); and

“sub-unit” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) **Interest on Fixed Reset Notes**

Each Fixed Reset Note bears interest:

- (A) from (and including) the Interest Commencement Date to (but excluding) the Reset Date at the rate per annum equal to the Initial Interest Rate; and
- (B) from (and including) the Reset Date to (but excluding) the Maturity Date (the “Reset Period”) at the rate per annum equal to the Reset Rate,

(in each case rounded if necessary to the fifth decimal place, with 0.000005 being rounded up to 0.00001) (each a “Rate of Interest”) payable, in each case, in arrear on the Interest Payment Date(s) in each year up to and including the Maturity Date.

For the purposes of any determination by the Principal Paying Agent of the Rate of Interest for a Reset Period in accordance with this Condition 5(b), the relevant provisions of Condition 5(c) shall apply, as applicable, as if the Fixed Reset Notes were Floating Rate Notes. The Rate of Interest for each Reset Period shall otherwise be determined by the Principal Paying Agent on the Reset Determination Date in accordance with the provisions of this Condition 5(b). Other than in respect of determining the Rate of Interest for a Reset Period, the relevant provisions of Condition 5(a) shall apply to Fixed Reset Notes, as applicable, as if the Fixed Reset Notes were Fixed Rate Notes.

In these Conditions:

“Reset Rate” means the sum of the Reset Margin and the Reset Reference Rate for the Reset Period (which rate if not calculated on the basis of a Reset Reference Rate with the same frequency of payments, shall be converted in accordance with market convention to a rate with the frequency with which scheduled interest payments are payable on the Fixed Reset Notes or, if market convention is for the Reset Reference Rate first to be so converted, the Reset Reference Rate for the purposes of determining the Reset Rate shall be the Reset Reference Rate as so converted without any further such conversion).

If the Reset Reference Rate specified in the applicable Pricing Supplement is the Mid-Swap Rate, unless otherwise specified in the applicable Pricing Supplement:

“Mid-Swap Rate” means the rate for the Reset Date of, in the case of semi-annual or annual Interest Payment Dates, the semi-annual or annual swap rate, respectively for swap transactions in the Specified Currency maturing on the last day of the Reset Period, expressed as a percentage, which appears on the Relevant Screen Page as of approximately the Specified Time in the Specified Financial Centre on the Reset Determination Date. If such rate does not appear on the Relevant Screen Page, the Mid-Swap Rate for the Reset Date will be the Reset Reference Bank Rate for the Reset Period;

“Reference Banks” means five leading swap dealers in the interbank market for swap transactions in the Specified Currency with an equivalent maturity to the Reset Period as selected by the Issuer;

“Relevant Screen Page” means the display page on the relevant service as specified in the applicable Pricing Supplement or such other page as may replace it on that information service, or on such other equivalent information service as determined by the Principal Paying Agent, for the purpose of displaying equivalent or comparable rates to the relevant swap rates for swap transactions in the Specified Currency with an equivalent maturity to the Reset Period;

“Representative Amount” means an amount that is representative for a single transaction in the relevant market at the relevant time;

“Reset Period Mid-Swap Rate Quotations” means the bid and offered rates for the semi-annual or annual, as applicable, fixed leg (calculated on the day count basis customary for fixed rate payments in the Specified Currency), of a fixed-for-floating interest rate swap transaction in the Specified Currency with a term equal to the Reset Period commencing on the Reset Date and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg (in each case calculated on the day count basis customary for floating rate payments in the Specified Currency), is equivalent to the Rate of Interest that would apply in respect of the Notes if the Notes were Floating Rate Notes and the Reference Rate was the Floating Leg Reference Rate and the Relevant Screen Page was the Floating Leg Screen Page; and

“Reset Reference Bank Rate” means the percentage determined on the basis of the arithmetic mean of the Reset Period Mid-Swap Rate Quotations provided by the Reference Banks at approximately Specified Time in the Specified Financial Centre on the Reset Determination Date. The Issuer will request the principal office of each of the Reference Banks to provide a quotation of its rate to the Principal Paying Agent. If at least three quotations are provided, the rate for the Reset Date will be the arithmetic mean of the quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest). If only two quotations are provided, it will be the arithmetic mean of the quotations provided. If only one quotation is provided, it will be the quotation provided. If no quotations are provided, the Mid-Swap Rate will be the Initial Mid-Swap Rate.

If the Reset Reference Rate specified in the applicable Pricing Supplement is the Reset Reference Bond Rate, unless otherwise specified in the applicable Pricing Supplement:

(c) **Interest on Floating Rate Notes and Index Linked Interest Notes**

The provisions of this Condition 5(c) relating to Index Linked Interest Notes only apply to Unsubordinated Notes.

(1) *Interest Payment Dates*

Each Floating Rate Note and Index Linked Interest Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Pricing Supplement; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Pricing Supplement, each date (each such date, together with each Specified Interest Payment Date, an “Interest Payment Date”) which falls the number of months or other period specified as the Specified Period in the applicable Pricing Supplement after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each period from and including an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date or the relevant payment date if the Notes become payable on a date other than an Interest Payment Date (each such period, a “Floating Interest Period” and, together with a Fixed Interest Period and a Dual Currency Interest Period (as defined below), each an “Interest Period”).

(2) *Interest Payments and Accrual*

Interest will be paid subject to and in accordance with the provisions of Condition 7 (unless otherwise specified in the applicable Pricing Supplement). Interest will cease to accrue on each Floating Rate Note or Index Linked Interest Note (or, in the case of the redemption of part only of a Floating Rate Note or Index Linked Interest Note, that part only of such Note) on the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused, in which event interest will continue to accrue (as well after as before any judgement) until, but excluding, whichever is the earlier of (A) the day on which all sums due in respect of such Floating Rate Note or Index Linked Interest Note up to that day are received by or on behalf of the holder of such Floating Rate Note or Index Linked Interest Note and (B) the day which is seven days after the date on which the Principal Paying Agent has notified the holder in accordance with Condition 16 that it has received all sums due in respect thereof up to that date.

(3) *Rate of Interest and Interest Amount*

The Rate of Interest payable from time to time in respect of each Floating Rate Note and the Rate of Interest and/or the Interest Amount payable from time to time in respect of each Index Linked Interest Note will be determined in the manner specified in the applicable Pricing Supplement.

(4) *Floating Rate Notes referencing EURIBOR, CNH HIBOR, HIBOR or NIBOR*

Where the “Reference Rate” for the manner in which the Rate of Interest is to be determined is specified in the applicable Pricing Supplement as being “EURIBOR”, “CNH HIBOR”, “HIBOR” or “NIBOR”, the Rate of Interest for a Floating Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being EURIBOR, CNH HIBOR, HIBOR or NIBOR, as specified in the applicable Pricing Supplement) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at the Specified Time in the Relevant Financial Centre on the Interest Determination Date in question plus or minus (as indicated in the applicable Pricing Supplement) the Margin (if any), all as determined by the Principal Paying Agent or the Calculation Agent, as applicable. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent or the Calculation Agent, as applicable, for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

In the event that the Relevant Screen Page is not available or if, in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the Specified Time, the Issuer shall request each of the Reference Banks (as defined below) to provide the Principal Paying Agent or the Calculation Agent, as applicable, with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Principal Paying Agent or the Calculation Agent, as applicable, with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Principal Paying Agent or the Calculation Agent, as applicable.

The "Reserve Interest Rate" shall be the rate per annum which the Principal Paying Agent or the Calculation Agent, as applicable, determines to be either (i) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (at the request of the Issuer) the Principal Paying Agent or the Calculation Agent, as applicable, by the Reference Banks or any two or more of them, at which such banks offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or the Hong Kong inter-bank market (if the Reference Rate is CNH HIBOR or HIBOR) or the Oslo inter-bank market (if the Reference Rate is NIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Principal Paying Agent or the Calculation Agent, as applicable, with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the purpose) informs the Principal Paying Agent or the Calculation Agent, as applicable, it is quoting to leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or the Hong Kong inter-bank market (if the Reference Rate is CNH HIBOR or HIBOR) or the Oslo inter-bank market (if the Reference Rate is NIBOR) plus or minus (as appropriate) the Margin (if any), or (ii) in the event that the Principal Paying Agent or the Calculation Agent, as applicable, can determine no such arithmetic mean, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Floating Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Floating Interest Period in place of the Margin relating to that last preceding Floating Interest Period).

In this Condition 5(c)(4):

(II) *SORA Benchmark Replacement*

The SORA Benchmark Replacement determined by the Independent Adviser or the Issuer (in the circumstances set out in Condition 5(c)(4C)(C)(I) above) shall (subject to adjustment as provided in Condition 5(c)(4C)(C)(III) below) subsequently be used in place of the Original SORA Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of these provisions).

Amendments not increasing the obligations or duties, or decreasing the rights or protections, of the Principal Paying Agent or the Calculation Agent, as applicable, in these Conditions and/or the Agency Agreement unless agreed between the Issuer and the Principal Paying Agent or the Calculation Agent, as applicable.

Subject as provided above, the Principal Paying Agent shall, at the direction and expense of the Issuer, effect such consequential amendments to the Agency Agreement and these Conditions as may be required in order to give effect to this paragraph (iv). Noteholders' consent shall not be required in connection with effecting the SORA Benchmark Replacement or such other changes, including for the execution of any documents or other steps by, the Principal Paying Agent or the Calculation Agent, as applicable.

Notwithstanding any other provision of this Condition 5(c)(4C), no SORA Benchmark Replacement and SORA Adjustment Spread shall be adopted and none of the above amendments to the terms and conditions of any Series of Notes shall be made if and to the extent that (a) in the determination of the Issuer, the same could reasonably be expected to prejudice the treatment of any relevant Series of Subordinated Notes as Tier 2 Capital or (b) APRA has not given its prior written approval. Approval is at the discretion of APRA and may or may not be given.

In connection with any such variation in accordance with this Condition 5(c)(4C)(C)(IV), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

Such notice shall be irrevocable and shall specify the effective date of the SORA Benchmark Amendments, if any.

(VI) *Survival of Original Reference Rate*

Without prejudice to the obligations of the Issuer under Conditions 5(c)(4C)(C)(I), (II), (III) and (IV) above, the Original SORA Reference Rate and the fallback provisions provided for in the provisions for the calculation of Compounded Daily SORA above will continue to apply unless and until the Principal Paying Agent or the Calculation Agent, as applicable, has been notified of the SORA Benchmark Replacement, and any SORA Adjustment Spread and SORA Benchmark Amendments, in accordance with Condition 5(c)(4C)(C)(V) above.

(C) *CORRA Index Cessation Event*

If a CORRA Index Cessation Effective Date occurs with respect to CORRA, the Rate of Interest for an Interest Determination Date which occurs on or after such CORRA Index Cessation Effective Date will be the CAD Recommended Rate, to which the CORRA Benchmark Replacement Agent will apply the most recently published spread and make such adjustments as are necessary to account for any difference in the term, structure or tenor of the CAD Recommended Rate in comparison to CORRA.

If there is a CAD Recommended Rate before the end of the first Bank of Canada Business Day following the CORRA Index Cessation Effective Date with respect to CORRA, but neither the CORRA Reference Rate Administrator nor authorised distributors provide or publish the CAD Recommended Rate and a CORRA Index Cessation Effective Date with respect to the CAD Recommended Rate has not occurred, then, in respect of any day for which the CAD Recommended Rate is required, references to the CAD Recommended Rate will be deemed to be references to the last provided or published CAD Recommended Rate.

If (a) there is no CAD Recommended Rate before the end of the first Bank of Canada Business Day following the CORRA Index Cessation Effective Date with respect to CORRA, or (b) there is a CAD Recommended Rate and a CORRA Index Cessation Effective Date subsequently occurs with respect to the CAD Recommended Rate, the Rate of Interest for an Interest Determination Date which occurs on or after such applicable CORRA Index Cessation Effective Date will be the BOC Target Rate, to which the CORRA Benchmark Replacement Agent will apply the most recently published spread and make such adjustments as are necessary to account for any difference in the term, structure or tenor of the BOC Target Rate in comparison to CORRA.

In respect of any day for which the BOC Target Rate is required, references to the BOC Target Rate will be deemed to be references to the last provided or published BOC Target Rate as of the close of business in Toronto on that day.

In connection with the implementation of an Applicable Rate, the CORRA Benchmark Replacement Agent may, in consultation with the Issuer, make such adjustments to the Applicable Rate or the spread thereon, if any, as well as the Business Day Convention, the calendar day count convention, Interest Determination Dates, and related provisions and definitions (including observation dates for reference rates), in each case as are consistent with accepted market practice for the use of the Applicable Rate for debt obligations such as the Notes in such circumstances, and the Issuer and the Principal Paying Agent and/or the Calculation Agent, as applicable, shall agree without any requirement for the consent or approval of Noteholders to the necessary modifications to these Conditions and/or the Agency Agreement to give effect to such adjustment, subject to the Issuer having to give notice thereof to the Noteholders in accordance with Condition 16 and any such adjustments not increasing the obligations or duties, or decreasing the rights or protections, of the Principal Paying Agent or the Calculation Agent, as applicable, in these Conditions and/or the Agency Agreement unless agreed between the Issuer and the Principal Paying Agent or the Calculation Agent, as applicable.

Any determination, decision or election that may be made by the Issuer or the CORRA Benchmark Replacement Agent, as applicable, in relation to the Applicable Rate, including any determination with respect to an adjustment or the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection (i) will be conclusive and binding, absent manifest error, (ii) if made by the Issuer, will be made in the sole discretion of the Issuer, or, as applicable, if made by the CORRA Benchmark Replacement Agent will be made after consultation with the Issuer and the CORRA Benchmark Replacement Agent will not make any such determination, decision or election to which the Issuer objects and will have no liability for not making any such determination, decision or election, and (iii) shall become effective without consent from the holders of the Notes or any other party.

Notwithstanding any other provision of this Condition 5, if in the Principal Paying Agent's or Calculation Agent's opinion, as applicable, there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 5, the Principal Paying Agent or Calculation Agent, as applicable, shall promptly notify the Issuer thereof and the Issuer shall direct the Principal Paying Agent or Calculation Agent, as applicable, in writing as to which alternative course of

action to adopt. If the Principal Paying Agent or Calculation Agent, as applicable, is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer thereof and the Principal Paying Agent or Calculation Agent, as applicable, shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.

Notwithstanding any other provision of this Condition 5(c)(4D), no alternative Applicable Rate shall be implemented or any adjustment to the Applicable Rate or the spread thereon or any of the above amendments to the terms and conditions of any Series of Notes shall be made if and to the extent that (a) in the determination of the Issuer, the same could reasonably be expected to prejudice the treatment of any relevant Series of Subordinated Notes as Tier 2 Capital or (b) APRA has not given its prior written approval. Approval is at the discretion of APRA and may or may not be given.

 - (b) if the Recommending Body has not recommended such a spread, formula or methodology as described in clause (a) above, to be applied to such Recommended Replacement Rate in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the Swiss Average Rate Overnight with such Recommended Replacement Rate for purposes of determining SARON, which spread will be determined by the Principal Paying Agent or the Calculation Agent, as applicable, acting in good faith and a commercially reasonable manner, and be consistent with industry-accepted practices for fixed income securities with respect to which such Recommended Replacement Rate has replaced the Swiss Average Rate Overnight as the reference rate for purposes of determining the applicable rate of interest thereon;

“Recommended Replacement Rate” means the rate that has been recommended as the replacement for the Swiss Average Rate Overnight by any working group or committee in Switzerland organised in the same or a similar manner as the National Working Group on Swiss Franc Reference Rates that was founded in 2013 for purposes of, among other things, considering proposals to reform reference interest rates in Switzerland (any such working group or committee, the “Recommending Body”);

 - (y) if there is no Recommended Replacement Rate within one Zurich Banking Day of the SARON Index Cessation Effective Date, the policy rate of the Swiss National Bank (the “SNB Policy Rate”) for such Zurich Banking Day, giving effect to the SNB Adjustment Spread, if any.

