

Almonty Industries Announces Closing of its Oversubscribed Convertible Senior Notes Offering Including Full Exercise of Over-Allotment Option

Successful Closing Strengthens Almonty's Balance Sheet to Support Its Emergence as a Leading Non-China Supplier of Strategic Tungsten

Dillon, Montana — June 9, 2026 — Almonty Industries Inc. (“**Almonty**” or the “**Company**”) (Nasdaq: ALM) (TSX: AII) (ASX: AII) (Frankfurt: ALI1) today announced the successful closing of its previously announced significantly oversubscribed offering of US\$700,000,000 aggregate principal amount of 2.25% convertible senior notes due 2031 (the “notes”), including the exercise in full by the initial purchasers of their option to purchase an additional US\$100,000,000 aggregate principal amount of notes. The notes were offered in a private offering to persons reasonably believed to be qualified institutional buyers pursuant to Rule 144A under the Securities Act of 1933, as amended (the “Securities Act”).

The net proceeds of the offering were approximately US\$772.7 million, after deducting the initial purchasers’ discounts, commissions and Almonty’s offering expenses.

Lewis Black, Chairman, President & Chief Executive Officer of Almonty, commented: “The successful closing of this significantly oversubscribed offering, including the full exercise of the over-allotment option, reflects the strong conviction institutional investors have in Almonty and in the essential role tungsten plays in the defense and advanced technology supply chains of the West. This financing meaningfully strengthens our balance sheet and enhances our financial flexibility as we advance the development of our flagship Sangdong Mine and work to establish a secure, conflict-free, non-China source of this strategic metal for the United States and its allies.”

The offer and sale of the notes and any common shares issuable upon conversion of the notes have not been, and will not be, registered under the Securities Act or any other securities laws, and the notes and any such shares cannot be offered or sold except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and any other applicable securities laws. This press release does not constitute an offer to sell, or the solicitation of an offer to buy, the notes or any common shares issuable upon conversion of the notes, nor will there be any sale of the notes or any such shares, in any state or other jurisdiction in which such offer, sale or solicitation would be unlawful.

About Almonty

Almonty (Nasdaq: ALM) (TSX: AII) (ASX: AII) (Frankfurt: ALI1) is a leading supplier of conflict-free tungsten – a strategic metal critical to the defense and advanced technology sectors. As geopolitical tensions heighten, tungsten has become essential for armor, munitions, and electronics manufacturing. Almonty’s flagship Sangdong Mine in South Korea, historically one of the world’s largest and highest-grade tungsten deposits, is expected to be a major contributor to the global non-China tungsten supply chain upon reaching full capacity, directly addressing critical supply vulnerabilities highlighted by recent U.S. defense procurement bans and export restrictions by China. With established operations in Portugal and additional projects in the U.S. and Spain, Almonty is strategically aligned to meet rapidly rising demand from Western allies committed to supply-chain security and defense readiness.
