## GDM ACHIEVES FIRST CASHFLOW

### ASX Announcement

#### **GDM announces first cash receipt under its 12-month concentrate sales agreement.**

Great Divide Mining Ltd (ASX: GDM) ("GDM" or "the Company") is pleased to advise shareholders that it has received its first cash payment for product sold under the Company's recently announced 12-month offtake agreement.

The payment represents the first cash receipt generated from commercial operations and the sale of product from GDM's Challenger Gold Mine, marking a significant milestone in the Company's evolution from explorer and developer to gold producer.

Since listing on the ASX on 25 August 2023, GDM has progressed from an early-stage explorer to a company generating revenue from mining operations in less than three years.

"The receipt of our first payment under the offtake agreement is an important milestone for the Company and reflects the progress made by the GDM team since listing less than three years ago," said GDM Managing Director and Chief Executive Officer, Justin Haines.

"It is always pleasing to be delivering positive news to shareholders; however actual production of saleable product, its' sale and the receipt of payment, confirms the achievement of a tangible commercial outcome for GDM shareholders," he continued.

"We look forward to updating shareholders on operational performance and cash generation in our June Quarterly Report," said Haines.

Mining and processing activities continue at the Challenger Gold Mine as the Company targets increased production rates and regular weekly concentrate sales, with a second container load being shipped.