Notwithstanding the above, if the SNB Policy Rate for any Zurich Banking Day with respect to which SARON is to be determined pursuant to sub-clause (c)(y) above has not been published on such Zurich Banking Day, then in respect of such Zurich Banking Day (the “Affected Zurich Banking Day”) and each

Zurich Banking Day thereafter, SARON will be replaced by the Replacement Rate, if any, determined in accordance with Condition 5(c)(4I)(F) for purposes of determining the Rate of Interest;

“SARON Administrator” means SIX Index AG (including any successor thereto) or any successor administrator of the Swiss Average Rate Overnight;

- (b) in the case of the occurrence of a SARON Index Cessation Event described in sub-clause (b)(x) of the definition thereof, the latest of:
 - (x) the date of such statement or publication;
 - (y) the date, if any, specified in such statement or publication as the date on which the Swiss Average Rate Overnight will no longer be representative; and
 - (z) if a SARON Index Cessation Event described in sub-clause (b)(y) of the definition thereof has occurred on or prior to either or both dates specified in sub-clauses (x) and (y) of this clause (b), the date as of which the Swiss Average Rate Overnight may no longer be used; and

“SARON Index Cessation Event” means the occurrence of one or more of the following events:

- (a) a public statement or publication of information by or on behalf of the SARON Administrator, or by any competent authority, announcing or confirming that the SARON Administrator has ceased or will cease to provide the Swiss Average Rate Overnight permanently or indefinitely, *provided* that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Swiss Average Rate Overnight; or
- (b) a public statement or publication of information by the SARON Administrator or any competent authority announcing that (x) the Swiss Average Rate Overnight is no longer representative or will as of a certain date no longer be representative, or (y) the Swiss Average Rate Overnight may no longer be used after a certain date, which statement, in the case of sub-clause (y), is applicable to (but not necessarily limited to) fixed income securities and derivatives;

“SNB Adjustment Spread” means, with respect to the SNB Policy Rate, the spread to be applied to the SNB Policy Rate in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the Swiss Average Rate Overnight with the SNB Policy Rate for purposes of determining SARON, which spread will be determined by the Principal Paying Agent or the Calculation Agent, as applicable, acting in good faith and a commercially reasonable manner, taking into account the historical median between the Swiss Average Rate Overnight and the SNB Policy Rate during the two year period ending on the date on which the SARON Index Cessation Event occurred (or, if more than one SARON Index Cessation Event has occurred, the date on which the first of such events occurred);

“Specified Time” means, in respect of any Zurich Banking Day, close of trading on the trading platform of SIX Repo AG (or any successor thereto) on such Zurich Banking Day, which is expected to be on or around 6.00 p.m. (Zurich time); and

- (E) Unless the Issuer has elected to redeem the Notes in accordance with Condition 6 and the date fixed for redemption falls on or prior to the Replacement Rate Agent Appointment Cut-Off Date (as defined below), the Issuer will appoint a Replacement Rate Agent on or prior to the first Zurich Banking Day (x) with respect to which SARON is to be determined pursuant to clause (c) of the definition of SARON and (y) for which the SNB Policy Rate has not been published thereon (such Zurich Banking Day, the “Replacement Rate Agent Appointment Cut-Off Date”). The Issuer may appoint an affiliate of the Issuer or any other person as Replacement Rate Agent, so long as such affiliate or other person is a leading bank or financial institution that is experienced in the calculations and determinations to be made by the Replacement Rate Agent under this Condition 5(c)(4I). The Issuer will notify the Noteholders of any such appointment in accordance with Condition 16.
- (F) If the conditions set out in the last paragraph of the definition of SARON have been satisfied, then the Replacement Rate Agent will determine whether to use an alternative rate to SARON for the Affected Zurich Banking Day and for all subsequent Zurich Banking Days in the SARON Observation Period in which the Affected Zurich Banking Day falls (the “Affected SARON Observation Period”) and all SARON Observation Periods thereafter. If the Replacement Rate Agent determines to use an alternative rate

pursuant to the immediately preceding sentence, it shall select such rate that it has determined is most comparable to the Swiss Average Rate Overnight (the “Existing Rate”), provided that if it determines that there is an appropriate industry-accepted successor rate to the Existing Rate, it shall use such industry-accepted successor rate. If the Replacement Rate Agent has determined an alternative rate in accordance with the foregoing (such rate, the “Replacement Rate”), for purposes of determining the Rate of Interest, (i) the Replacement Rate Agent shall determine (A) the method for obtaining the Replacement Rate (including any alternative method for determining the Replacement Rate if such alternative rate is unavailable on the relevant Interest Determination Date), which method shall be consistent with industry-accepted practices for the Replacement Rate, and (B) any adjustment factor as may be necessary in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the Existing Rate with the Replacement Rate, which adjustment factor shall be consistent with any industry-accepted practices where the Replacement Rate has replaced the Existing Rate for floating rate notes denominated in Swiss francs at such time, (ii) for the Affected Zurich Banking Day and all subsequent Zurich Banking Days in the Affected SARON Observation Period and all SARON Observation Periods thereafter, references to SARON in the Conditions shall be deemed to be references to the Replacement Rate, including any alternative method for determining such rate and any adjustment factor as described in sub-clause (i) above, (iii) if the Replacement Rate Agent determines that (x) changes to the definitions of Business Day, Business Day Convention, Day Count Fraction, Interest Determination Date, Interest Payment Date, Floating Interest Period, SARON, SARON Observation Period, Specified Time or Zurich Banking Day, and/or (y) any other technical changes to any other provision in this Condition 5(c)(4I) are necessary in order to implement the Replacement Rate as SARON (including any alternative method for determining such rate and any adjustment factor described in sub-clause (x) or (y), respectively, above) in a manner substantially consistent with market practice (or, if the Replacement Rate Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Replacement Rate Agent determines that no market practice for use of the Replacement Rate exists, in such other manner as the Replacement Rate Agent determines is reasonably necessary), then the Issuer and the Principal Agent and/or the Calculation Agent, as applicable, shall agree without any requirement for the consent or approval of Noteholders to the necessary amendments to these Conditions to reflect such changes, and (iv) the Issuer shall give notice as soon as practicable to the Principal Paying Agent, the Calculation Agent and, in accordance with Condition 16, the Noteholders, specifying the Replacement Rate, as well as the details described in sub-clause (i) above, and the amendments implemented pursuant to this Condition 5(c)(4I)(F). Any determination to be made by the Replacement Rate Agent pursuant to this Condition 5(c)(4I), including any determination with respect to a rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, will be made in the sole discretion of the Replacement Rate Agent acting in good faith and in a commercially reasonable manner.

(5) *Minimum and/or Maximum Rate of Interest*

This Condition 5(c)(5) only applies to Unsubordinated Notes.

If the applicable Pricing Supplement specifies a minimum Rate of Interest for any Floating Interest Period, then, in the event that the Rate of Interest in respect of any such Floating Interest Period determined in accordance with the above provisions is less than such minimum Rate of Interest, the Rate of Interest for such Floating Interest Period shall be such minimum Rate of Interest. If the applicable Pricing Supplement specifies a maximum Rate of Interest for any Floating Interest Period, then, in the event that the Rate of Interest in respect of any such Floating Interest Period determined in accordance with the above provisions is greater than such maximum Rate of Interest, the Rate of Interest for such Floating Interest Period shall be the maximum Rate of Interest.

Unless otherwise stated in the applicable Pricing Supplement, the minimum Rate of Interest shall be deemed to be zero.

(6) *Business Day, Interest Determination Date and Relevant Screen Page*

- (i) In this Condition, “Business Day” has the meaning given to it in Condition 5(d).
- (ii) In this Condition, “Interest Determination Date” has the meaning set out in this Condition, as applicable, and as specified in the applicable Pricing Supplement.

- (iii) In this Condition, “Relevant Screen Page” has the meaning set out in this Condition, as applicable, and the applicable Pricing Supplement.

(7) *Determination of Rate of Interest and Calculation of Interest Amount*

The Principal Paying Agent or the Calculation Agent, as applicable, will, as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest and/or calculate the Interest Amount payable on the Floating Rate Notes or Index Linked Notes for the relevant Floating Interest Period as soon as practicable after calculating the same.

Unless otherwise specified in the applicable Pricing Supplement, the Interest Amount payable on the Floating Rate Notes or Index Linked Interest Notes for the relevant Floating Interest Period will be calculated by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes or Index Linked Interest Notes which are (i) represented by a Global Note or (ii) Registered Notes in definitive form (including Subordinated Notes, which must be Registered Notes), the aggregate Outstanding Principal Amount of (A) the Notes represented by such Global Note or (B) such Registered Notes, in each case, unless “Calculation to be on a Calculation Amount Basis” is specified as being applicable in the applicable Pricing Supplement in which case the Rate of Interest shall be applied to the Calculation Amount; or
- (B) in the case of Floating Rate Notes or Index Linked Interest Notes which are Bearer Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination or, in the case of Subordinated Notes, the Outstanding Principal Amount of a Floating Rate Note or an Index-Linked Note which is:

- (i) a Bearer Note in definitive form; or
- (ii) (A) represented by a Global Note or (B) a Registered Note in definitive form, where in each case, “Calculation to be on a Calculation Amount Basis” is specified as being applicable in the applicable Pricing Supplement,

is a multiple of the Calculation Amount (as calculated, in the case of Subordinated Notes, as of the applicable date), the Interest Amount payable in respect of such Bearer Note or such Global Note or Registered Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination or such Outstanding Principal Amount, without any further rounding.

The determination of the Rate of Interest and calculation of each Interest Amount by the Principal Paying Agent or the Calculation Agent, as applicable, shall (in the absence of manifest error) be final and binding upon all parties.

(8) *Notification of Rate of Interest and Interest Amount*

The Principal Paying Agent or the Calculation Agent, as applicable, will cause the Rate of Interest and the Interest Amount for each Floating Interest Period and the relevant Interest Payment Date to be notified, other than where the Reference Rate is specified in the applicable Pricing Supplement as being “BKBM”, “BBSW”, “Compounded Daily SONIA”, “Compounded Daily SOFR”, “Compounded Daily SORA”, “SARON Compounded”, “Compounded Daily CORRA”, “Compounded Daily TONA” or “€STR” to the Issuer and, in the case of Floating Rate Notes or Index Linked Interest Notes which are listed on a stock exchange, that stock exchange as soon as possible but in any event not later than the second Business Day after their determination and will cause notice of such information to be given to the holders of the Notes of this Series in accordance with Condition 16 not later than the fourth Business Day after their determination and, in the case of Floating Rate Notes referencing BKBM, BBSW, Compounded Daily SONIA, Compounded Daily SOFR, Compounded Daily SORA, SARON Compounded, Compounded Daily CORRA, Compounded Daily TONA or “€STR”, in the case of notice to each of the Issuer, any stock exchange and in accordance with Condition 16 as provided above, the Principal Paying Agent or the Calculation Agent, as applicable, will cause such notice to be given as soon as possible after the determination of the relevant Rate of Interest and Interest Amount, and no later than the second Business Day after their determination. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notification as aforesaid in the event of an extension or shortening

of the Floating Interest Period. Any such amendment will be promptly notified to any stock exchange on which the Notes affected thereby are for the time being listed.

(9) *Notifications, etc. to be final*

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of these Conditions by the Principal Paying Agent or the Calculation Agent will (in the absence of default, bad faith or manifest error by them or any of their directors, officers, employees or agents) be binding on the Issuer, the Principal Paying Agent, the Calculation Agent, the Paying Agents and all holders of the Notes of this Series and Coupons relating thereto and (in the absence of any default, bad faith or manifest error as referred to above) no liability to the Issuer or the holders of the Notes of this Series and Coupons relating thereto shall attach to the Principal Paying Agent or the Calculation Agent in connection with the exercise or non-exercise by them of their powers, duties and discretions under this Condition.

(10) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of a Floating Interest Period in the applicable Pricing Supplement, the Rate of Interest for such Floating Interest Period shall be calculated by the Principal Paying Agent or the Calculation Agent, as applicable, by straight line linear interpolation by reference to two rates based on the relevant Reference Rate, one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Floating Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Floating Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Principal Paying Agent or the Calculation Agent, as applicable, shall determine such rate at such time and by reference to such sources as it determines appropriate.

“Designated Maturity” means the period of time designated in the Reference Rate.

- (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year; and
- (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year;

If a Business Day Convention is specified in the applicable Pricing Supplement and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then if the Business Day Convention specified is:

- (1) in the case where a Specified Period is specified in accordance with Condition 5(c)(1)(B) above, the Floating Rate Convention, such Interest Payment Date (A) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (b) below shall apply mutatis mutandis or (B) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (a) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (b) each subsequent Interest Payment Date (or other date) shall be the last Business Day in the month which falls in the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or

This Condition 5(e) only applies to Unsubordinated Notes.

Where a Zero Coupon Note becomes due and repayable prior to the Maturity Date and is not paid when due, the amount due and repayable shall be the Amortised Face Amount of such Note as determined in accordance with Condition 6(g). As from the Maturity Date any overdue principal of such Note shall bear interest at a rate per annum equal to the Accrual Yield. Such interest shall continue to accrue (as well after as before any judgment) until whichever is the earlier of (A) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the holder of such Note and (B) the day which is seven days after the date on which the Principal Paying Agent has notified the holder in accordance with Condition 16 that it has received all sums due in respect thereof up to that date. Unless otherwise specified in the applicable Pricing Supplement, such interest will be calculated as provided for the relevant calculation to be made in respect of the applicable Day Count Fraction in Condition 6(h).

Notwithstanding the provisions in Conditions 5(b) and 5(c) above (in the case of Floating Rate Notes other than where the Reference Rate is specified in the applicable Pricing Supplement as being Compounded Daily SOFR, Compounded Daily SORA, SARON Compounded, Compounded Daily CORRA, Compounded Daily TONA or BBSW, in which case the provisions of this Condition 5(f) shall not apply, except in the case of Compounded Daily TONA as specified in Condition 5(c)(4E)(C)), if the Issuer, acting in good faith and in a commercially reasonable manner, determines that a Benchmark Event has occurred in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to that Original Reference Rate, then the following provisions of this Condition 5(f) shall apply.

(i) *Successor Rate or Alternative Rate*

If there is a Successor Rate, then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Principal Paying Agent or the Calculation Agent, as applicable, and, in accordance with Condition 16, the Noteholders of such Successor Rate and that Successor Rate shall (subject to adjustment as provided in Condition 5(f)(ii)) subsequently be used by the Principal Paying Agent or the Calculation Agent, as applicable, in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(f)).

If there is no Successor Rate but the Issuer, acting in good faith, in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines that there is an Alternative Rate, then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Principal Paying Agent or the Calculation Agent, as applicable, and, in accordance with Condition 16, the Noteholders of such Alternative Rate and that Alternative Rate shall (subject to adjustment as provided in Condition 5(f)(ii)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(f)).

(ii) *Adjustment Spread*

If, in the case of a Successor Rate, an Adjustment Spread is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the

Successor Rate by any Relevant Nominating Body, then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Principal Paying Agent or the Calculation Agent, as applicable, and, in accordance with Condition 16, the Noteholders of such Adjustment Spread and the Principal Paying Agent or the Calculation Agent, as applicable, shall apply such Adjustment Spread to the Successor Rate for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate.

If, in the case of a Successor Rate where no such Adjustment Spread is formally recommended or provided as an option by any Relevant Nominating Body, or in the case of an Alternative Rate, the Issuer, acting in good faith, in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines that there is an Adjustment Spread in customary market usage in the international debt capital markets for transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be), then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Principal Paying Agent or the Calculation Agent, as applicable, and, in accordance with Condition 16, the Noteholders of such Adjustment Spread and the Principal Paying Agent or the Calculation Agent, as applicable, shall apply such Adjustment Spread to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

If no such recommendation or option has been made (or made available) by any Relevant Nominating Body, or the Issuer so determines that there is no such Adjustment Spread in customary market usage in the international debt capital markets and the Issuer further determines, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be), then the Adjustment Spread shall be:

- (1) the Adjustment Spread determined by the Issuer, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, as being the Adjustment Spread recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or
- (2) if there is no such industry standard recognised or acknowledged, such Adjustment Spread as the Issuer, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, determines to be appropriate, having regard to the objective, so far as is reasonably practicable in the circumstances, of reducing or eliminating any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be).

Following any such determination of the Adjustment Spread, the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Principal Paying Agent or the Calculation Agent, as applicable, and, in accordance with Condition 16, the Noteholders of such Adjustment Spread and the Principal Paying Agent or the Calculation Agent, as applicable, shall apply such Adjustment Spread to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(iii) *Benchmark Amendments*

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 5(f) and the Issuer, acting in good faith, in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines in its discretion (A) that amendments to these Conditions and/or the Agency Agreement are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment

For personal use only

Spread (such amendments, the “Benchmark Amendments”) and (B) the terms of the Benchmark Amendments, then the Issuer and the Principal Paying Agent and/or the Calculation Agent, as applicable, shall agree without any requirement for the consent or approval of Noteholders to the necessary modifications to these Conditions and/or the Agency Agreement to give effect to such Benchmark Amendments with effect from the date specified in such notice, subject to the Issuer having to give notice thereof to the Noteholders in accordance with Condition 16 and any Benchmark Amendments not increasing the obligations or duties, or decreasing the rights or protections, of the Principal Paying Agent or the Calculation Agent, as applicable, in these Conditions and/or the Agency Agreement unless agreed between the Issuer and the Principal Paying Agent or the Calculation Agent, as applicable.

Notwithstanding any other provision of this Condition 5, if in the Principal Paying Agent’s or Calculation Agent’s opinion, as applicable, there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 5, the Principal Paying Agent or Calculation Agent, as applicable, shall promptly notify the Issuer thereof and the Issuer shall direct the Principal Paying Agent or Calculation Agent, as applicable, in writing as to which alternative course of action to adopt. If the Principal Paying Agent or Calculation Agent, as applicable, is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer thereof and the Principal Paying Agent or Calculation Agent, as applicable, shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.

In connection with any such modifications in accordance with this Condition 5(f)(iii), if and for so long as the Notes are admitted to trading and listed on the official list of a stock exchange, the Issuer shall comply with the rules of that stock exchange.

Notwithstanding any other provision of this Condition 5(f), no Successor Rate, Alternative Rate or Adjustment Spread will be adopted, nor will any other amendment to the terms and conditions of any Series of Notes be made to effect the Benchmark Amendments, if and to the extent that (A) in the determination of the Issuer, the same could reasonably be expected to prejudice the treatment of any relevant Series of Subordinated Notes as Tier 2 Capital or (B) APRA has not given its prior written approval. Approval is at the discretion of APRA and may or may not be given.

Any Benchmark Amendments determined under this Condition 5(f)(iii) shall be notified promptly by the Issuer to the Principal Paying Agent or the Calculation Agent, as applicable, and, in accordance with Condition 16, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of such Benchmark Amendments.

(iv) *Independent Adviser*

In the event the Issuer is to consult with an Independent Adviser in connection with any determination to be made by the Issuer pursuant to this Condition 5(f), the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, for the purposes of any such consultation.

An Independent Adviser appointed pursuant to this Condition 5(f) shall act in good faith and in a commercially reasonable manner and (in the absence of fraud or wilful default) shall have no liability whatsoever to the Issuer or the Noteholders for any determination made by it or for any advice given to the Issuer in connection with any determination made by the Issuer pursuant to this Condition 5(f) or otherwise in connection with the Notes.

