- Major upgrade drilling programs nearing completion at Challenger, Tunkillia and Tolmer; ongoing discussions for potential low dilution funding pathways to be underpinned by key milestones

Barton Gold Holdings Limited (ASX:BGD, OTCQB:BGDFF, FRA:BGD3) (**Barton** or the **Company**) is pleased to announce that placement to institutional investors announced 1 June 2026 has been completed (**Placement**).² Barton slightly increased the Placement quantum to accommodate additional demand from existing North American investors, 30,470,588 new shares have been issued a price of \$0.85 per share to raise \$25.9 million (before costs). Barton's expanded capital structure now comprises 270,169,465 fully paid ordinary shares.

The Placement was fully supported prior to launch by existing institutional investors Franklin Templeton, Aegis Financial, IXIOS and MERK, and closed significantly oversubscribed. Canaccord Genuity (Australia) Limited (**Canaccord**) and MST Financial Services Pty Ltd (**MST**) were Lead Managers in conjunction with Barton's equity capital markets initiatives. Barton estimates total costs of the Placement at less than 2.5% of total proceeds.

Commenting on the Placement, Barton Managing Director Alexander Scanlon said:

"This Placement further strengthens Barton's high quality institutional register and fully funds several key milestones in support of our vision to build South Australia's largest independent gold producer. These milestones will underpin both our commercial pathway, and discussions for a wide range of available future low dilution funding solutions.

"Barton has worked diligently during the past five years to lay the foundations for large-scale regional gold production, doing so expeditiously and with a focus on minimal dilution. With over \$30 million cash and our own strategic diesel reserve, Barton is very well positioned to deliver material project and shareholder value during the next 18 months."
