Announcement authorised for ASX release by the Board of Actinogen Medical Limited

### About Actinogen Medical

Actinogen Medical (ACW) is an ASX-listed, biotechnology company developing a novel therapy for neurological and neuropsychiatric diseases associated with dysregulated brain cortisol. There is a strong association between cortisol and detrimental changes in the brain, affecting cognitive function, harm to brain cells and long-term cognitive health.

Cognitive function means how a person understands, remembers and thinks clearly. Cognitive functions include memory, attention, reasoning, awareness and decision-making.

Actinogen is currently developing its lead compound, Xanamem, as a promising new therapy for Alzheimer's Disease. It has also conducted a phase 2 trial in patients with cognitive impairment and depression and may study Fragile X Syndrome and other neurological and psychiatric diseases in the future. Reducing cortisol inside brain cells could have a positive impact in these and many other diseases. The cognitive dysfunction, behavioural abnormalities, and neuropsychological burden associated with these conditions is debilitating for patients, and there is a substantial unmet medical need for new and improved treatments.

### Clinical Trials

**The XanaMIA Phase 2b/3 Alzheimer's disease trial** is a double-blind, 36-week treatment, placebo-controlled, parallel group design trial in 247 patients with mild to moderate AD and progressive disease, determined by clinical criteria and confirmed by an elevated level of the pTau181 protein biomarker in blood. Patients receive Xanamem 10 mg or placebo, once daily, and its ability to slow progression of Alzheimer's disease is assessed with a variety of endpoints. The primary endpoint of the trial is the internationally-recognized CDR-SB (Clinical Dementia Rating scale – Sum of Boxes). The trial is being conducted in Australia and the US and is now closed to participant recruitment. It has passed an independent Data Monitoring Committee safety and efficacy futility review and final topline results are expected in November 2026.

**The XanaMIA-OLE Alzheimer's disease open-label extension** is an open-label phase of up to 25 months treatment where all participants will receive active Xanamem 10 mg once daily. The trial evaluates safety and a limited number of efficacy endpoints such as the CDR-SB. The trial commenced in March 2026 and is open to all former and current participants in the XanaMIA Phase 2b/3 trial.

**The XanaCIDD Phase 2a depression trial** was a double-blind, six-week proof-of-concept, placebo-controlled, parallel group design trial in 167 patients with moderate, treatment-resistant depression and a degree of baseline cognitive impairment. Participants were evenly randomized to receive Xanamem 10 mg once daily or placebo, in most cases in addition to their existing antidepressant therapy, and effects on cognition and depression were assessed. Trial results were reported in August 2024 and showed clinically and statistically significant benefits on depression symptoms with positive effects on the MADRS scale (a validated scale of depression symptom measurement) and the PGI-S (a valid patient reported assessment of depression severity). Cognition improved markedly and to a similar extent in both Xanamem and placebo groups.

### About Xanamem (emestedastat)

Xanamem's novel mechanism is to control elevated levels of cortisol (aka the "stress hormone") in the brain through the inhibition of the cortisol synthesis enzyme, 11 $\beta$ -HSD1, without affecting production of cortisol by the adrenal glands which is essential for the body's normal functioning. Xanamem is a first-in-class, once-a-day pill designed to deliver high levels of cortisol control in key areas of the brain related to Alzheimer's and other diseases such as the hippocampus and frontal cortex. To view Xanamem's two-minute Mechanism of Action animation, [click here](#).

Chronically elevated cortisol is associated with progression in Alzheimer's Disease and excess cortisol is known to be toxic to brain cells. Cortisol itself is also associated with depressive symptoms and when targeted via other mechanisms has shown some promise in prior clinical trials. The recent XanaCIDD trial demonstrated clinically and sometimes statistically significant benefits on depressive symptoms, further validating the cortisol control mechanism for the Xanamem 10 mg oral daily dose.

The Company has studied 11 $\beta$ -HSD1 inhibition by Xanamem in more than 500 volunteers and patients in eight clinical trials. Xanamem has a promising safety profile and has demonstrated clinical activity in patients with depression, patients with biomarker-positive Alzheimer's disease and cognitively normal volunteers. High levels of target engagement in the brain with doses as low as 5 mg daily have been demonstrated in a human PET imaging study.

Xanamem is an investigational product and is not approved for use outside of a clinical trial by the FDA or by any global regulatory authority. Xanamem® is a trademark of Actinogen Medical.

## Agenda

### 1. Background for Resolutions 1 - 5

Approval is being sought from the Shareholders under ASX Listing Rule 10.14 for the issue of Employee Share Loan Plan Shares (**ESP Shares**) pursuant to the Company's Employee Share Loan Plan (**Employee Share Loan Plan** or **Plan**) as detailed in Resolutions 1 - 5, the terms of which Plan are summarised in Annexure A of this Notice.