If the Issuer consults with an Independent Adviser as to whether there is an Alternative Rate and/or any Adjustment Spread is required to be applied and/or in relation to the quantum of, or any formula or methodology for determining such Adjustment Spread and/or whether any Benchmark Amendments are necessary and/or in relation to the terms of any such Benchmark Amendments, a written determination of that Independent Adviser in respect thereof shall be conclusive and binding on all parties, save in the case of manifest error, and (in the absence of fraud or wilful default) the Issuer shall have no liability whatsoever

to the Noteholders in respect of anything done, or omitted to be done, in relation to that matter in accordance with any such written determination.

No Independent Adviser appointed in connection with the Notes (acting in such capacity), shall have any relationship of agency or trust with the Noteholders.

(v) *Survival of Original Reference Rate Provisions*

Without prejudice to the obligations of the Issuer under this Condition 5(f), the Original Reference Rate and the fallback provisions provided for in Conditions 5(b), 5(c), the Agency Agreement and the applicable Pricing Supplement, as the case may be, will continue to apply unless and until the Issuer has determined the Successor Rate or the Alternative Rate (as the case may be), and any Adjustment Spread and Benchmark Amendments, in accordance with the relevant provisions of this Condition 5(f).

(vi) *Definitions*

In this Condition 5(f):

“Adjustment Spread” means either a spread, or the formula or methodology for calculating a spread and the spread resulting from such calculation, which spread may in either case be positive or negative and is to be applied to the Successor Rate or the Alternative Rate (as the case may be) where the Original Reference Rate is replaced with the Successor Rate or the Alternative Rate (as the case may be).

“Alternative Rate” means an alternative benchmark or screen rate which the Issuer determines in accordance with this Condition 5(f) is used in place of the Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for a commensurate interest period and in the same Specified Currency as the Notes.

“Benchmark Event” means the earlier to occur of:

- (A) the Original Reference Rate ceasing to be published for at least five Business Days or ceasing to exist or be administered;
- (B) the later of (i) the making of a public statement by the administrator of the Original Reference Rate that it will, by a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (ii) the date falling six months prior to such specified date;
- (C) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued, is prohibited from being used or is no longer representative, or that its use is subject to restrictions or adverse consequences or, where such discontinuation, prohibition, restrictions or adverse consequences are to apply from a specified date after the making of any public statement to such effect, the later of the date of the making of such public statement and the date falling six months prior to such specified date; and
- (D) it has or will prior to the next Interest Determination Date or Reset Determination Date, as applicable, become unlawful for the Calculation Agent, any Paying Agent or the Issuer to determine any Rate of Interest and/or calculate any Interest Amount using the Original Reference Rate (including, without limitation, under (i) Regulation (EU) No. 2016/1011 and/or (ii) Regulation (EU) No. 2016/1011 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018, if applicable).

“Independent Adviser” means an independent financial institution of international repute or other independent adviser of recognised standing with appropriate expertise appointed by the Issuer at its own expense;

“Original Reference Rate” means the benchmark or screen rate (as applicable) originally specified in the applicable Pricing Supplement for the purposes of determining the relevant Rate of Interest (or any component part thereof) in respect of the Notes (provided that if, following one or more Benchmark Events, such originally specified Reference Rate (or any Successor Rate or Alternative Rate which has replaced it) has been replaced by a (or a further) Successor Rate or Alternative Rate and a Benchmark Event subsequently occurs in respect of such Successor Rate or Alternative Rate, the term “Original Reference Rate” shall include any such Successor Rate or Alternative Rate);

“Relevant Nominating Body” means, in respect of a benchmark or screen rate (as applicable):

- (A) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or
- (B) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (ii) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (iii) a group of the aforementioned central banks or other supervisory authorities, or (iv) the Financial Stability Board or any part thereof; and

“Successor Rate” means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body.

(g) **Dual Currency Interest Notes**

This Condition 5(g) only applies to Unsubordinated Notes.

(1) In the case of Dual Currency Interest Notes where the applicable Pricing Supplement specifies that Condition 5(g)(2) is not applicable and the rate of interest falls to be determined by reference to the Rate of Exchange, the provisions for determining the rate of interest, accrual of interest, calculation of interest amounts, determination of interest payment dates and other relevant provisions shall be specified in the applicable Pricing Supplement and payment shall be made in accordance with Condition 7.

(2) If the applicable Pricing Supplement specifies that Condition 5(g)(2) is applicable, each Dual Currency Interest Note will bear interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

Such interest will be payable in respect of each period from and including an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date (each such period, a “Dual Currency Interest Period”).

The Calculation Agent will calculate the Interest Amount payable on Dual Currency Interest Notes for the relevant Dual Currency Interest Period by applying the Rate of Interest to:

- (A) in the case of Dual Currency Interest Notes which are (i) represented by a Global Note or (ii) Registered Notes in definitive form, the aggregate Outstanding Principal Amount of (A) the Notes represented by such Global Note or (B) such Registered Notes, in each case, unless “Calculation to be on a Calculation Amount Basis” is specified as being applicable in the applicable Pricing Supplement in which case the Rate of Interest shall be applied to the Calculation Amount; or
- (B) in the case of Dual Currency Interest Notes, which are Bearer Notes in definitive form, the Calculation Amount,

and, in each case rounding the resultant figure to the nearest whole JPY, with half a JPY being rounded upwards (with the resultant figure of FX1 or FX0, as applicable, or any equivalent calculation in any Rate of Interest formula

for the determination of the Rate of Interest specified in the applicable Pricing Supplement to be rounded to the nearest five decimal places of one per cent. for the purposes of the calculation of such Interest Amount). Where the Specified Denomination of a Dual Currency Interest Note which is:

- (i) a Bearer Note in definitive form; or
- (ii) (A) represented by a Global Note or (B) a Registered Note in definitive form, where in each case, “Calculation to be on a Calculation Amount Basis” is specified as being applicable in the applicable Pricing Supplement,

is a multiple of the Calculation Amount, the amount of interest payable in respect of such Bearer Note or such Global Note or Registered Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

If the applicable Pricing Supplement specifies a Minimum Rate of Interest for any Dual Currency Interest Period, then, in the event that the Rate of Interest in respect of any such Dual Currency Interest Period determined in accordance with the above provisions is less than such Minimum Rate of Interest, the Rate of Interest for such Dual Currency Interest Period shall be such Minimum Rate of Interest. If the applicable Pricing Supplement specifies a Maximum Rate of Interest for any Dual Currency Interest Period, then, in the event that the Rate of Interest in respect of any such Dual Currency Interest Period determined in accordance with the above provisions is greater than such Maximum Rate of Interest, the Rate of Interest for such Dual Currency Interest Period shall be the Maximum Rate of Interest.

In this Condition 5(g)(2):

“Bloomberg Screen Page “BFIX” means the Bloomberg FX Fixings page designated as the “BFIX” page or such other page as may replace it on that information service, or on such other equivalent information service as may be nominated by the person providing or sponsoring such information, in all cases for the purpose of displaying the FX Rate in succession thereto;

“Business Day” has the meaning given to it in Condition 5(d);

“FX1” means the mid-price of the bid and offered rates for the FX Rate, expressed as a number of JPY per Relevant Currency Amount as of 15:00 Tokyo time on the Reference Date which appears for the Relevant Currency Pair on Bloomberg Screen Page “BFIX”;

“JPY” shall mean Japanese yen; and

“Reference Date” shall be the 10th Business Day immediately preceding each Interest Payment Date.

The Calculation Agent will cause the Interest Amount to be notified to the Principal Paying Agent, which will cause such Interest Amount to be further notified as provided in Condition 5(b)(9).

In the event that Bloomberg Screen Page “BFIX” (or such successor page) should not be available, or the bid and offered rate for the FX Rate should not appear on Bloomberg Screen Page “BFIX” (or any successor page), in each case on the relevant Reference Date at or around 15:00 Tokyo time, then the Calculation Agent shall determine FX1 by requesting each of the five leading banks in the relevant currency and foreign exchange markets (the “Reference Banks”), as selected by the Calculation Agent, to provide a quotation for FX1.

If four or five such quotations are provided as requested, after disregarding the highest of such quotations and the lowest of such quotations (provided that, if two or more such quotations are the highest such quotations, then only one of such quotations shall be disregarded, and if two or more such quotations are the lowest quotations then only one of such lowest quotations shall be disregarded), the applicable rate shall be determined by the Calculation Agent as the arithmetic mean (rounded to the nearest five decimal places, 0.000005 being rounded upwards) of the remaining such quotations for such rate.

If only three or fewer such quotations are provided as requested, the applicable rate shall be the arithmetic mean of such quotations as determined by the Calculation Agent as described above.

If no such quotations are provided as requested, and the Calculation Agent determines in its sole discretion that no suitable replacement Reference Banks who are prepared to quote are available, the Calculation Agent shall be entitled to calculate the applicable rate in good faith and a commercially reasonable manner.

(h) **Subordinated Notes**

For the purposes of this Condition 5 and notwithstanding any of the foregoing provisions of this Condition 5, in the case of Subordinated Notes, no interest accrues on the Notes, or the relevant percentage of Notes, required to be Exchanged in the period from (and including) the Interest Payment Date that immediately precedes the Non-Viability Trigger Event to the Subordinated Note Exchange Date or Write Down Date (as applicable).

Redemption and Purchase

(a) **Final Redemption**

Unless previously redeemed or purchased and cancelled (or, in the case of Subordinated Notes, Exchanged or Written Down in full) as provided below, each Note of this Series will be redeemed at its Final Redemption Amount in the relevant Specified Currency on the Maturity Date (as specified in the applicable Pricing Supplement).

(b) **Redemption for Tax Reasons**

Subject to Condition 6(h) and, in the case of Subordinated Notes, Condition 6(n), the Notes of this Series may be redeemed at the option of the Issuer in whole, but not in part, at any time (in the case of Notes other than Floating Rate Notes and Dual Currency Notes) or on any Interest Payment Date (in the case of Floating Rate Notes and Dual Currency Notes), on giving not less than 30 nor more than 60 days' notice in accordance with Condition 16 (which notice shall be irrevocable), at the Early Redemption Amount provided in, or calculated in accordance with, paragraph (g) or (h) (as applicable) below, together with (if provided in such paragraphs) interest accrued up to, but excluding, the date fixed for redemption, if:

- (1) in the case of Unsubordinated Notes (i) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 9 or (ii) the Issuer becomes obliged to pay approved issuer levy at a rate exceeding the rate of the levy being charged at the date of issue of the Notes as a result of any change in, or amendment to, the laws or regulations of the Commonwealth of Australia or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations (including the manner of exercising any official discretion thereunder), which change or amendment becomes known generally or to the Issuer on or after the Issue Date (or, in the case of a second or subsequent Tranche of Notes of this Series, the Issue Date for the original Tranche) (a "Change in Tax Laws"); or
- (2) in the case of Subordinated Notes, the Issuer receives an opinion from reputable legal counsel or another tax adviser in Australia, experienced in such matters, to the effect that there is a material risk that as a result of a Change in Tax Laws (including following any announcement of a prospective change or amendment which has been or will be introduced) the Issuer would be exposed to a more than de minimis adverse tax consequence in relation to the Notes of this Series other than a tax consequence the Issuer expected as at the Issue Date (including, in the case of a second or subsequent Tranche of Notes of this Series, a tax consequence the Issuer expected as at the Issue Date for the relevant Tranche),

provided that no such notice of redemption shall be given earlier than 60 business days before the earliest date (or, in the case of Floating Rate Notes and Dual Currency Notes, the Interest Payment occurring immediately before such earliest date) on which the Issuer would be:

- (a) in the case of Unsubordinated Notes, obliged to pay such additional amounts; or
- (b) in the case of Subordinated Notes, subject to the adverse tax consequence,

and, for the purpose only of determining the earliest date on which such notice may be given, it shall be deemed that a payment, in respect of which the Issuer would be obliged to pay such additional amounts or subject to the adverse tax consequence is due in respect of the Notes of this Series on the day on which any such change or amendment becomes effective.

Holders of Subordinated Notes should not expect that APRA's approval will be given for any redemption of the Subordinated Notes.

(c) **Redemption for Regulatory Reasons**

This Condition 6(c) applies only to Subordinated Notes.

Subject to Condition 6(n), the Notes of this Series may be redeemed at the option of the Issuer in whole, but not in part, at any time (in the case of Notes other than Floating Rate Notes) or on any Interest Payment Date (in the case of Floating Rate Notes), on giving not less than 30 nor more than 60 days' notice in accordance with Condition 16 (which notice shall be irrevocable), at the Early Redemption Amount provided in, or calculated in accordance with, paragraph (g) or (h) (as applicable) below, together with (if provided in such paragraphs) interest accrued up to, but excluding, the date fixed for redemption, if the Issuer determines that as a result of a change in the laws of Australia or a change in APRA's prudential standards (including following any announcement of a prospective change or amendment which has been or will be introduced) all, some or a percentage of all or some of the Notes are not or will not be treated as Tier 2 Capital of the Group under APRA's prudential standards (as amended from time to time), other than as a result of a change of treatment expected by the Issuer as at the Issue Date provided that no such notice of redemption shall be given earlier than 60 business days before the earliest date (or, in the case of Floating Rate Notes, the Interest Payment Date occurring immediately before such earliest date) on which all, some or a percentage of all or some of the Notes will cease to be treated as Tier 2 Capital.

Holders of Subordinated Notes should not expect that APRA's approval will be given for any redemption of the Subordinated Notes.

(d) **Redemption at the Option of the Issuer (Issuer Call)**

If Issuer Call is specified as being applicable in the applicable Pricing Supplement, the Issuer may (subject to Condition 6(n) in the case of Subordinated Notes) on any Optional Redemption Date specified in the applicable Pricing Supplement at its option, on giving not less than the period of notice specified in the applicable Pricing Supplement to the holders of the Notes of this Series (which notice shall be irrevocable and shall specify the date fixed for redemption) in accordance with Condition 16, redeem all or from time to time some only of the Notes of this Series then outstanding on the relevant Optional Redemption Date (as specified in the notice of redemption) and at the Optional Redemption Amount(s) specified in the applicable Pricing Supplement together with (in the case of Fixed Rate Notes) interest accrued to, but excluding, the relevant Optional Redemption Date.

In the event of a redemption of some only of such Notes, such redemption must be for an amount being not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount (if any) specified in the applicable Pricing Supplement. In the case of a partial redemption of Notes, Notes to be redeemed will be selected individually by lot (without involving any part only of a Bearer Note) not less than 40 days prior to the date fixed for redemption. In the case of a partial redemption where some or all of the Notes are represented by a global Note held on behalf of Euroclear and/or Clearstream, Luxembourg, such redemption with respect to those Notes will take place in accordance with the procedures of Euroclear and/or Clearstream, Luxembourg from time to time. Each notice of redemption will specify the date fixed for redemption and, in the case of a partial redemption, the aggregate nominal amount, and, where some or all of the Notes are in definitive form, the serial numbers, of the Notes to be redeemed and, in each case, the aggregate nominal amount of the Notes of this Series which will be outstanding after the partial redemption. In addition, in the case of a partial redemption of a Series of Notes which includes Registered Notes, the Issuer will publish an additional notice of redemption not less than 80 nor more than 95 days before the date fixed for redemption which notice will specify the period during which exchanges or transfers of Notes may not be made as provided in Condition 2.

Holders of Subordinated Notes should not expect that APRA's approval will be given for any redemption of the Subordinated Notes. In the case of Subordinated Notes, the first Optional Redemption Date will be a date not earlier than the fifth anniversary of the Issue Date.

(e) **Clean-Up Redemption at the Option of the Issuer (Clean-Up Call)**

This Condition 6(e) applies only to Subordinated Notes.

If Clean-Up Call is specified as being applicable in the applicable Pricing Supplement, subject to Condition 6(n), the Issuer may elect to redeem all, but not some only, of the Subordinated Notes outstanding on the Residual Redemption Date, having given irrevocable notice within the Residual Redemption Notice Period in accordance with Condition 16, at their Residual Redemption Amount together with any accrued but unpaid interest to, but excluding, the Residual Redemption Date, if, prior to the date of such notice, 75 per cent or more in aggregate principal amount of the Subordinated Notes issued have been redeemed or purchased and cancelled.

In this Condition 6(e):

“Residual Redemption Amount” means the Outstanding Principal Amount calculated at the relevant date of redemption.

“Residual Redemption Date” means any date from and including the fifth year anniversary of the Issue Date, up to but excluding the Maturity Date, as specified in the notice of redemption.

“Residual Redemption Notice Period” means at least 10 Business Days (and no more than 15 Business Days) before the proposed Residual Redemption Date.

Holders of Subordinated Notes should not expect that APRA’s approval will be given for any redemption of the Subordinated Notes.

(f) **Redemption at the Option of the Noteholders (Investor Put)**

This Condition 6(e) only applies to Unsubordinated Notes.

If Investor Put is specified as being applicable in the applicable Pricing Supplement, upon any Noteholder giving to the Issuer in accordance with Condition 16 not less than 30 nor more than 60 days’ notice (the “notice period”), the Issuer will, upon the expiry of such notice redeem in whole (but not in part) the Notes the subject of the notice on the Optional Redemption Date and at the Optional Redemption Amount indicated in the applicable Pricing Supplement together with (in the case of Fixed Rate Notes) interest accrued up to, but excluding, the Optional Redemption Date. It may be that before an Investor Put can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Pricing Supplement.

To exercise the right to require redemption of this Note the holder of this Note must, if this Note is in definitive form, and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) on any business day (as defined in Condition 7(h)) falling within the notice period a duly signed and completed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or from the Registrar (a “Put Notice”) and, in the case of a Put Notice in respect of Bearer Notes, in which the holder must specify a bank account outside Australia to which payment is to be made under this Condition. If this Note is in definitive form, the Put Notice must be accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control.

