Solis Minerals Completes A\$6 Million Placement For Drilling At The Brazil Lithium Project

HIGHLIGHTS

- Solis Minerals (“SLM”, ASX:SLM) has received firm commitments from institutional and sophisticated investors to raise A\$6 million (before costs), including commitments from the Chairman and CEO to invest A\$100,000, subject to shareholder approval.
- The placement received strong support from new and existing shareholders, including leading lithium producer PLS Group Limited (“PLS”, ASX:PLS) with a pro-rata investment to maintain their 5.1% stake in the Company and remain SLM’s largest shareholder.
- PLS owns the Colina Lithium Project located within close proximity to the SLM’s Brazil Lithium Project in Minas Gerais, Brazil.
- Funds raised will be deployed into:
 - Brazil Lithium Project drilling (two targets) commencing June 2026;
 - Cinto Copper Project drilling; and
 - Regional surface exploration and general working capital.

Solis Minerals Limited (“Solis Minerals” or the “Company”), is pleased to announce the receipt of firm commitments for a Placement of up to 63,157,895 shares at A\$0.095 per Share (New Shares) to raise a total of \$6.0 million (before costs) (Placement).

The Placement price represents a very tight 9.5% discount to the last traded price of \$0.105 on 26 May 2026; with no attaching options.

The Placement received strong support from a range of new and existing sophisticated investors and institutions, including substantial shareholder PLS which will maintain its 5.1% holding in the Company. The participation by PLS follows execution of a Collaboration Agreement in April 2026 concerning the Brazil Lithium Project¹.

Proceeds from the placement will be used to advance drilling at the Brazil Lithium Project (Mandacaru and Campo Grande, both 100% SLM) commencing June 2026, drilling at the Cinto Copper Project (100% SLM), regional surface exploration and general working capital.

Solis Minerals is hosting a webinar today at 09:00am AWST / 11:00am AEST².

CEO Mitch Thomas, commented:

“This Placement represents a milestone for Solis Minerals; high-quality institutional support, including global lithium leader PLS. This strong backing reflects the geological potential in our projects and favourable macro-positioning across lithium and copper. With drilling commencing June 2026, we are well positioned to unlock value through an active exploration program. Thank you to existing and new shareholders for their support.”