Subject to shareholder approval, the Directors will be issued a total of 56,000,000 ESP Shares under the Employee Share Loan Plan as follows:

- Dr Geoffrey Brooke (or his nominee) – 9,000,000 ESP Shares
- Dr Steven Gourlay (or his nominee) – 38,000,000 ESP Shares
- Mr Malcolm McComas (or his nominee) – 3,000,000 ESP Shares
- Dr George Morstyn (or his nominee) – 3,000,000 ESP Shares
- Dr Nicki Vasquez (or her nominee) – 3,000,000 ESP Shares

Where approval is obtained, the Issue Price for each ESP Share shall be equivalent to the greater of:

- a) \$0.042; or
- b) a 25% premium to the 5-day VWAP of the Shares as traded on the ASX on the 5 trading days immediately before the issue date of the ESP Shares (Issue Date),

for each Director being after the approval of the respective resolutions for the issue of their ESP Shares.

The issue price of the ESP Shares cannot be determined prior to obtaining the respective shareholder approvals. Under these circumstances, a Black and Scholes method of calculation

has been used to estimate the total value of the ESP Shares proposed to be issued to the Director over a 3-year period, as described in Resolutions 1 - 5 below.

Section 208 of the Corporations Act (Chapter 2E) prohibits a public company from giving a financial benefit to a related party of the public company unless providing the benefit falls within a prescribed exception to the general prohibition, as set out in sections 210 to 216 of the Corporations Act. Relevantly, there is an exception if the Company obtains prior shareholder approval for the giving of the financial benefit.

A "financial benefit" for the purposes of the Corporations Act has a very wide meaning. It includes a public company paying money or issuing securities to the related party, including shares and convertible securities. In determining whether or not a financial benefit is being given, it is necessary to look to the economic and commercial substance and effect of the public company's proposed conduct (rather than just its legal form).

A "related party" (as defined in the Act) includes the Directors of the Company and their controlled entities.

Issuing the ESP Shares constitutes giving a financial benefit to Dr Geoffrey Brooke, Dr Steven Gourlay, Mr Malcolm McComas, Dr George Morstyn and Dr Nicki Vasquez who are related parties of the Company by virtue of being directors. As a result, Shareholder approval is sought pursuant to Chapter 2E of the Act.

The ESP Shares will be issued on the terms of the Loan Terms (described in Annexure A). The Company may take security over the ESP Shares (and will impose a holding lock) pending repayment of the Loan.

The ESP Shares shall be subject to an escrow contained in separate voluntary restriction agreements to be entered with the Company by each Director prior to the Company issuing any ESP Shares, one third of the ESP Shares shall vest upon the day being 12 months from the issue date and the balance in equal quarterly increments over the following two years.

The Directors to be issued ESP Shares will also give a Power of Attorney in favour of the Company for limited circumstances where the Company may need to act as attorney for that Director, as described in the Loan Plan documents each Director will execute.

Each of Resolutions 1 - 5 is a separate resolution and is not dependent upon any other of them being approved.

As all Directors have a material personal interest in the issue of the Shares under the Plan pursuant to Resolutions 1 - 5, the Company seeks approval under section 195 of the Corporations Act under each of Resolutions 1 - 5 so that the Shareholders may pass a resolution to deal with each of those matters.

#### **Section 259B of the Corporations Act**

Section 259B(2) of the Corporations Act permits a Company to take security over its own shares issued pursuant to an employee share scheme under certain conditions, including where prior shareholder approval of the employee share scheme has been obtained. Accordingly, the Company is seeking shareholder approval under each of Resolutions 1 - 5 in respect of the operation of section 259B(2) of the Corporations Act, for circumstances where the Company elects to provide an employee assistance in the acquisition of shares in itself, such as providing a loan for the payment of the purchase price of a Share to be issued under the Plan, and takes security over its own shares for repayment of the loan.

Section 260A of the Corporations Act allows only limited circumstances under which a company may provide financial assistance for the acquisition of shares in itself without obtaining prior shareholder approval, including pursuant to Section 260A(1) the giving of the assistance which does not materially prejudice (i) the interests of the company or its shareholders, or (ii) the company's ability to pay its creditors. The Board is of the view that the Section 260A(1) exemption is applicable, and at the relevant times will be applicable, to any loans that may be granted for the acquisition of ESP Shares under the Plan. Accordingly, the Company will not be seeking shareholder approval with respect to Section 260A of the Corporations Act for any of Resolutions 1 - 5.

## 1.1 Application of ASX Listing Rules

Each Director of the Company is a "related party" of the Company under the ASX Listing Rules. Therefore, shareholder approval is being sought for the proposed issues of Loan Funded Shares to Directors under ASX Listing Rule 10.14, which provides that a listed company must not permit a Director of the entity to acquire equity securities under an employee incentive scheme (such as the Employee Share Loan Plan) without the approval of the holders of its ordinary securities.