If this Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Principal Paying Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on their instruction by Euroclear or Clearstream, Luxembourg or any common depositary for them to the Principal Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

A Put Notice or other notice given by a holder of any Note pursuant to this Condition 6(e), once delivered, shall be irrevocable and the Issuer shall redeem all Notes delivered therewith on the applicable redemption date.

$$\text{Linear Accrual: Amortised Face Amount} = \text{Reference Amount} \times (1 + \text{Accrual Yield} \times y)$$

Compounding Accrual: Amortised Face Amount = Reference Amount x (1+Accrual Yield)^y

where:

“Reference Amount” means:

- (A) the product of the Issue Price and:
- (i) in the case of a Zero Coupon Note which is (i) represented by a Global Note or (ii) a Registered Note in definitive form where the Zero Coupon Notes are being redeemed in full, the aggregate Outstanding Principal Amount of (A) the Notes represented by such Global Note or (B) such Registered Note, unless in each case, “Calculation to be on a Calculation Amount Basis” is specified as being applicable in the applicable Pricing Supplement; or

is a multiple of the Calculation Amount, the Reference Amount in respect of such Bearer Note or such Global Note or Registered Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

“Accrual Yield” means the rate specified as such in the applicable Pricing Supplement; and

“y” is the Day Count Fraction specified in the applicable Pricing Supplement which will be either (i) 30/360 (Fixed) or 30/360 unadjusted (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (Fixed) (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365).

- (2) If the amount payable in respect of any Zero Coupon Note upon redemption of such Note pursuant to paragraph (b), (d) or (e) above or upon its becoming due and repayable as provided in Condition 11 is improperly withheld or refused, the amount due and repayable in respect of such Note shall be the amount calculated as provided in Condition 6(h)(1) above as though the references therein to the date fixed for the redemption or the date upon which such Note becomes due and payable were replaced by references to the date which is the earlier of:

the date on which all amounts due in respect of such Note have been paid; and

the date on which the full amount of the moneys payable in respect of such Note has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 16.

- (i) **Early Redemption Amounts**

For the purposes of paragraphs (b) and (c) above, and Condition 11, unless otherwise indicated in the applicable Pricing Supplement, Notes (other than Index Linked Redemption Notes and Dual Currency Redemption Notes) will be redeemed at their Early Redemption Amount, being (1) in the case of Fixed Rate Notes or Floating Rate Notes the Final Redemption Amount or (2) in the case of Zero Coupon Notes at the Amortised Face Amount of such Notes determined in accordance with paragraph (g) above, in each case in the relevant Specified Currency together with, in the case of Fixed Rate Notes redeemed pursuant to paragraph (b) above, interest accrued to, but excluding, the date fixed for redemption.

(j) **Index Linked Redemption Notes and Dual Currency Redemption Notes**

This Condition 6(j) only applies to Unsubordinated Notes.

In respect of an Index Linked Redemption Note or a Dual Currency Redemption Note where the amount payable in respect of principal upon redemption (the “Final Redemption Amount”) falls to be determined by reference to one or more Indices and/or Formulae or, as the case may be, Rates of Exchange, the Final Redemption Amount shall be determined in accordance with such Indices and/or Formulae or, as the case may be, Rates of Exchange in the manner specified in the applicable Pricing Supplement and each such Index Linked Redemption Note or Dual Currency Redemption Note shall, unless previously redeemed or purchased and cancelled as provided below, be redeemed at the applicable Final Redemption Amount on the Maturity Date. In respect of an Index Linked Redemption Note or a Dual Currency Redemption Note where the amount payable on an early redemption (including an early redemption pursuant to Condition 11) in respect of principal only or principal and interest (the “Early Redemption Amount”) falls to be determined in whole or in part by reference to one or more Indices and/or Formulae or, as the case may be, Rates of Exchange, the Early Redemption Amount shall be calculated in accordance with the applicable Pricing Supplement and shall be paid together with, in the case of a Note where the Early Redemption Amount is calculated in respect of principal only, interest accrued to, but excluding, the date fixed for redemption.

(k) **Purchase and Cancellation**

The Issuer may (subject to Condition 6(n) in the case of Subordinated Notes) at any time purchase Notes of this Series (provided that all unmatured Coupons appertaining to such Notes, if in definitive bearer form, are attached thereto or surrendered therewith) in any manner and at any price.

All Notes of this Series together, in the case of definitive Notes in bearer form, with all unmatured Coupons appertaining thereto, purchased by or on behalf of the Issuer (other than those Notes purchased in the ordinary course of the business of dealing in securities) will be cancelled forthwith.

(l) **Instalments**

Each Note which is redeemable in instalments will be redeemed in the Instalment Amounts and on the Instalment Dates, in the case of all instalments other than the final instalment by (in the case of Bearer Notes in definitive form) surrender of the relevant Receipt (which must be presented with the Note to which it appertains) or by (in the case of Notes represented by a global Note) presentation and endorsement of the global Note, and (in the case of the final instalment) by surrender of the relevant Note, all in accordance with Condition 7.

(m) **Business days**

Where any period of notice for the purposes of any redemption of the Notes under this Condition 6 is expressed as a specified number of business days, the expression “business day” shall have the meaning given in Condition 7(h).

(n) **APRA approval required to redeem or purchase**

This Condition 6(n) applies only to Subordinated Notes.

The Issuer may only redeem or purchase Notes under Conditions 6(b), 6(c), 6(d), 6(e) and 6(k) if:

(A) either:

- (i) before or concurrently with the redemption or purchase, the Issuer replaces the Notes with a capital instrument which is of the same or better quality (for the purposes of APRA’s prudential standards as they are applied to the CBA Group at the relevant time) than the Notes and the replacement of the Notes is done under conditions that are sustainable for the income capacity of the Issuer; or

- (ii) the Issuer obtains confirmation from APRA that APRA is satisfied, having regard to the capital position of the CBA Level 1 Group and CBA Level 2 Group, that the Issuer does not have to replace the Notes; and
- (B) APRA has given its prior written approval to the redemption or purchase. Approval is at the discretion of APRA and may or may not be given.

7 Payments and Exchange of Talons

(a) Payments in respect of definitive Bearer Notes

- (1) Payments of principal and interest (if any) in respect of definitive Bearer Notes (if issued) will (subject as provided below) be made against surrender (or, in the case of part payment only, presentation and endorsement) of definitive Bearer Notes, Receipts or Coupons (which expression, in this Condition and Condition 10, shall not include Receipts or Talons), as the case may be, at any specified office of any Paying Agent outside Australia.
- (2) In the case of Bearer Notes in definitive form, payments of principal in respect of instalments (if any), other than the final instalment, will (subject as provided below) be made against surrender (or, in the case of part payment only, presentation and endorsement) of the relevant Receipt. Payment of the final instalment will be made against surrender (or, in the case of part payment only, presentation and endorsement) of the relevant definitive Bearer Note. Each Receipt must be presented for payment of such instalment together with the relevant definitive Bearer Note against which the amount will be payable in respect of that instalment. If any definitive Bearer Notes are redeemed or become repayable prior to the Maturity Date in respect thereof, principal will be payable on surrender of each such Note together with all unmatured Receipts appertaining thereto. Unmatured Receipts and Receipts presented without the definitive Bearer Notes to which they appertain do not constitute obligations of the Issuer.
- (3) All payments of principal and interest with respect to definitive Bearer Notes will be made outside Australia and (except as otherwise provided in paragraph (d) below) the United States. Payments in any currency other than euro in respect of definitive Bearer Notes will (subject as provided below) be made by transfer to an account (in the case of payment in Yen to a non-resident of Japan, a non-resident account) in the Specified Currency maintained by the payee with a bank in the principal financial centre of the country of the Specified Currency (or, if the Specified Currency is Australian dollars or U.S. dollars, in London or another place outside Australia and (except as otherwise provided in paragraph (d) below) the United States) provided that if at any time such payments cannot be so made, then payments will be made outside Australia and (except as otherwise provided in paragraph (d) below) the United States in such other manner as the Issuer may determine and notify in accordance with Condition 16. Payments in euro in respect of definitive Bearer Notes will be made by transfer to a euro account outside Australia and (except as otherwise provided in paragraph (d) below) the United States (or any other account outside Australia and (except as otherwise provided in paragraph (d) below) the United States to which euro may be credited or transferred) specified by the payee.

(b) Payments in respect of Registered Notes

Payments of principal in respect of Registered Notes (whether or not in global form) will (subject as provided in this Condition) be made against presentation and surrender of such Registered Notes at the specified office outside Australia of the Registrar by a cheque in the Specified Currency drawn on a bank in the principal financial centre of the country of the Specified Currency. Payments of interest in respect of Registered Notes will (subject as provided in this Condition) be made by a cheque in the Specified Currency drawn on a bank in the principal financial centre of the country of the Specified Currency and posted on the business day in the city in which the Registrar has its specified office immediately preceding the relevant due date to the holder (or to the first named of joint holders) of the Registered Note appearing on the register of holders of the Registered Notes maintained by the Registrar (the "Register") (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the "Record Date") at their address shown on the register on the Record Date. Upon application of the holder to the specified office of the Registrar not less than three business days in the city in which the Registrar has its specified office before the due date for any payment in respect of a Registered Note, the payment of principal and/or interest may be made (in the case of payment of principal against presentation and surrender of the relevant Registered Note as provided above) by transfer on the due date to an account in the Specified Currency maintained by the payee with a bank in the principal financial centre of the country of the Specified Currency subject to the

provisions of the following two sentences. If the Specified Currency is Australian dollars, payment will be made (in the case of a transfer to a bank account) by transfer to an account in London or another place outside Australia and, if the Specified Currency is Yen, payment will be made (in the case of payment to a non-resident of Japan) by cheque drawn on, or by transfer to a non-resident account. If the Specified Currency is euro, payment will be made in euro to a euro account outside Australia (or any other account outside Australia to which euro may be credited or transferred, as the case may be), specified by the payee.

(c) **Payments in respect of global Bearer Notes**

(1) Payments of principal and interest (if any) in respect of Notes represented by any global Bearer Note will (subject as provided below) be made in the manner specified in the relevant global Note against presentation and endorsement or surrender, as the case may be, of such global Note at the specified office of any Paying Agent outside Australia. A record of each payment made on such global Note, distinguishing between any payment of principal and interest, will be made on such global Note by the Paying Agent to which such global Note is presented for the purpose of making such payment, and such record shall (save in the case of manifest error) be conclusive evidence that the payment in question has been made.

(2) The holder of a global Bearer Note shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular nominal amount of Notes must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for their share of each payment so made by the Issuer to, or to the order of, the holder of the relevant global Note. Subject to Condition 12, no person other than the holder of a global Bearer Note shall have any claim against the Issuer in respect of any payments due on that global Note.

(d) **Payments of interest in U.S. dollars in respect of Bearer Notes**

Notwithstanding the foregoing, payments of interest in U.S. dollars in respect of Bearer Notes will only be made at the specified office of any Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and District of Columbia and its possessions)) (1) if (A) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment at such specified offices outside the United States of the full amount of interest on the Bearer Notes in the manner provided above when due, (B) payment of the full amount of such interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions and (C) such payment is then permitted under United States law and (2) at the option of the relevant holder if such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(e) **Payments in cash**

Without prejudice to any Exchange, nothing in this Condition 7 allows a payment in respect of Subordinated Notes other than by way of a cash payment.

(f) **Payments subject to applicable laws**

Payments in respect of the Notes will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in any jurisdiction, but without prejudice to the provisions of Condition 9 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code (the "Code") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code (or any regulations thereunder or any official interpretations thereof) or an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof (or any law implementing such an intergovernmental agreement) (collectively referred to as "FATCA"), and any such amounts withheld or deducted will be treated as paid for all purposes under the Notes, and no additional amounts will be paid on or in respect of the Notes with respect to any such withholding or deduction.

(g) **Unmatured Receipts, Coupons and Talons**

(1) Fixed Rate Notes in definitive bearer form (other than Long Maturity Notes (as defined in subparagraph (2)) and Dual Currency Notes and save as provided in Condition 7(f)) should be presented for redemption together with all unmaturing Coupons (which expression shall include Coupons falling to be issued on exchange of Talons which will have matured on or before the relevant redemption date) appertaining thereto, failing which, the amounts of any

missing unmatured Coupons (or, in the case of payment of principal not being made in full, that proportion of the aggregate amount of such missing unmatured Coupons that the sum of principal so paid bears to the total principal amount due) will be deducted from the sum due for payment. Any amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupons at any time in the period expiring 10 years after the Relevant Date (as defined in Condition 9) for the payment of such principal, whether or not such Coupon would otherwise have become void pursuant to Condition 10 or, if later, five years from the due date for payment of such Coupon. Upon any Fixed Rate Note in definitive bearer form becoming due and repayable prior to its Maturity Date, all unmatured Receipts and Talons (if any) appertaining thereto will become void and no payments in respect of any such Receipts and no further Coupons in respect of any such Talons will be made or issued, as the case may be.

- (2) Upon the due date for redemption of any Floating Rate Note, Long Maturity Note, Dual Currency Note or Index Linked Interest Note in definitive bearer form, any unmatured Receipts, Coupons or Talons relating to such Note (whether or not attached) shall become void and no payment or exchange, as the case may be, shall be made in respect of them. Where any such Note is presented for redemption without all unmatured Receipts, Coupons or Talons relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require. A Long Maturity Note is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Fixed Interest Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

(h) **Payments due on non-business days**

If any date for payment of principal, interest or any other payment in respect of any Bearer Note, Receipt or Coupon is not a business day, then the holder thereof shall not be entitled to payment at the place of presentation of the amount due until either (A) if the Payment Business Day Convention is specified as Following Business Day Convention in the applicable Pricing Supplement, the next following business day or (B) if the Payment Business Day Convention is specified as Modified Following Business Day Convention in the applicable Pricing Supplement, the next day which is a business day unless it would thereby fall into the next calendar month, in which event the holder shall be entitled to such payment at the place of presentation on the immediately preceding business day (in each case, unless otherwise specified in the applicable Pricing Supplement) and shall not be entitled to any interest or other sum in respect of any such postponed payment.

If any date for payment of principal, interest or any other amount in respect of any Registered Note is not a business day, then the holder thereof shall not be entitled to payment, in the case of principal, at the place of presentation or, in the case of interest or any other amount, by transfer to an account specified by the holder until either (A) if Following Business Day Convention is specified in the applicable Pricing Supplement, the next following business day or (b) if Modified Following Business Day Convention is specified in the applicable Pricing Supplement, the next day which is a business day unless it would thereby fall into the next calendar month, in which event the holder shall be entitled to payment at the place of presentation or to such account as applicable on the immediately preceding business day (in each case, unless otherwise specified in the applicable Pricing Supplement) and shall not be entitled to any interest or other sum in respect of any such postponed payment.

This Condition 7(h) does not affect the determination of the Subordinated Exchange Date.

In this Condition “business day” means, subject as provided in the applicable Pricing Supplement:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) in the case of Notes in definitive form only, the relevant place of presentation;
 - (B) any Additional Financial Centre (other than T2) specified in the applicable Pricing Supplement;
 - (C) if T2 is specified as an Additional Financial Centre in the applicable Pricing Supplement, a day on which T2 is open, and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency or (2) in relation to any sum payable in euro, a day on which T2 is open.

(i) **Payment of accrued interest**

If the due date for redemption of any interest bearing Bearer Note in definitive form is not a due date for the payment of interest relating thereto, interest accrued in respect of such Note from, and including, the last preceding due date for the payment of interest (or, if none, from the Interest Commencement Date) will be paid only against surrender (or, in the case of part payment, presentation and endorsement) of such Note.

(j) **Exchange of Talons**

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Paying Agent in Luxembourg (or any other Paying Agent notified by the Issuer to the Noteholders in accordance with Condition 16 for the purposes of this paragraph) in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to, and including, the final date for the payment of interest due in respect of the Bearer Note in definitive form to which it appertains) a further Talon, subject to the provisions of Condition 10. Each Talon shall, for the purposes of these Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the Coupon sheet in which that Talon was included on issue matures.

(k) **Initial Paying Agents**

The initial Principal Paying Agent and the other initial Paying Agents in respect of this Series of Notes are set out below. If any additional Paying Agents are appointed in connection with any Series, the names of such Paying Agents will be specified in Part B of the applicable Pricing Supplement. The Issuer may at any time vary or terminate the appointment of any Paying Agent and appoint additional or other Paying Agents, provided that it will, so long as any of the Notes of this Series is outstanding, maintain:

- (i) a Principal Paying Agent,
- (ii) a Paying Agent (which may be the Principal Paying Agent) having a specified office in a jurisdiction within Europe, and
- (iii) so long as any Notes of this Series are admitted to trading on a stock exchange, a Paying Agent (which may be the Principal Paying Agent) having a specified office in such place as may be required by that stock exchange.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in paragraph (d) of this Condition. Notice of any variation, termination or change in Paying Agents will be given to the Noteholders promptly by the Issuer in accordance with Condition 16.

- (l) All payments in respect of the Notes in RMB will be made solely by credit to a RMB account maintained by the payee at a bank in Hong Kong or such other financial centre(s) as may be specified in the applicable Pricing Supplement as RMB Settlement Centre(s) in accordance with applicable laws, rules, regulations and guidelines issued from time to time (including all applicable laws and regulations with respect to the settlement of RMB in Hong Kong or any relevant RMB Settlement Centre(s)).

