

FOS secures \$1 million Healthcare Lighting Project

FOS Capital Limited (ASX: FOS) via its fully owned subsidiary FOS Lighting Pty Ltd is pleased to announce that it has been awarded the **Monash Medical Clinic Tower Expansion** lighting project in Victoria, valued at approximately **\$1 million**.

The project represents a significant healthcare lighting contract for one of Australia's leading healthcare organisations and further strengthens FOS's position as a trusted supplier of specialised lighting solutions for critical infrastructure projects.

The project involves the supply of specialised high-performance lighting solutions throughout the facility, and this order will be completed over next 12 months.

The major contract represents another important milestone for the Company and reflects the continued strength of FOS's reputation to deliver technically advanced, energy-efficient lighting solutions that meet the stringent performance, compliance and reliability requirements of the healthcare sector. The Company believes its technical expertise, innovative product offering and project delivery capabilities were key factors in securing the contract.

The project is expected to make a meaningful contribution to revenue over FY27 while further strengthening the Company's order book.

FOS is also pleased to advise that the Group's total secured order book has increased to **approximately \$10 million**.

This announcement has been authorised for release to the ASX by the FOS Capital Limited Board of Directors. Note: All \$ values exclude GST.