## 2. Resolution 1: Approval of Employee Share Loan Plan Shares issue to Dr Geoffrey Brooke

For the purposes of ASX Listing Rule 10.14 the Company seeks shareholder approval for the proposed issue to Dr Geoffrey Brooke of a total of 9,000,000 ESP Shares (**GB Shares**) at the Issue Price described above in Section 1 of this Notice.

Subject to Dr Geoffrey Brooke meeting the vesting condition of him being "Continuously Employed" (as defined in the Company's Employee Share Loan Plan) on each relevant vesting date, one third of the GB Shares shall vest upon the day being 12 months from the Issue Date and the balance in equal quarterly increments over the following two years.

If approved, this issue of GB Shares will result in Dr Geoffrey Brooke having a total relevant interest in the capital of the Company of 1.08%, comprising total Loan Plan Shares issued under the Share Loan Plan of 0.87% plus Shares issued outside of the Share Loan Plan of a further 0.21%.

Under these circumstances and using a Black and Scholes method of calculation, the Company estimates that the total value of the GB Shares over a 3-year period is \$261,000, which is equivalent to an amount of \$87,000 p.a. for each of the 3 years over which the GB Shares vest.

Provided shareholder approval to this Resolution 1 is obtained under ASX Listing Rule 10.14, further shareholder approval to Resolution 1 is not required under ASX Listing Rule 7.1 (see Listing Rule 7.2, Exception 14). If this Resolution 1 is not passed, the Company will not be able to proceed with the issue of any GB Shares to Dr Geoffrey Brooke at this time and has no commitment to Dr Geoffrey Brooke to provide any compensation if this Resolution 1 is not passed.

## 5. Resolution 4: Approval of Employee Share Loan Plan Shares issue to Dr George Morstyn

For the purposes of ASX Listing Rule 10.14 the Company seeks shareholder approval for the proposed issue to Dr George Morstyn of a total of 3,000,000 ESP Shares (GM Shares) at the Issue Price described above in Section 1 of this Notice.

Subject to Dr George Morstyn meeting the vesting condition of him being "Continuously Employed" (as defined in the Company's Employee Share Loan Plan) on each relevant vesting date, one third of the GM Shares shall vest upon the day being 12 months from the Issue Date and the balance in equal quarterly increments over the following two years.

If approved, this issue of GM Shares will result in Dr George Morstyn having a total relevant interest in the capital of the Company of 0.57%, comprising total Loan Plan Shares issued under the Share Loan Plan of 0.29% plus Shares issued outside of the Share Loan Plan of a further 0.28%. Under these circumstances and using a Black and Scholes method of calculation, the Company estimates that the total value of the GM Shares over a 3-year period is \$87,000, which is equivalent to an amount of \$29,000 p.a. for each of the 3 years over which the GM Shares vest.

Provided shareholder approval to this Resolution 4 is obtained under ASX Listing Rule 10.14, further shareholder approval to Resolution 4 is not required under ASX Listing Rule 7.1 (see Listing Rule 7.2, Exception 14). If this Resolution 4 is not passed, the Company will not be able to proceed with the issue of any GM Shares to Dr George Morstyn at this time and has no commitment to Dr George Morstyn to provide any compensation if this Resolution 4 is not passed.

## Annexure A - Summary - Employee Share Loan Plan Terms and Loan Terms

From time to time, and in its absolute discretion, the Board may invite employees and other eligible personnel of the Company (including the directors) to subscribe for Loan Shares under the Employee Share Loan Plan and, if the Board considers appropriate, to receive a limited recourse loan for all or part of the subscription price for those Loan Shares.

The key terms of each limited recourse loan (**Loan**) provided under the Plan (**Loan Terms**) are as follows:

- a) the Loan may only be applied towards the subscription price for the ESP Shares, which subscription price will be at or above the market price of the Shares at the time the ESP Shares are issued;
- b) the Loan will be interest free, provided that if the Loan is not repaid by the repayment date set by the Board, the Loan will incur interest at a default rate after that date (which will accrue on a daily basis and compound annually on the then outstanding Loan balance);
- c) by signing and returning a limited recourse loan application, the participants of the Plan (each a **Participant**) acknowledge and agree that the ESP Shares will not be transferred, encumbered, otherwise disposed of, or have a security interest granted over it, by or on behalf of the Participant until the Loan is repaid with respect to those ESP Shares sought to be so dealt with;
- d) the Loan becomes repayable on the earliest of:
  - (i) 5 years from the date on which the Loan is advanced to the Participant;
  - (ii) one month after the date of: (A) the Participant's resignation or cessation of office/engagement/employment (as the case may be) (other than if the Participant is removed from office), (B) if the Company does not renew the Participant's employment agreement or engagement terms, or (C) where the Company dismisses the Participant other than for cause; and
  - (iii) (by the legal personal representative of the Participant) six months after the Participant ceases to be an employee of the Company due to their death;the earliest date being the **Repayment Date**.
- e) notwithstanding paragraph (d) above:
  - (i) the Participant may repay all or part of the Loan at any time before the Repayment Date; and
  - (ii) the Loan will be limited recourse such that on the Repayment Date the repayment obligation under the limited recourse loan will be limited to the lesser of the outstanding balance of the limited recourse loan and the market value of the ESP Shares on that date.
- f) In addition, where the Participant has elected for the ESP Shares to be provided to the Company in full satisfaction of the Loan, the Company must accept a transfer of the ESP Shares by the Participant as full settlement of the repayment obligation under the limited recourse loan.