(m) **RMB Currency Event**

If “RMB Currency Event” is specified as being applicable in the applicable Pricing Supplement and a RMB Currency Event, as determined by the Issuer acting in good faith, exists on a date for payment of any amount in respect of any Note, Receipt or Coupon, the Issuer’s obligation to make a payment in RMB under the terms of the Notes may be replaced by an obligation to pay such amount in the Relevant Currency converted using the Spot Rate for the relevant Rate Calculation Date.

Upon the occurrence of a RMB Currency Event, the Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 16 stating the occurrence of the RMB Currency Event, giving details thereof and the action proposed to be taken in relation thereto.

For the purpose of this Condition 7(m) and unless stated otherwise in the applicable Pricing Supplement:

“Governmental Authority” means any de facto or de jure government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong;

“Rate Calculation Business Day” means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in Sydney, Hong Kong, London and New York City;

“Rate Calculation Date” means the day which is two Rate Calculation Business Days before the due date of the relevant payment under the Notes;

“Relevant Currency” means U.S. dollars or such other currency as may be specified in the applicable Pricing Supplement;

“RMB Currency Events” means any one of RMB Illiquidity, RMB Non-Transferability and RMB Inconvertibility;

“RMB Illiquidity” means the general RMB exchange market in Hong Kong becomes illiquid as a result of which the Issuer cannot obtain sufficient RMB in order to make a payment under the Notes, as determined by the Issuer in a commercially reasonable manner following consultation with two independent foreign exchange dealers of international repute active on the RMB exchange market in Hong Kong;

“RMB Inconvertibility” means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of the Notes into RMB on any payment date at the general RMB exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the first Tranche of the relevant Series and it is impossible for the Issuer, due to an event beyond the control of the Issuer, to comply with such law, rule or regulation);

“RMB Non-Transferability” means the occurrence of any event that makes it impossible for the Issuer to deliver RMB between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong (including where the RMB clearing and settlement system for participating banks in Hong Kong is disrupted or suspended), other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the first Tranche of the relevant Series and it is impossible for the Issuer due to an event beyond its control, to comply with such law, rule or regulation);

“Spot Rate” means, unless specified otherwise in the applicable Pricing Supplement, the spot CNY/U.S. dollar exchange rate for the purchase of U.S. dollars with Renminbi in the over-the-counter RMB exchange market in Hong Kong for settlement in two Rate Calculation Business Days, as determined by the RMB Calculation Agent at or around 11.00 a.m. (Hong Kong time) on the Rate Calculation Date, on a deliverable basis by reference to Reuters Screen Page TRADCNY3, or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither rate is available, the RMB Calculation Agent shall determine the rate taking into consideration all available information which the RMB Calculation Agent deems relevant, including pricing information obtained from the RMB non-deliverable exchange market in Hong Kong or elsewhere and the CNY/U.S. dollar exchange rate in the PRC domestic foreign exchange market.

8 Structured Note Fallback Provisions

This Condition 8 only applies to Unsubordinated Notes.

(a) Index Linked Notes

(1) Index Adjustment Events

If:

- (A) on or prior to any date on which the level of a relevant Index is to be calculated, including without limitation any Averaging Date or Valuation Date (a “Determination Date”), in respect of Index Linked Notes, the relevant Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent stock and capitalisation and other routine events) (an “Index Modification”) or permanently cancels the Index and no successor Index exists (an “Index Cancellation”); or
- (B) on any Determination Date in respect of Index Linked Notes the Index Sponsor fails to calculate and announce a relevant Index (an “Index Disruption” and together with an Index Modification and an Index Cancellation, an “Index Adjustment Event”),

then the Calculation Agent shall determine if the Index Adjustment Event has a material effect on the Index Linked Notes and, if so, shall calculate the level of the affected Index for the relevant Determination Date by using, in lieu of a published level for the affected Index, the level for that Index as at the relevant time on that Determination Date as determined by the Calculation Agent in accordance with the formula for and method of calculating the affected Index last in effect prior to the Index Adjustment Event, but using only those securities that constituted the affected Index immediately prior to the Index Adjustment Event.

In the event that the Calculation Agent determines that it cannot or can no longer continue to calculate the affected Index, the Calculation Agent may determine that the Index Adjustment Event constitutes an Additional Disruption Event.

(2) *Successor Index Sponsor or Substitution of Index with Substantially Similar Calculation*

If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor (“Successor Index Sponsor”) acceptable to the Calculation Agent or (B) replaced by a successor index (“Successor Index”) using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the affected Index, then (i) the index as calculated and announced by the Successor Index Sponsor or (ii) the Successor Index, will be deemed to be the relevant Index.

(3) *Correction of an Index*

If the level of a relevant Index used or to be used by the Calculation Agent in making any determination is subsequently corrected and the correction is published by the Index Sponsor or a Successor Index Sponsor prior to the second Index Exchange Business Day preceding the due date for the relevant payment on the Notes in respect of which the determination was made (the “Cut-off Date”), the Calculation Agent shall recalculate the relevant amount payable using the corrected level of the relevant Index. The Calculation Agent shall notify the Issuer of (A) that correction and (B) the corrected amount of the relevant payment, as soon as possible after their determination and the Issuer will cause that information to be notified to Noteholders in accordance with Condition 16 as soon as possible thereafter. For the avoidance of doubt, corrections published on or after the relevant Cut-off Date shall be disregarded by the Calculation Agent.

(4) *Consequences of Disrupted Days following a Market Disruption Event affecting an Index or Basket of Indices*

If, in the opinion of the Calculation Agent, a Valuation Date is a Disrupted Day, then:

- (A) in the case of Index Linked Notes referencing an Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the Disrupted Days, would have been the Valuation Date (the “Scheduled Valuation Date”) is a Disrupted Day. In that case (i) the eighth Scheduled Trading Day shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the level of the Index (the “Index Level”) as of the Valuation Time on the eighth Scheduled Trading Day in the manner set out in the applicable Pricing Supplement or, if not so set out or if not practicable, in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the relevant Index Exchange traded or quoted price (the “Traded Price”) as of the Valuation Time on that eighth Scheduled Trading Day of each security included in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of a relevant security included in the Index on that eighth Scheduled Trading Day, its determination of the Traded Price for the relevant security as of the Valuation Time on that eighth Scheduled Trading Day); or
- (B) in the case of Index Linked Notes referencing a Basket of Indices, the Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Index affected by the occurrence of a Disrupted Day (each an “Affected Index”) shall be the first succeeding Scheduled Trading Day for the Affected Index that is not a Disrupted Day relating to the relevant Affected Index, unless each of the eight Scheduled Trading Days for the Affected Index immediately following the Scheduled Valuation Date is a Disrupted Day relating to the relevant Affected Index. In that case (i) that eighth Scheduled Trading Day shall be deemed to be the Valuation Date for the relevant Affected Index, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the level of the relevant Affected Index as of the Valuation Time on that eighth Scheduled Trading Day in the manner set out in the applicable Pricing Supplement or, if not so set out or if not practicable, in accordance with the formula for and method of calculating the relevant Affected Index

last in effect prior to the occurrence of the first Disrupted Day relating to the relevant Affected Index using the relevant Traded Price as of the Valuation Time on that eighth Scheduled Trading Day of each security included in the relevant Affected Index (or if an event giving rise to a Disrupted Day has occurred in respect of a relevant security included in the relevant Affected Index on that eighth Scheduled Trading Day, its determination of the Traded Price for the relevant security as of the Valuation Time on that eighth Scheduled Trading Day).

In connection with the postponement of any Determination Date the relevant date for payment of the amount to be calculated by reference to such Determination Date and the Maturity Date may also be postponed by the Issuer or the Calculation Agent to enable the relevant calculation to be made and the Issuer will cause notice of any such postponement to be notified to Noteholders in accordance with Condition 16 as soon as possible thereafter. No additional amounts shall be payable by the Issuer as a result of any postponement of payment or postponement of the Maturity Date in these circumstances.

(5) *Additional Disruption Event*

If an Additional Disruption Event occurs, the Issuer may:

- (A) (without limiting its ability to subsequently give an Additional Disruption Event Notice under paragraph (B) below in the event of any determination by the Calculation Agent that no appropriate adjustment can be made under this paragraph (A)) request that the Calculation Agent determines whether an appropriate adjustment can be made to the Conditions and/or any other provisions relating to the Notes to account for the economic effect of the Additional Disruption Event on the Notes and to preserve substantially the economic effect to the Noteholders of a holding of the Notes. If the Calculation Agent determines that an appropriate adjustment can be made, the Issuer shall determine the effective date of the adjustment and take the necessary steps to effect the adjustment. The Issuer shall notify the Noteholders of any adjustment in accordance with Condition 16 as soon as reasonably practicable after the nature and effective date of the adjustment is determined. If the Calculation Agent determines that no adjustment that could be made would produce a commercially reasonable result and preserve substantially the economic effect to the Noteholders of a holding of the Notes it shall notify the Issuer of such determination and no adjustment shall be made. None of the Calculation Agent, the Issuer or any other party shall be liable to any Noteholder or any other person for any determination and/or adjustment made by the Calculation Agent and/or the Issuer pursuant to this Condition; or
- (B) on giving not less than 5 Business Days' irrevocable notice to Noteholders in accordance with Condition 16 (such notice an "Additional Disruption Event Notice") redeem all of the Notes in whole at their Early Settlement Amount on the date specified in the Additional Disruption Event Notice (the "Early Settlement Date"). Any Additional Disruption Event Notice shall also specify details of the Additional Disruption Event concerned and the Early Settlement Amount.

(6) *FX Disruption Event*

If FX Disruption Event is specified as applying in the applicable Pricing Supplement, upon the occurrence of an FX Disruption Event, the Issuer may take any one or more of the actions described below:

- (B) deduct an amount calculated by the Calculation Agent as representing any applicable charge or deduction arising in connection with the FX Disruption Event from any amount payable by the Issuer pursuant to the Conditions; or
- (C) postpone the relevant payment date until, in the determination of the Calculation Agent, the FX Disruption Event is no longer subsisting.

Upon the occurrence of an FX Disruption Event, the Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 16 stating the occurrence of the FX Disruption Event and giving details thereof and the action proposed to be taken in relation thereto.

(b) **Adjustments Generally**

(1) *Adjustments not Made by a Futures or Options Exchange*

Notwithstanding that an adjustment is required to be made by this Condition in respect of any event affecting an Index or its Index Sponsor, the Issuer reserves the right not to make that adjustment if, at the time the adjustment is to be made, an option on the relevant Index is traded on any Futures or Options Exchange and no adjustment is made by that Futures or Options Exchange to the entitlement under that traded option in respect of that event.

(2) *Notice of Adjustments*

All determinations made by the Calculation Agent pursuant to this Condition shall be conclusive and binding on the Noteholders, the Agents and the Issuer, except in the case of manifest error. The Issuer will give, or procure that there is given, notice as soon as practicable of any adjustment and of the date from which such adjustment is effective by publication in accordance with Condition 16, provided that failure to give, or non-receipt of, such notice will not affect the validity or binding nature of the relevant adjustment.

(c) **Calculations and Determinations**

(1) *Manner of making Calculations and Determinations*

All calculations and determinations by the Issuer and the Calculation Agent under this Condition shall be made in good faith and in a commercially reasonable manner.

(2) *Rounding Conventions*

For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified) (a) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundredth of a percentage point (with 0.005 per cent. being rounded up), (b) all figures shall be rounded to two decimal places (with 0.005 being rounded up) and (c) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with 0.005 being rounded up). For these purposes, "unit" means the lowest amount of such currency that is available as legal tender in the country of such currency.

(3) *Disclaimer of Liability*

The Calculation Agent shall have no responsibility or liability to any person for errors or omissions in any calculations or determinations made, or actions taken, pursuant to this Condition 8 and Condition 5(f) above and all such calculations and determinations shall (save in the case of manifest error) be final and binding on the Issuer, the Agents and the Noteholders.

(d) **Definitions**

"Averaging Date" means, in respect of a Reference Date each date specified as an Averaging Date in the applicable Pricing Supplement or, if any such date is not a Scheduled Trading Day for all the Indices, the immediately following Scheduled Trading Day for all the Indices unless, in the opinion of the Calculation Agent, any such day is a Disrupted Day for any of the Indices. If any such day is a Disrupted Day, then:

- (A) if "Omission" is specified as applying in the applicable Pricing Supplement, then such date will be deemed not to be an Averaging Date for the purposes of determining the relevant level or amount provided that, if through the operation of this provision no Averaging Date would occur in respect of such Reference Date, then the provisions of paragraph (a)(4) above will apply for purposes of determining the level, of the relevant Index or Indices on the final Averaging Date with respect to that Reference Date as if such final Averaging Date were a Valuation Date that was a Disrupted Day; or
- (B) if "Postponement" is specified as applying in the applicable Pricing Supplement, then the provisions of paragraph (a)(4) above will apply for the purposes of determining the level of the relevant Index or Indices on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date; or
- (C) if "Modified Postponement" is specified as applying in the applicable Pricing Supplement then:
 - (i) where the Notes reference a single Index, that Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the eighth Scheduled Trading Day immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of such Reference Date, then

(A) that eighth Scheduled Trading Day shall be deemed to be that Averaging Date (irrespective of whether such day is a Disrupted Day or that eighth Scheduled Trading Day is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant level or price for that Averaging Date in accordance with sub-paragraph (A) of paragraph (a)(4) above; and

- (ii) where the Notes reference a Basket of Indices, that Averaging Date for each Index not affected by the occurrence of a Disrupted Day shall be the originally designated Averaging Date and the Averaging Date for each Index affected by the occurrence of a Disrupted Day (each an “Affected Index”) shall be the first succeeding Valid Date in relation to the Affected Index. If the first succeeding Valid Date in relation to the Affected Index has not occurred as of the eighth Scheduled Trading Day for the Affected Index immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of such Reference Date, then (A) that eighth Scheduled Trading Day shall be deemed that Averaging Date for the Affected Index (irrespective of whether such day is a Disrupted Day or that eighth Scheduled Trading Day is already an Averaging Date), and (B) the Calculation Agent shall determine the level of the Affected Index as of the Valuation Time on that Averaging Date in accordance with sub-paragraph (B) of paragraph (a)(4) above.

For the purposes of this definition, “Valid Date” means in respect of an Index, a Scheduled Trading Day for such Index that is not a Disrupted Day for such Index and on which another Averaging Date in relation to the relevant Reference Date does not or is not deemed to occur.

“Additional Disruption Events” means any of “Change in Law”, “Hedging Disruption”, “Increased Cost of Hedging”, in each case, if specified as applicable in the applicable Pricing Supplement and any other event specified as an Additional Disruption Event in the applicable Pricing Supplement.

“Early Settlement Amount” means, unless otherwise specified in the applicable Pricing Supplement, an amount per Specified Denomination determined by the Calculation Agent as the market value of the Notes following the event triggering the early redemption or cancellation, adjusted to take into account any costs, losses and expenses which are incurred (or expected to be incurred) by the Issuer in connection with the early redemption of the Notes, including (without duplication or limitation) hedging termination and funding breakage costs (whether actual or notional). In determining the Early Settlement Amount, the Calculation Agent may take into account prevailing market prices and/or proprietary pricing models, or where these pricing methods may not yield a commercially reasonable result, may estimate such Early Settlement Amount. The Early Settlement Amount will be determined by the Calculation Agent on or as soon as reasonably practicable following the event giving rise to the early redemption or cancellation of the Notes. For the purposes of calculating any Early Settlement Amount at any time for the purposes of Condition 11, the Calculation Agent will ignore the effect of the relevant Event of Default upon the market value of the Notes.

- (2) for the purposes of determining whether a Market Disruption Event exists in respect of an Index which is a Multi-exchange Index at any time, if a Market Disruption Event occurs in respect of a security underlying the Index at any time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security to (y) the overall level of the Index, in each case using the official opening weightings as published by the Index Sponsor as part of the market “opening data”.

In that event, the Issuer will pay such additional amounts of, or in respect of, principal and/or interest as will result (after deduction of the Taxes) in payment to the holders of the Notes of this Series and/or the Coupons relating thereto of the amounts which would otherwise have been payable in respect of the Notes of this Series or, as the case may be, Coupons relating thereto, except that no such additional amounts shall be payable with respect to any Note of this Series or Coupon relating thereto:

- (a) the holder of which is subject to such Taxes in respect of such Note or Coupon by reason of being connected with a Taxing Jurisdiction other than by reason only of the holding of the Note or Coupon or the receipt of payment thereon;
- (b) the holder of which is an associate (as that term is defined in section 128F of the Income Tax Assessment Act 1936 of the Commonwealth of Australia (the “Australian Tax Act”)) of the Issuer and the payment being sought is not, or will not be, exempt from interest withholding tax because of section 128F(6) of the Australian Tax Act;
- (c) presented for payment more than 30 days after the Relevant Date, except to the extent that the holder thereof would have been entitled to such additional amount on presenting the same for payment on the last day of such period of 30 days; or
- (d) the holder of which could lawfully avoid (but has not so avoided) such deduction or withholding by complying with any statutory requirements in force at the present time or in the future or by making a declaration of non-residence or other claim or filing for exemption.

For the avoidance of doubt, in no event will the Issuer, Paying Agent or any other person be required to pay any additional amounts in respect of the Notes for, or on account of, any withholding or deduction required pursuant to FATCA.

The “Relevant Date” in relation to any Note or Coupon of this Series means whichever is the later of:

Claims for payment of principal under the Notes (whether in bearer or registered form) shall be prescribed upon the expiry of 10 years, and claims for payment of interest (if any) in respect of the Notes (whether in bearer or registered form) shall be prescribed upon the expiry of five years, in each case from the Relevant Date (as defined in Condition 9) therefor subject to the provisions of Condition 7. There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 7.

If any one or more of the following events (each an “Event of Default”) shall occur and be continuing:

- (B) the Issuer defaults in performance or observance of or compliance with any of its other undertakings set out in the Notes of this Series which default is incapable of remedy or which, if capable of remedy, is not remedied within 30 days after notice of such default shall have been given to the Issuer by a Noteholder; or
- (C) [*This paragraph is no longer applicable*];
- (D) the Issuer becomes insolvent or it is unable to pay its debts as they mature or the Issuer applies for or consents to or suffers the appointment of a liquidator or receiver of the Issuer or the whole or any part of

the undertaking, property, assets or revenues of the Issuer or takes any proceeding under any law for a readjustment or deferment of its obligations or any part thereof or makes or enters into a general assignment or an arrangement or composition with or for the benefit of its creditors; or

- (E) any law is passed the effect of which is to dissolve the Issuer or the Issuer ceases to carry on a general banking business in the Commonwealth of Australia or the Issuer ceases to be authorised to carry on a general banking business within the Commonwealth of Australia,

then any holder of a Note may, by written notice to the Issuer at the specified office of the Principal Paying Agent, effective upon the date of receipt thereof by the Principal Paying Agent, declare any Note held by it to be forthwith due and payable whereupon the same shall become forthwith due and payable at the amount provided in, or calculated in accordance with, Condition 6(h), together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind.

Notwithstanding any other provision of this Condition 11, no Event of Default in respect of the Notes shall occur solely on account of any failure by the Issuer to perform or observe any of its obligations in relation to, or the taking of any proceeding or the making or entering into of any assignment, arrangement or composition in respect of, any share, note or other security or instrument constituting Tier 1 Capital or Tier 2 Capital (each as defined by APRA from time to time).

(b) **Subordinated Notes**

This Condition 11(b) only applies to Subordinated Notes.

(1) **Events of Default**

An “Event of Default” occurs in relation to the Notes if:

- (A) the Issuer fails to pay any amount due in respect of the Notes and such default continues for a period of 15 Business Days and is continuing, provided that no Event of Default shall arise on account of any non-payment if the Issuer withholds, deducts or refuses to make the payment:
- (i) in order to comply with any law or regulation or with the order of any court of competent jurisdiction, in each case applicable to such payment;
 - (ii) in case of doubt as to the validity or applicability of any such law, regulation or order, in accordance with advice given as to such validity or applicability, at any time during the said period of 15 Business Days, by independent legal advisers; or
 - (iii) to the extent that, immediately after the payment, the Issuer will not be Solvent (in which case such amount still accumulates and remains a debt owing to the Noteholder by the Issuer), or
- (B) an order is made by a court of competent jurisdiction (other than an order successfully appealed or permanently stayed within 30 Business Days), or an effective resolution is passed, for the winding up of the Issuer in Australia (but not elsewhere).

(2) **Consequences of an Event of Default**

If an Event of Default occurs in relation to the Notes:

- (A) under Condition 11(b)(1)(A), any Noteholder may institute proceedings:
- (i) to recover the amount the Issuer has failed to pay, provided that the Issuer may only be compelled to pay that amount to the extent that, immediately after the payment, the Issuer will be Solvent (in which case such amount still accumulates and remains a debt owing to the Noteholder by the Issuer);
 - (ii) for specific performance of any other obligation in respect of the Note; or
 - (iii) for the winding up of the Issuer in Australia (but not elsewhere); or
- (B) under Condition 11(b)(1)(B), the Notes are immediately due and payable for an amount equal to the Outstanding Principal Amount plus accrued but unpaid interest up to (but excluding) the date of commencement of the winding up and any Noteholder may, subject to Condition 3(b), prove in the winding up of the Issuer in respect of this amount.

A Noteholder has no right to accelerate payment or exercise any other remedy (including any right to sue for damages) as a consequence of any Event of Default other than as set out in this Condition 11(b)(2).

12 [This Condition is no longer applicable].

13 Meetings of Noteholders; Modifications of Conditions; Waiver

Any such modification must be authorised by an Extraordinary Resolution which is defined in the Agency Agreement to mean a resolution passed by a majority consisting of not less than three-quarters of the votes cast at a meeting of the holders of the Notes of this Series duly convened and held. The quorum at any such meeting for passing an Extraordinary Resolution will be one or more persons holding or representing a clear majority in nominal amount of the Notes of this Series for the time being outstanding or, at any adjourned meeting, one or more persons being or representing the holders of the Notes of this Series whatever the nominal amount of Notes of this Series so held or represented; provided that at any meeting the business of which includes the modification of certain terms, including any reduction or cancellation of, or modification of the method of calculating, the amount payable in respect of the Notes of this Series, any modification of, or of the method of calculating, the date of payment of principal or interest in respect of the Notes of this Series or any modification of the currency of payment of the Notes of this Series or the Coupons relating thereto, the quorum will be one or more persons holding or representing not less than two-thirds, or at any adjourned such meeting, not less than one-third, in nominal amount of Notes of this Series for the time being outstanding. The Agency Agreement provides that (i) a resolution passed at a meeting duly convened and held in accordance with the Agency Agreement by a majority consisting of not less than 75 per cent. of the votes cast on such resolution, (ii) a resolution in writing signed by or on behalf of holders of not less than 75 per cent. in nominal amount of the Notes for the time being outstanding or (iii) consent given by way of electronic consents through the relevant clearing system(s) (in a form satisfactory to the Principal Paying Agent) by or on behalf of the holders of not less than 75 per cent. in nominal amount of the Notes for the time being outstanding, shall, in each case, be effective as an Extraordinary Resolution of the holders of the Notes. A resolution duly passed by the holders of the Notes of this Series will be binding on all the holders of the Notes of this Series (whether present at any meeting and whether or not they voted on the resolution) and on all the holders of Coupons relating thereto.

(b) Modifications in respect of Unsubordinated Notes

The Principal Paying Agent and the Issuer may agree without the consent of the holders of the Notes of this Series or the holders of Coupons relating thereto to any modifications to the terms and conditions of the Notes of this Series or the Coupons relating thereto or to the provisions of the Agency Agreement which in the opinion of the Issuer are of a formal, minor or technical nature, are made to correct a manifest error or (not being such a modification as is mentioned in the proviso to the third sentence of the preceding paragraph) are not prejudicial to the interests of the holders of the Notes of this Series.

(c) Modifications in respect of Subordinated Notes

This Condition 13(c) only applies to Subordinated Notes.

(1) Subject to compliance with all applicable laws and Condition 13(c)(2), the Principal Paying Agent and the Issuer may agree without the consent of the holders of the Notes of this Series or the holders of Coupons relating thereto to any modifications to the terms and conditions of the Notes of this Series or the Coupons relating thereto or to the provisions of the Agency Agreement which in the opinion of the Issuer are:

- (A) of a formal, technical or minor nature;

- (E) not materially prejudicial to the interests of Noteholders as a whole (provided that any modification of terms relating to the reduction or cancellation of, or modification of the method of calculating, the amount of interest payable in respect of the Notes or any modification of the currency of payment on the Notes must be authorised by an Extraordinary Resolution); or
- (F) made to:
 - (i) alter the terms of any Notes to align them with any Relevant Tier 2 Securities issued after the date of such Notes; or

The Conditions will be amended from the date specified by the Issuer.

- (2) Prior to any modification in accordance with Conditions 13(a) and 13(c) or any resolution passed at a meeting of holders of the Notes of this Series being effective, where required the Issuer must obtain APRA’s prior written approval (APRA approval is required where the amendment affects, or may affect, the capital treatment of the Notes under APRA’s prudential standards at the relevant time) and any consent or approval required under any applicable law or regulation.

14 Substitution

(a) Substitution in respect of Unsubordinated Notes

This Condition 14(a) only applies to Unsubordinated Notes.

- (1) The Issuer may, without the consent or sanction of the Noteholders, the Couponholders, the Receiptholders or the Talonholders, agree to the substitution in place of the Issuer as the principal debtor under the Notes of any other corporation (hereinafter in this Condition referred to as the “Substituted Company”) provided that:
 - (A) a deed poll and such other documents (if any) shall be executed by the Issuer and the Substituted Company as may be necessary to give full effect to the substitution (together, the “Documents”) and (without limiting the generality of the foregoing) pursuant to which the Substituted Company shall undertake in favour of each Noteholder, Couponholder, Receiptholder and Talonholder to be bound by these Conditions and the provisions of the Agency Agreement and the Deed of Covenant as if the Substituted Company had been named in the Notes, the Agency Agreement and the Deed of Covenant as the principal debtor in respect of the Notes in place of the Issuer (or any previous substitute);
 - (B) any applicable solicited credit rating of the Substituted Company is the same or higher than any such rating of the Issuer immediately prior to the substitution;
 - (C) each stock exchange or market on which the Notes are listed shall have confirmed in writing that following the proposed substitution of the Substituted Company the Notes will continue to be listed on such stock exchange or market;
 - (D) (without prejudice to the generality of paragraphs (a)(1)(A) and (B) of this Condition) where the Substituted Company is incorporated, domiciled or resident in a territory other than the Commonwealth of Australia, an undertaking or covenant shall be given by the Substituted Company in terms corresponding to the provisions of Condition 9 with the addition to or substitution for the references to the Commonwealth of Australia or any political sub-division thereof or authority thereof or therein having power to tax of references to that other territory or any political sub-division thereof or any authority thereof or therein having power to tax in which the Substituted Company is incorporated, domiciled or resident and Condition 6(b) shall be modified so that references to such latter territory are added to or substituted for the Commonwealth of Australia;
 - (E) the Documents shall contain a warranty and representation by the Substituted Company that (A) the Substituted Company has obtained all necessary governmental and regulatory approvals and consents

necessary for or in connection with the assumption by the Substituted Company of liability as principal debtor in respect of, and of its obligations under, the Documents and the Notes; (B) such approvals and consents are at the time of substitution in full force and effect; and (C) the obligations assumed by the Substituted Company under the Documents are legal, valid and binding in accordance with their respective terms;

- (F) the Issuer shall have delivered or procured the delivery to the Principal Paying Agent and the Registrar a copy of a legal opinion addressed to the Issuer and the Substituted Company from a leading firm of lawyers in the country of incorporation of the Substituted Company to the effect that the Documents constitute legal, valid and binding obligations of the Substituted Company, such opinion to be dated not more than seven days prior to the date of substitution of the Substituted Company for the Issuer and to be available for inspection by Noteholders, Couponholders, Receiptholders and Talonholders at the specified offices of the Principal Paying Agent and the relevant Registrar;
- (G) the Issuer shall have delivered or procured the delivery to the Principal Paying Agent and the Registrar a copy of a legal opinion addressed to the Issuer and the Substituted Company from a leading firm of Australian lawyers to the effect that the Documents constitute legal, valid and binding obligations of the Issuer, such opinion to be dated not more than seven days prior to the date of substitution of the Substituted Company for the Issuer and to be available for inspection by Noteholders, Couponholders, Receiptholders and Talonholders at the specified offices of the Principal Paying Agent and the relevant Registrar;
- (H) the Issuer shall have delivered or procured the delivery to the Principal Paying Agent and the Registrar a copy of a legal opinion addressed to the Issuer and the Substituted Company from a leading firm of English lawyers to the effect that the Documents constitute legal, valid and binding obligations of the parties thereto under English law, such opinion to be dated not more than seven days prior to the date of substitution of the Substituted Company for the Issuer and to be available for inspection by Noteholders, Couponholders, Receiptholders and Talonholders at the specified offices of the Principal Paying Agent and the relevant Registrar; and
- (I) if the Substituted Company is incorporated in a jurisdiction other than England and Wales, the Substituted Company shall have appointed a process agent in England to receive service of process on its behalf in relation to any legal action or proceedings arising out of or in connection with the Notes or the Documents.

(2) Upon the execution of the Documents and compliance with the requirements referred to in paragraph (a)(1) of this Condition, the Substituted Company shall be deemed thenceforth to be named in the Notes as principal debtor in place of the Issuer (or of any previous substitute under these provisions), and the Notes shall thereupon be deemed to be amended in such manner as shall be necessary to give effect thereto. The execution of the Documents and compliance with such requirements shall operate to release the Issuer (or such previous substitute as aforesaid) from all of its obligations in respect of the Notes.

(3) The Documents shall be deposited with and held by the Principal Paying Agent and the Registrar for so long as any Note remains outstanding and for so long as any claim made against the Substituted Company by any Noteholder, Couponholder, Receiptholder or Talonholder in relation to the Notes or the Documents shall not have been finally adjudicated, settled or discharged. The Substituted Company shall acknowledge in the Documents the right of every Noteholder, Couponholder and Talonholder to the production of the Documents for the enforcement of any of the Notes or the Documents.

(4) Not later than 14 days after the execution of the Documents and compliance with the requirements referred to in paragraph (a)(1) of this Condition, the Substituted Company shall give notice thereof to the Noteholders in accordance with Condition 16.

(b) **Substitution in respect of Subordinated Notes.**

This Condition 14(b) only applies to Subordinated Notes.

(1) The Issuer may, without the consent or sanction of the Noteholders, the Couponholders or the Talonholders, provided that the Substitution Conditions are satisfied, by giving notice thereof to the Noteholders in accordance with Condition 16:

- (A) if Full Successor is specified as being applicable in the applicable Pricing Supplement, substitute for itself a NOHC as the debtor in respect of the Subordinated Notes and as issuer of the Ordinary Shares on Exchange (“Full Successor”); or
- (B) if Partial Successor is specified as being applicable in the applicable Pricing Supplement, substitute for itself a NOHC as the issuer of the Ordinary Shares on Exchange (“Partial Successor”),

and a reference to the “Successor” shall be a reference to the Full Successor or the Partial Successor, as applicable.

The notice shall specify the date on which the substitution is to take effect (the “Date of Substitution”).

(2) Substitution Conditions

The Substitution Conditions are:

- (A) in the case of the Full Successor:
- (i) unless otherwise approved by APRA in writing, the Full Successor or another entity (which is a parent entity) simultaneously subscribes for Ordinary Shares or other capital instruments of equal or better quality to the Subordinated Notes in such amount as may be necessary to ensure that the capital position of the CBA Level 1 Group and CBA Level 2 Group will not be adversely affected; and
 - (ii) the Full Successor will expressly assume the Issuer’s obligations under these Conditions by entering into a deed poll and such other documents (if any) as may be necessary to give full effect to the substitution (the “Successor Documents”) under which it agrees (among other things):
 - (1) to comply with these Conditions (with all necessary modifications) and the provisions of the Agency Agreement and the Deed of Covenant; and
 - (2) to deliver fully paid NOHC Ordinary Shares under all circumstances when the Issuer would otherwise have been required to deliver Ordinary Shares, subject to the same terms and conditions as set out in these Conditions (with all necessary modifications);
- (B) in the case of the Partial Successor:
- (i) the Partial Successor agrees with effect on and from the Date of Substitution, by entering into the Successor Documents, to deliver fully paid NOHC Ordinary Shares under all circumstances when the Issuer would otherwise have been required to deliver Ordinary Shares, subject to the same terms and conditions as set out in these Conditions (with all necessary modifications); and
 - (ii) unless otherwise approved by APRA in writing, the Partial Successor agrees that in all circumstances where the Partial Successor delivers fully paid NOHC Ordinary Shares under the Successor Documents in Condition 14(b)(2)(B)(i), the Partial Successor or another entity (which is a parent entity) will simultaneously subscribe for Ordinary Shares in such amount as may be necessary to ensure that the capital position of the CBA Level 1 Group and CBA Level 2 Group is equivalent to the position if such Successor Documents had not been entered into and the Issuer was required to issue the Ordinary Shares;
- (C) in the case of either the Full Successor or the Partial Successor (as applicable):
- (i) the NOHC Ordinary Shares are or are to be quoted on ASX, and the Successor agrees to use all reasonable endeavours and furnish all such documents, information and undertakings as may be reasonably necessary in order to procure quotation of NOHC Ordinary Shares issued under these Conditions on the securities exchanges on which the NOHC Ordinary Shares are quoted at the time of delivery;
 - (ii) the Successor and the Issuer have obtained APRA approval and all other necessary authorisations, regulatory and governmental approvals and consents for such substitution and for the performance by the Successor of its obligations under the Notes and the documents effecting substitution;
 - (iii) if the Successor does not have a place of business in New South Wales, the Successor has appointed a process agent in New South Wales to receive service of process on its behalf in relation to any legal proceedings arising out of or in connection with the Subordinated Notes; and

- (iv) the Successor has, in the reasonable opinion of the Issuer, the financial capacity to satisfy its obligations under these Conditions; and
- (D) the Issuer has used all reasonable endeavours to give an irrevocable notice to the Noteholders in accordance with Condition 16 as soon as practicable before a NOHC Event occurs but no later than 10 Business Days before the NOHC Event occurs specifying the amendments to the Notes which will be made under these Conditions in connection with the substitution of a NOHC as the issuer of ordinary shares on Exchange.

(3) Effect of substitution of Full Successor

If the relevant requirements set out in Conditions 14(b)(1) and 14(b)(2) relating to a substitution under Condition 14(b)(1)(A) have been completed, on and from the Date of Substitution:

- (A) the Full Successor will assume all of the obligations of, succeed to, and be substituted for, and may exercise every right and power of, the Issuer under these Conditions, the Agency Agreement and the Deed of Covenant with the same effect as if the Full Successor had been named as the Issuer in these Conditions, the Agency Agreement and the Deed of Covenant;
- (B) the Issuer (or any corporation which has previously assumed the obligations of the Issuer) will be released from its liability under the Conditions, the Agency Agreement and the Deed of Covenant;
- (C) if the Issuer gives a notice to Subordinated Holders under Condition 14(b)(2)(D), the amended terms will have effect on and from the date specified in the notice;
- (D) references to the Issuer in these Conditions, the Agency Agreement and the Deed of Covenant will be taken to be references to the Full Successor; and
- (E) references to Ordinary Shares in these Conditions (other than the references contained in Conditions 14(b)(1) and 14(b)(2)), the Agency Agreement and the Deed of Covenant will be taken to be references to the NOHC Ordinary Shares.