The ESP Shares will rank equally with all other fully paid ordinary shares on issue in the capital of the Company. Holders of ESP Shares will be entitled to exercise all voting rights attaching to those Shares in accordance with the Company's constitution. In addition, holders of ESP Shares will be entitled to participate in dividends declared and paid by the Company in accordance with the Company's constitution, provided that any dividends declared with respect to the ESP Shares, while there is still remaining any portion of the Loan unpaid, shall first be applied and paid to the Company in reduction of the outstanding Loan balance until that outstanding Loan balance is zero, before it is paid in cash to, or for any other benefit of, the Participant.

The maximum number of securities that may be issued under the Employee Share Loan Plan (as renewed) is a number equal to 10% of the issued share capital of the Company at the time of issue of the ESP Shares over a rolling 3-year period.

The ESP Shares may only be sold by a Participant (where the Participant has been granted a limited recourse loan) where the Loan has been repaid in full in respect to the ESP Shares sought to be sold (otherwise any dealing by the Participant in the ESP Shares is prohibited without the prior written consent of the Company).

If the Loan becomes due and payable and the Participant has not repaid the amount of the Loan in full within 21 days of the due date, then the Participant will forfeit their interest in the ESP Shares as full consideration for the repayment of the outstanding Loan balance, and the Company may either (at its election) take such action in the Participant's name, or direct that the Participant take such action, in relation to the ESP Shares as the Company considers appropriate, which may include but is not limited to the Company undertaking a buy-back or capital reduction of the ESP Shares or selling the ESP Shares.

Upon any cessation of Continuous Employment (as defined in the Plan) of a Participant for any reason unless otherwise resolved by the Company (in its absolute discretion):

- a) all unvested securities issued pursuant to this Plan (**Relevant Securities**) shall lapse with immediate effect upon that termination;
- b) the vesting conditions not yet met shall be deemed incapable of being met; and
- c) the Relevant Securities shall be cancelled by the Company forthwith.

The Board has the discretion under the Plan at any time and without the need to provide any reason or cause or compensation to a Participant:

- a) to vary or accelerate vesting conditions or loan terms as it determines in its absolute discretion provided that any variation is not materially adverse to the existing rights conferred under the Plan; and
- b) to supplement, vary, amend or suspend the Plan or any of the terms and conditions of this Plan as provided in the Plan, provided that any variation is not materially adverse to the existing rights conferred under the Plan.

Copies of the Plan Rules are available for inspection at the Company's registered office and will be provided without charge to shareholders on request.

The application for the ESP Shares to be executed by a Participant includes the appointment by the Participant of the Company to be its attorney under a power of attorney (**Power of Attorney**) to perform all acts required on the Participant's behalf in order

- For personal use only
- a) to transfer the shares (not yet vested) which are the subject of the application to a nominee or nominees of the Company at the Issue Price per Share; or
  - b) for the Company to undertake a buy-back (at the Issue Price per Share) or capital reduction of those Shares not yet vested pursuant to the provisions of the Corporations Act,

upon the basis that the application form is an irrevocable direction to the Company to apply all proceeds that would have otherwise been provided or due to the Participant on a transfer, buy-back or capital reduction solely in satisfaction of the Outstanding Loan Balance (as defined in the Loan Agreement).

The application form also contains a vesting condition that prevails over all other (if any) vesting conditions (**Liquidity Event Vesting Condition**), namely that all ESP Shares vest immediately upon the happening of a Liquidity Event (as defined). A “**Liquidity Event**” is defined as:

- a) where a bidder under a takeover offer (as defined in the Corporations Act) has acceptances for more than 50% of the ordinary shares in the Company and there are no unsatisfied conditions (or conditions that have not been waived) under the bid;
- b) on shareholder approval being obtained for a scheme of arrangement (as defined in the Corporations Act) with respect to the assets or securities of the Company; or
- c) completion under a contract of sale with a third party purchaser of all, or substantially all, of the assets and undertaking of the Company.