(4) Effect of substitution of Partial Successor

If the relevant requirements set out in Conditions 14(b)(1) and 14(b)(2) relating to a substitution under Condition 14(b)(1)(B) have been completed, on and from the Date of Substitution:

- (A) the Issuer (or any corporation which has previously assumed the obligations of the Issuer) will be released from any obligation it would otherwise have under these Conditions to issue Ordinary Shares to Noteholders upon Exchange;
- (B) if the Issuer gives a notice to Noteholders under Condition 14(b)(2)(D), the amended terms will have effect on and from the date specified in the notice; and
- (C) references to Ordinary Shares in these Conditions (other than the reference contained in Conditions 14(b)(1) and 14(b)(2)), the Agency Agreement and the Deed of Covenant will be taken to be references to the NOHC Ordinary Shares.

15 Replacement of Notes and Coupons

If any Note (including a global Note) or Coupon is mutilated, defaced, stolen, destroyed or lost, it may be replaced at the specified office of the Principal Paying Agent on payment by the claimant of such costs as may be incurred in connection therewith and on such terms as to evidence, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacement Notes or Coupons will be issued.

16 Notices

- (a) All notices regarding Registered Notes of this Series (if any) will be valid if mailed to the holders (or the first named of joint holders) at their respective addresses in the register of holders and will be deemed to have been given on the fourth weekday after the date of mailing.
- (b) All notices regarding the Bearer Notes of this Series (if any) will be valid if published in one leading London daily newspaper (which is expected to be the Financial Times) or, if this is not practicable, one other English language daily newspaper with general circulation in Europe and in the United Kingdom and shall, if published more than once, be deemed to be given on the date of the first such publication. Holders of Coupons appertaining to Bearer

Notes in definitive form of this Series will be deemed for all purposes to have notice of the contents of any notice given to the holders of the Bearer Notes of this Series in accordance with this paragraph (b).

- (c) Until such time as any definitive Notes are issued, there may, so long as all the global Notes for this Series are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted, in relation only to this Series, for such publication as aforesaid the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg, as appropriate, for communication by it or them to the holders of the Notes of this Series. Any such notice shall be deemed to have been given to the holders of the Notes of this Series on the second day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg, as the case may be.
- (d) Notwithstanding paragraph (b) of this Condition 16, in any case where the identity and addresses of all the holders of Bearer Notes in definitive form is known to the Issuer, notices to such holders may be given individually by recorded delivery mail to such addresses and will be deemed to have been given when received at such addresses.
- (e) Notices to be given to the Issuer by any holder of Notes under Condition 6(e) shall be in writing and given by lodging the same, together with the relative definitive Note or Notes, with the Principal Paying Agent (in the case of definitive Bearer Notes) or the Registrar (in the case of definitive Registered Notes). Whilst any Notes are represented by a global Note held on behalf of Euroclear and/or Clearstream, Luxembourg, such notices may be given by a holder of any Notes so represented to the Principal Paying Agent or the Registrar via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Principal Paying Agent or the Registrar, as the case may be, and Euroclear and/or Clearstream, Luxembourg may approve for this purpose.
- (f) In the case of Subordinated Notes, nothing in this Condition 16 affects the operation of Condition 21.

17 Further Issues

The Issuer shall be at liberty from time to time without the consent of the holders of the Notes of this Series or the Coupons (if any) relating thereto to create and issue further Notes ranking *pari passu* in all respects (or in all respects save for the Issue Date or Interest Commencement Date, as the case may be, the Issue Price and the amount of the first payment of interest (if any) on such further Notes) and so that the same shall be consolidated and form a single series with the outstanding Notes of a particular Series (including the Notes of this Series).

18 Disapplication of Contracts (Rights of Third Parties) Act 1999

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of any Note but this does not affect any right or remedy of any person which exists or is available apart from that Act.

19 Governing Law

The Notes of this Series, the Receipts, Coupons and Talons (if any) relating thereto, the Agency Agreement, the Deed of Covenant and any non-contractual obligations arising out of or in connection with the Notes of this Series, the Receipts, Coupons and Talons (if any) relating thereto, the Agency Agreement and the Deed of Covenant are governed by, and will be construed in accordance with, English law (except, in the case of Subordinated Notes, for Conditions 3(b), 14(b), 21 and 22, which will be governed by and will be construed in accordance with New South Wales law).

The courts of each of England and the Commonwealth of Australia are to have jurisdiction to settle any disputes which may arise out of or in connection with the Notes of this Series and any Receipts, Coupons and Talons relating thereto, including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with the Notes of this Series and any Receipts, Coupons and Talons relating thereto and accordingly any legal action or proceedings arising out of or in connection with the Notes of this Series and any Receipts, Coupons and Talons relating thereto and any non-contractual obligations arising out of or in connection with the Notes of this Series and any Receipts, Coupons and Talons relating thereto may be brought in such courts.

The Issuer has appointed the Chief Executive Officer, United Kingdom from time to time of the Issuer located at its London branch (currently at 1 New Ludgate, 60 Ludgate Hill, London EC4M 7AW, United Kingdom) to receive service of process in any action which may be instituted in England based on any of such Notes, Coupons or Talons (including any action relating to any non-contractual obligations arising out of or in connection with any of such Notes, Receipts, Coupons or Talons).

20 CMU Notes

Where the Notes are CMU Notes, these Conditions shall be modified as specified in this Condition 20 and to the extent any provision of these Conditions is otherwise inconsistent with the terms of this Condition 20 it shall be deemed to have been modified accordingly.

References in these Conditions to the Principal Paying Agent, the Registrar, a Paying Agent and a Transfer Agent shall, unless the context otherwise requires, be construed as a reference to the CMU lodging and paying agent appointed in relation to the CMU Notes as specified in the applicable Pricing Supplement (the “CMU Lodging and Paying Agent”).

References in these Conditions to Euroclear and Clearstream, Luxembourg shall, unless the context otherwise requires, be construed as a reference to the Central Moneymarkets Unit Service operated by the Hong Kong Monetary Authority (the “CMU Service”).

In this Condition “CMU Notes” means Notes denominated in any currency which the CMU Service accepts for settlement from time to time that are, or are intended to be, initially cleared through the CMU Service.

Payments

If a Note is held through the CMU Service, any payment that is made in respect of such Note shall be made at the direction of the bearer or the registered holder to the person(s) for whose account(s) interests in such Note are credited as being held through the CMU Service in accordance with the rules of the CMU Service (the “CMU Rules”) at the relevant time as notified to the CMU Lodging and Paying Agent by the CMU Service in a relevant CMU Instrument Position Report (as defined in the CMU Rules) or any other relevant notification by the CMU Service (which notification, in either case, shall be conclusive evidence of the records of the CMU Service as to the identity of any accountholder and the principal amount of any Note credited to its account, save in the case of manifest error) (the “CMU Accountholders”).

The CMU Accountholders at the direction of the bearer or the registered holder of a Note held through the CMU Service shall be the only persons entitled to receive payments in respect of such Note and the Issuer will be discharged by payment to, or to the order of, such CMU Accountholder, in respect of each amount so paid. Each of the persons shown in the records of the CMU Service as the beneficial holder of a particular nominal amount of CMU Notes must look solely to the CMU Service for its share of each payment so made by the Issuer to the order of the bearer or the registered holder of such Note.

21 Automatic Exchange or Write Down upon the occurrence of a Non-Viability Trigger Event

This Condition 21 applies only to Subordinated Notes.

(a) Non-Viability Trigger Event

(1) A Non-Viability Trigger Event occurs when APRA notifies the Issuer in writing that it believes:

- (A) an Exchange of all or some Notes, or conversion or write down of capital instruments of the CBA Group, is necessary because, without it, the Issuer would become non-viable; or
- (B) a public sector injection of capital, or equivalent support, is necessary because, without it, the Issuer would become non-viable,

(a “Non-Viability Trigger Event”).

APRA may specify an aggregate face value of capital instruments which must be Exchanged, Written Down, converted or written down (as applicable).

(2) If a Non-Viability Trigger Event occurs, the Issuer must Exchange in accordance with Conditions 21(b) and 21(c) such number of Notes (or, if it so determines, such percentage of the Outstanding Principal Amount of each Note) as is equal (taking into account any conversion or write down of other Relevant Securities as referred to in Condition 21(a)(3)) to the aggregate face value of capital instruments which APRA has notified the Issuer must be Exchanged, converted or written down (or, if APRA has not so notified the Issuer, such number or, if the Issuer so determines, such percentage of the Outstanding Principal Amount of each Note as is necessary to satisfy APRA that the Issuer will no longer be non-viable). If a Non-Viability Trigger Event occurs under Condition 21(a)(1)(B), the Issuer must Exchange all Notes.

(3) In determining the number of Notes, or percentage of the Outstanding Principal Amount of each Note which must be Exchanged in accordance with this Condition 21, the Issuer will:

- For personal use only
- (A) first, exchange, convert or write down the face value of any Relevant Tier 1 Securities whose terms require or permit, or are taken by law to require or permit, them to be exchanged, converted or written down before Exchange of the Notes;
 - (B) secondly, exchange, convert or write down the face value of any Relevant Tier 2 Securities whose terms require or permit, or are taken by law to require or permit, them to be exchanged, converted or written down before Exchange of the Notes; and
 - (C) thirdly, if exchange, conversion or write down of those securities is not sufficient, Exchange (in the case of the Notes) or exchange, convert or write down (in the case of any other Relevant Tier 2 Securities) on a pro-rata basis or in a manner that is otherwise, in the opinion of the Issuer, fair and reasonable, the Notes and any other Relevant Tier 2 Securities whose terms require or permit, or are taken by law to require or permit, them to be exchanged, converted or written down in that manner (subject to such adjustments as the Issuer may determine to take into account the effect on marketable parcels and whole numbers of Ordinary Shares and any Notes or other Relevant Tier 2 Securities remaining on issue),

but such determination will not impede the immediate Exchange of the relevant number of Notes or percentage of the Outstanding Principal Amount of each Note (as the case may be).

- (4) If a Non-Viability Trigger Event occurs, then:
 - (A) the relevant number of Notes, or percentage of the Outstanding Principal Amount of each Note, must be Exchanged immediately upon occurrence of the Non-Viability Trigger Event in accordance with Conditions 21(b) and 22 and the Exchange will be irrevocable;
 - (B) the Issuer must give notice as soon as practicable that Exchange has occurred to the Registrar and the Noteholders;
 - (C) the notice must specify the date on which the Non-Viability Trigger Event occurred; and
 - (D) the notice must specify the details of the Exchange process, including any details which were taken into account in relation to the effect on marketable parcels and whole numbers of Ordinary Shares, and the impact on any Notes remaining on issue.
- (5) Failure to undertake any of the steps in Conditions 21(a)(4) does not prevent, invalidate or otherwise impede Exchange or Write Down respectively.
- (6) For the purposes of the foregoing, where the specified currency of the face value of Relevant Tier 1 Securities, Relevant Tier 2 Securities and/or Notes (as applicable) is not the same, the Issuer may treat them as if converted into a single currency of the Issuer's choice at such rate of exchange as the Issuer in good faith considers reasonable.

(b) **Exchange**

- (1) If a Non-Viability Trigger Event has occurred and all or some of the Notes (or percentage of the Outstanding Principal Amount of each Note) are required to be Exchanged in accordance with Condition 21(a), then:
 - (A) Exchange of the relevant Notes or percentage of the Outstanding Principal Amount of each Note will occur in accordance with Conditions 21(a) and 22 immediately upon the date of occurrence of the Non-Viability Trigger Event; and
 - (B) the entry of the corresponding Note in each relevant Noteholder's holding in the Register will, in each case, constitute an entitlement of that Noteholder (or, where Condition 22(j) applies, of the nominee) to the relevant number of Ordinary Shares (and, if applicable, also to any remaining balance of the Notes or remaining percentage of the Outstanding Principal Amount of each Note), and the Issuer will recognise the Noteholder (or, where Condition 22(j) applies, the nominee) as having been issued the relevant Ordinary Shares for all purposes,

in each case without the need for any further act or step by the Issuer, the Noteholder or any other person (and the Issuer will, as soon as possible thereafter and without delay on the part of the Issuer, take any appropriate procedural steps to record such Exchange, including the updating of the Register and the Ordinary Share register and seek quotation of Ordinary Shares issued on Exchange).

- (2) In relation to an Exchange, the Issuer shall notify the Registrar of the percentage of the Outstanding Principal Amount of each Note that has been Exchanged and instruct the Registrar to reflect this Exchange in any relevant

form of note or certificate and the Register so that the Outstanding Principal Amount of such Note is reduced by the relevant percentage. If a definitive Note has been issued to a Noteholder in respect of such Note then, if the Issuer so requires, such Noteholder shall surrender such definitive Note to the Registrar and the Registrar shall deliver to the Noteholder a new definitive Note with a reduced Outstanding Principal Amount reflecting the Exchange.

(3) For the avoidance of doubt:

- (A) nothing in this Condition 21(b) allows a payment to be made to a Noteholder upon Exchange; and
- (B) Exchange under this Condition 21(b) takes priority over a notice for redemption issued under Conditions 6(b), 6(c) or 6(d) and any notice of redemption outstanding at the time a Non-Viability Trigger Event occurs will be automatically revoked and of no effect.

(c) **No further rights if Exchange cannot occur**

If for any reason, Exchange of any Note or a percentage of the Outstanding Principal Amount of any Note required to be Exchanged under Condition 21(a) fails to take effect under Condition 21(b) and the Issuer has not otherwise issued the Ordinary Shares required to be issued in respect of such Exchange within five Ordinary Shares Business Days after the date of the occurrence of the Non-Viability Trigger Event, then the relevant Noteholder's rights (including to payment of the Outstanding Principal Amount and interest, and the right to receive Ordinary Shares) in relation to such Notes or percentage of the Outstanding Principal Amount of the Notes are immediately and irrevocably terminated ("Written Down"), and such termination will be taken to have occurred immediately on the date of the occurrence of the Non Viability Trigger Event. The Issuer must give notice as soon as practicable that Write Down has occurred to the Registrar and the Noteholders, and the notice must specify the date on which the Non-Viability Trigger Event occurred.

22 **General provisions applicable to Exchange**

This Condition 22 applies only to Subordinated Notes.

(a) **Exchange**

On the Subordinated Note Exchange Date, subject to Condition 21(c) and Condition 22(j), the following will apply:

- (A) The Issuer will allot and issue the Exchange Number of Ordinary Shares for each Note (or percentage of the Outstanding Principal Amount of each Note) required to be Exchanged. The Exchange Number is, subject always to the Exchange Number being no greater than the Maximum Exchange Number, each as calculated according to the formula specified in the applicable Pricing Supplement.
- (B) Each Noteholder's rights (including to payment of interest) in relation to each Note that is being Exchanged (or percentage of the Outstanding Principal Amount of each Note that is being Exchanged) will be immediately and irrevocably terminated for an amount equal to the Outstanding Principal Amount of each Note (or percentage of the Outstanding Principal Amount of each Note) and the Issuer will apply that amount by way of payment for the subscription for the Ordinary Shares to be allotted and issued under Condition 22(a)(A). Each Noteholder is taken to have irrevocably directed that any amount payable under this Condition 22(a) is to be applied as provided for in this Condition 22(a) and no Noteholder has any right to payment in any other way.
- (C) If the total number of additional Ordinary Shares to be allotted and issued in respect of a Noteholder's aggregate holding of Notes includes a fraction of an Ordinary Share, that fraction of an Ordinary Share will be disregarded.
- (D) Subject to Condition 22(j), where Notes are Exchanged, the Issuer will allot and issue the Ordinary Shares to the Noteholder on the basis that a Noteholder's name and address set out in the Register (or, if not set out in the Register, otherwise held by the Registrar) are the name and address for entry into any register of title and delivery of any certificate or holding statement in respect of any Ordinary Shares issued on Exchange.

(b) **Adjustments to VWAP generally**

For the purposes of calculating the VWAP under Condition 22(a):

- (A) where, on some or all of the Ordinary Shares Business Days in the relevant VWAP Period, Ordinary Shares have been quoted on ASX as cum dividend or cum any other distribution or entitlement and Notes will be

Exchanged for Ordinary Shares after that date and those Ordinary Shares will no longer carry that dividend or any other distribution or entitlement, then the VWAP on the Ordinary Shares Business Days on which those Ordinary Shares have been quoted cum dividend or cum any other distribution or entitlement will be reduced by an amount (Cum Value) equal to:

- (i) in the case of a dividend or other distribution, the amount of that dividend or other distribution;
- (ii) in the case of any other entitlement that is not a dividend or other distribution under Condition 22(b)(A)(i) which is traded on ASX on any of those Ordinary Shares Business Days, the volume weighted average price of all such entitlements sold on ASX during the relevant VWAP Period on the Ordinary Shares Business Days on which those entitlements were traded (excluding trades of the kind that would be excluded in determining VWAP under the definition of that term); or
- (iii) in the case of any other entitlement which is not traded on ASX during the VWAP Period, the value of the entitlement as reasonably determined by the Board; and

(B) where, on some or all of the Ordinary Shares Business Days in the VWAP Period, Ordinary Shares have been quoted as ex dividend or ex any other distribution or entitlement, and Notes will be Exchanged for Ordinary Shares which would be entitled to receive the relevant dividend, distribution or entitlement, the VWAP on the Ordinary Shares Business Days on which those Ordinary Shares have been quoted ex dividend or ex any other distribution or entitlement will be increased by the Cum Value.

(c) **Adjustments to VWAP for capital reconstruction**

(A) Where, during the relevant VWAP Period, there is a change to the number of Ordinary Shares on issue because the Ordinary Shares are reconstructed, consolidated, divided or reclassified (not involving any payment or other compensation to or by holders of Ordinary Shares) (“Reclassification”) into a lesser or greater number, the daily VWAP for each day in the VWAP Period which falls before the date on which trading in Ordinary Shares is conducted on a post Reclassification basis will be adjusted by multiplying it by the figure resulting from the application of the following formula:

$$\frac{A}{B}$$

Where:

“A” means the aggregate number of Ordinary Shares immediately before the Reclassification; and

“B” means the aggregate number of Ordinary Shares immediately after the Reclassification.

(B) Any adjustment made by the Issuer in accordance with Condition 22(c)(A) will be effective and binding on Noteholders under these Conditions and these Conditions will be construed accordingly.

(C) For the avoidance of doubt, nothing in this Condition 22(c) allows a cash payment or other distribution to be made to or by a Noteholder as part of a Reclassification or as a result of a Reclassification.

(d) **Adjustments to Issue Date VWAP generally**

For the purposes of determining the Issue Date VWAP under Condition 22(a), adjustments will be made in accordance with Condition 22(b) and Condition 22(c) during the VWAP Period for the Issue Date VWAP. On and from the Issue Date, adjustments to the Issue Date VWAP:

(A) may be made by the Issuer in accordance with Conditions 22(e) to 22(g) (inclusive);

(B) if so made, will correspondingly cause an adjustment to the Maximum Exchange Number; and

(C) if so made, will be effective and binding on Noteholders under these Conditions and these Conditions will be construed accordingly.

(e) **Adjustments to Issue Date VWAP for bonus issues**

(A) Subject to Conditions 22(e)(B) and 22(e)(C), if the Issuer makes a pro-rata bonus issue of Ordinary Shares to holders of Ordinary Shares generally, the Issue Date VWAP will be adjusted immediately in accordance with the following formula:

$$V = V_0 \times \frac{RD}{RD + RN}$$

Where:

“V” means the Issue Date VWAP applying immediately after the application of this formula;

“Vo” means the Issue Date VWAP applying immediately prior to the application of this formula;

“RD” means the number of Ordinary Shares on issue immediately prior to the allotment of new Ordinary Shares pursuant to the bonus issue; and

“RN” means the number of Ordinary Shares issued pursuant to the bonus issue.

- (B) For the avoidance of doubt, Condition 22(e)(A) does not apply to Ordinary Shares issued as part of a bonus share plan, employee or executive share plan, executive option plan, share top up plan, share purchase plan or a dividend reinvestment plan or other issue involving any payment or other compensation to or by the holders of Ordinary Shares.
- (C) For the purposes of this Condition, an issue will be regarded as a bonus issue notwithstanding that the Issuer does not make offers to some or all holders of Ordinary Shares with registered addresses outside Australia (or to whom an offer is otherwise subject to foreign securities laws), provided that in so doing the Issuer is not in contravention of the ASX Listing Rules.

(f) **Adjustments to Issue Date VWAP for capital reconstruction**

If, at any time after the Issue Date, there is a change to the number of Ordinary Shares on issue because of a Reclassification into a lesser or greater number, the Issue Date VWAP will be adjusted by multiplying the Issue Date VWAP applicable on the Ordinary Shares Business Day immediately before the date of any such Reclassification by the following formula:

$\frac{A}{B}$

where:

“A” means the aggregate number of Ordinary Shares on issue immediately before the Reclassification; and

“B” means the aggregate number of Ordinary Shares on issue immediately after the Reclassification.

(g) **No adjustment to Issue Date VWAP in certain circumstances**

Despite the provisions of Conditions 22(e) and 22(f), no adjustment will be made to the Issue Date VWAP where any such adjustment (rounded if applicable) would be less than one per cent. of the Issue Date VWAP then in effect.

(h) **Announcement of adjustments to Issue Date VWAP**

The Issuer will notify any adjustment to the Issue Date VWAP under Conditions 22(d) to 22(f) (inclusive) to the Registrar and the Noteholders within 10 Ordinary Shares Business Days of the Issuer determining the adjustment and the adjustment will be final and binding.

(i) **Status and quotation of Ordinary Shares**

(A) Ordinary Shares issued or arising from Exchange will rank equally with all other fully paid Ordinary Shares provided that the rights attaching to the Ordinary Shares issued or arising from Exchange do not take effect until 5:00pm (Sydney time) on the Subordinated Note Exchange Date (or such other time required by APRA).

(B) The Issuer will use all reasonable endeavours to quote the Ordinary Shares issued on Exchange of the Notes on ASX.

(j) **Exchange where the Noteholder does not wish to receive Ordinary Shares or is an Ineligible Subordinated Holder**

(A) If Notes (or a percentage of the Outstanding Principal Amount of each Note) of a Noteholder are required to be Exchanged and:

- (i) the Noteholder has notified the Issuer that it does not wish to receive Ordinary Shares as a result of Exchange, which notice may be given at any time on or after the Issue Date and prior to the Subordinated Note Exchange Date;

- (ii) the Noteholder is an Ineligible Subordinated Holder; or
- (iii) the Issuer has not received (for any reason whether or not due to the fault of that Noteholder) any information required by it in accordance with the Conditions so as to impede the Issuer issuing the Ordinary Shares to a Noteholder on the Subordinated Note Exchange Date,

then, subject to Condition 22(j)(B), on the Subordinated Note Exchange Date, the Noteholder's rights (including to payment of the Outstanding Principal Amount and interest, and to receive Ordinary Shares) in relation to such Notes being Exchanged are immediately and irrevocably terminated and the Issuer will (subject to Condition 22(j)(F)) issue the Exchange Number of Ordinary Shares to a nominee (which nominee may not be the Issuer or a Related Entity of the Issuer) for no additional consideration on terms that, at the first opportunity to sell the Ordinary Shares, the nominee will arrange for their sale at market value and pay the Attributable Proceeds to the relevant Noteholder (unless, because the Noteholder is an Ineligible Subordinated Holder, the nominee is or would be deemed to be an Ineligible Subordinated Holder, in which case such issue shall occur as soon as practicable after the nominee ceases to be or would not be (as the case may be) an Ineligible Subordinated Holder).

- (B) If Notes (or a percentage of the Outstanding Principal Amount of each Note) of a Noteholder are required to be Exchanged and the Noteholder is the operator of a Clearing System or a nominee for a common depository for any one or more Clearing Systems (such operator or nominee for a common depository acting in such capacity as is specified in the rules and regulations of the relevant Clearing System or Clearing Systems) and the rules and regulations of that Clearing System do not permit the Clearing System or its nominee to hold Ordinary Shares, then, on the Subordinated Note Exchange Date, the Noteholder's rights (including to payment of the Outstanding Principal Amount and interest, and to receive Ordinary Shares from the Issuer) in relation to such Notes being Exchanged are immediately and irrevocably terminated and the Issuer will (subject to Condition 22(j)(F)) issue the Exchange Number of Ordinary Shares to a nominee (which nominee may not be the Issuer or a Related Entity of the Issuer) for no additional consideration on terms that they are dealt with in accordance with Conditions 22(j)(C) and 22(j)(D).

- (C) Where Ordinary Shares are issued to one or more nominees in accordance with Condition 22(j)(B), each person who is for the time being shown in the records of the relevant Clearing System or Clearing Systems as the holder of the corresponding Notes immediately prior to Exchange (each a "Clearing System Participant", in which regard any certificate or other document issued by a Clearing System as to the Outstanding Principal Amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) may, no later than 30 days following the relevant Subordinated Note Exchange Date (the "Clearing System Cut-off Date"), provide to the Issuer and the relevant nominee:

- (i) its name and address for entry into any register of title and receipt of any certificate or holding statement in respect of any Ordinary Shares issued on Exchange;
- (ii) the Noteholder's security account details in CHESS or such other account to which the Ordinary Shares issued on Exchange are to be credited; and
- (iii) such other information as is reasonably requested by the Issuer,

and, if it does so, the nominee will transfer the relevant Ordinary Shares to the Clearing System Participant as soon as possible thereafter.

- (D) If a Clearing System Participant:
 - (i) fails to provide the information required by Condition 22(j)(C) by the Clearing System Cut-off Date;
 - (ii) notifies the Issuer that it does not wish to receive Ordinary Shares on or prior to the Clearing System Cut-off Date; or
 - (iii) would be an Ineligible Subordinated Holder if the Clearing System Participant's name had been entered in a Register as the owner of the Notes immediately prior to Exchange,

then, with effect from the Clearing System Cut-off Date, the Clearing System Participant will cease to be entitled to receive the relevant Ordinary Shares and, at the first opportunity to sell the Ordinary Shares after the Clearing System Cut-off Date, the relevant nominee will arrange for their sale at market value and pay the Attributable Proceeds to the Clearing System Participant.

(E) Where a nominee is to be issued with Ordinary Shares under this Condition 22(j), on and from the date of issue of those Ordinary Shares, the relevant Notes (or percentage of the Outstanding Principal Amount of each Note) are taken to have been Exchanged and the only rights of the Noteholders or the Clearing System Participant (as the case may be) in respect of such Notes (or percentage of the Outstanding Principal Amount of each Note) are:

- (i) where Conditions 22(j)(A) or 22(j)(D) applies, to require the nominee to pay it the Attributable Proceeds or
- (ii) where Condition 22(j)(C) applies and the Clearing System Participant complies with the conditions of that Condition, to require the nominee to effect a transfer of those Ordinary Shares to the Clearing System Participant.

(F) If, where Condition 22(j) applies:

- (i) the Exchange fails to take effect; and
- (ii) the Issuer has not otherwise issued Ordinary Shares to the relevant nominee within five Ordinary Shares Business Days after the date of the occurrence of the Non-Viability Trigger Event,

then the Noteholders' rights (including to payment of the Outstanding Principal Amount and interest, and to receive Ordinary Shares) are immediately and irrevocably terminated in accordance with Condition 21(c).

(k) **Exchange of a percentage of Outstanding Principal Amount**

If, under these Conditions, it is necessary to Exchange a percentage of the Outstanding Principal Amount, this Condition 22 will apply to the Exchange as if references to the Outstanding Principal Amount were references to the relevant percentage of the Outstanding Principal Amount to be Exchanged.

For the avoidance of doubt, if, under these Conditions, it is not necessary to Exchange all of the Outstanding Principal Amount of each Note, and either (a) a Noteholder is the operator of a Clearing System or nominee for a common depository for any one or more Clearing Systems or (b) an Exchange of some only of the Notes could result in the Exchange being applied among Noteholders or Clearing System Participants (as applicable) other than on a pro-rata basis, the Exchange will be effected by the relevant percentage of the Outstanding Principal Amount of each Note being Exchanged.

(l) **Noteholder Acknowledgments**

Each Noteholder irrevocably:

- (A) consents to becoming a member of the Issuer upon Exchange of the Notes as required by these Conditions and agrees to be bound by the constitution of the Issuer, in each case in respect of the Ordinary Shares issued to such Noteholder on Exchange;
- (B) unless (x) it has given notice in accordance with Condition 22(j) that it does not wish to receive Ordinary Shares as a result of the Exchange or (y) it is an Ineligible Subordinated Holder, acknowledges and agrees that it is obliged to accept Ordinary Shares if it holds Notes that are required to be Exchanged as and when required by these Conditions notwithstanding anything that might otherwise affect Exchange including:
 - (i) any change in the financial position of the Issuer since the issue of such Notes;
 - (ii) any disruption to the market or potential market for the Ordinary Shares or to capital markets generally;
 - (iii) any breach by the Issuer of any obligation in connection with the Notes; or
 - (iv) any failure to or delay in exchange, conversion or write down of other Relevant Securities; and
- (C) acknowledges and agrees that:

- (i) it will not have any rights to vote in respect of any Exchange or Write Down;
- (ii) it has no claim against the Issuer for any loss it may suffer arising in connection with any Exchange or Write Down;
- (iii) it has no rights to compensation from, or any other remedies against, the Issuer or any other member of the CBA Group on account of the failure of the Issuer to issue Ordinary Shares if the Issuer is for any reason prevented from doing so;
- (iv) Exchange is not subject to any conditions other than those expressly provided for in Conditions 21 and 22; and
- (v) it has no right to request Exchange or to determine whether (or in what circumstances) the Notes it holds are Exchanged.

Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

Part A – Contractual Terms

The Information Memorandum referred to below (as completed by this Pricing Supplement) has been prepared on the basis that any offer of Notes in (i) any Member State of the EEA will be made pursuant to an exemption under Regulation (EU) 2017/1129 (the "**EU Prospectus Regulation**") from the requirement to publish a prospectus for offers of the Notes or (ii) the UK, will be made in circumstances where an exception to the prohibition of public offers of relevant securities (the "**UK public offer prohibition**") in Regulation 12 of the POATRs applies. Accordingly any person making or intending to make an offer of the Notes in (i) a Member State of the EEA may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the EU Prospectus Regulation, in each case, in relation to such offer or (ii) the UK may only do so in circumstances which do not contravene the UK public offer prohibition. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer, or which contravenes the UK public offer prohibition.

This document constitutes the Pricing Supplement relating to the issue of Notes described herein. Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth in the Information Memorandum dated 1 July 2025 for the issue of Notes under the Programme for which no prospectus is required to be published under the EU Prospectus Regulation and where an exception to the UK public offer prohibition applies, and the supplements to it dated 13 August 2025, 12 February 2026 and 10 March 2026 (together, the "**Information**

Memorandum"). This Pricing Supplement contains the final terms of the Notes described herein and must be read in conjunction with the Information Memorandum in order to obtain all the relevant information.

Schedule 3 – Rights and liabilities attaching to Ordinary Shares

Ordinary Shares (ISIN: AU000000CBA7) may be issued to holders of Subordinated Notes by way of an Exchange. Ordinary Shares may also be issued to a nominee to hold for sale for the benefit of a holder of Subordinated Notes if an Exchange occurs and the holder of Subordinated Notes has notified CBA that it does not wish to receive Ordinary Shares or is an Ineligible Subordinated Holder.

The rights and liabilities attaching to Ordinary Shares are set out in the constitution of CBA, which was approved by shareholders at the Annual General Meeting on 16 October 2019 (the **Constitution**).

Rights attaching to Ordinary Shares

Any Ordinary Shares issued to holders of Subordinated Notes by way of an Exchange will be fully paid and will rank equally with Ordinary Shares already on issue in all respects.

Transfers

Subject to the Constitution, Ordinary Shares may be transferred by a proper transfer executed in accordance with the ASX Settlement Operating Rules, or by a written transfer in any usual form or in any other form approved by CBA's board of directors (the **Board**) and permitted by the ASX Listing Rules, ASX Settlement Operating Rules and Corporations Act. CBA can only defer or refuse to register a share transfer in limited circumstances.

Unless otherwise required by law or the Constitution, CBA is entitled to treat the registered holder as the absolute owner of a share and need not recognise a person as holding a share on trust, even if CBA has notice of a trust.

Except in limited circumstances, CBA is not bound to register more than three persons as joint holders of an Ordinary Share. Where two or more persons are registered as the holders of an Ordinary Share, they hold it as joint tenants with rights of survivorship and on the conditions set out in the Constitution.

Restrictions apply in respect of persons who become entitled to Ordinary Shares by reason of a holder's death or bankruptcy. In the case of the death of a holder, the survivor or survivors jointly registered as holders and the legal personal representatives of a sole holder are the only persons CBA will recognise as having title to the holder's interest in the shares or any benefits accruing on those shares.

Dividends

Holders of Ordinary Shares may receive dividends if the Board determines that a dividend is payable. The Board may determine to pay any dividends that, in its judgement, the financial position of CBA justifies, subject to the Corporations Act. Dividends on Ordinary Shares may be subject to the preferential dividend rights of any preference shares on issue. The Board may rescind a decision to pay a dividend as set out in the Constitution.

The Board may decide the method of payment of any dividend and different methods may apply to different shareholders, such as overseas shareholders. If the Board decides that payments will be made by electronic transfer but no bank account is provided by the shareholder, CBA may hold that amount until a valid account is provided and no interest will accrue on such amount. CBA also has a dividend reinvestment plan for eligible holders. The Board determines whether or not the dividend reinvestment plan operates for each dividend and who is eligible to participate.

Winding up

On winding up of CBA, holders of Ordinary Shares will participate in the division of any surplus assets of CBA (subject to the Constitution and the rights of any preference shares on issue).

Meetings

Subject to the Constitution, holders of Ordinary Shares are entitled to receive notice of, attend and vote in person, by body corporate representative, attorney or proxy at general meetings of CBA.

On a show of hands, each holder (regardless of the number of shares held) has one vote. On a poll, each holder has one vote for each fully paid Ordinary Share held. Voting rights are subject to the Constitution, Corporations Act and ASX Listing Rules, including any applicable voting exclusions.

Issue of further shares

The Board has the power to issue shares and decide the rights and restrictions attached to those shares. Subject to the Corporations Act and ASX Listing Rules, the Board may issue further shares or options over shares on such terms as they think fit.

Restrictions of ownership of Ordinary Shares

Australian laws including financial sector and foreign ownership and takeover laws impose certain limitations on the right of persons to hold, own or vote on Ordinary Shares.

Variation of the Constitution

CBA may seek approval by special resolution of holders of Ordinary Shares (passed by at least 75 per cent. of the votes cast by members entitled to vote on the resolution) to vary the Constitution.
