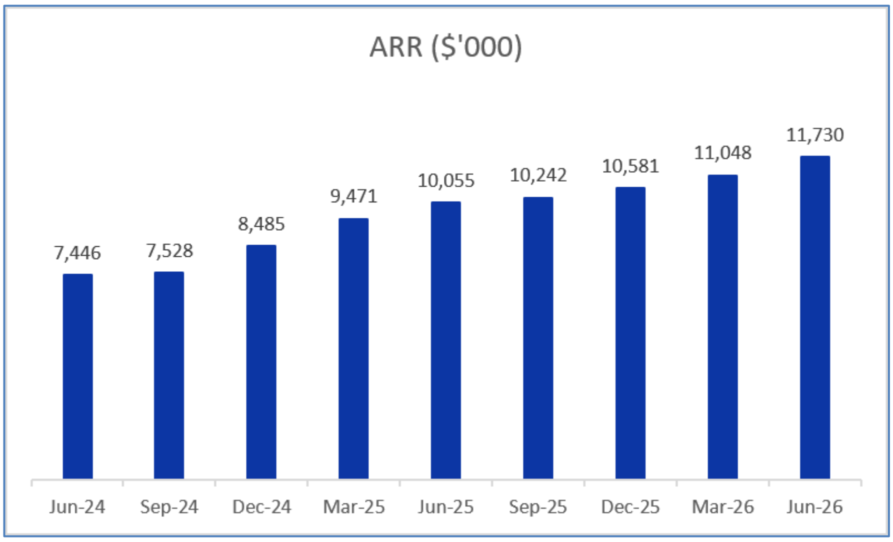
Annual Recurring Revenue Growth

During the year, we refined our business operating model and continued transitioning the business towards ARR and less lumpy upfront revenues.

SenSen achieved ARR[1] growth of 17% compared to PCP, with ARR increasing to $11.7 million from $10.1 million. This growth was attributable to new customers, expansion revenue from existing customers and a 35% increase in usage revenue compared to PCP. ARR growth also benefitted from low customer churn of 1.4% of revenue in FY26.



1. ARR – Annualised Recurring Revenue consists of contracted recurring maintenance and usage revenue, calculated at quarter end.

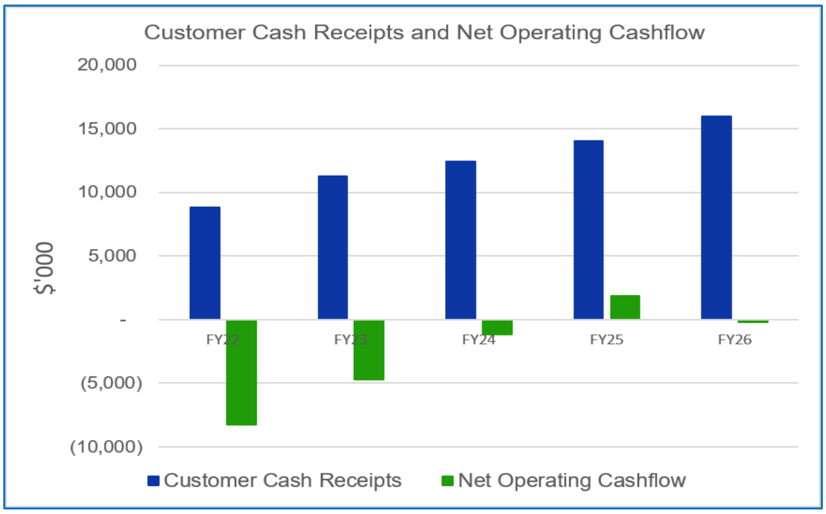
Operating Cashflows

SenSen delivered positive operating cash flow of $0.4 million in Q4, an improvement of 254% over the prior corresponding period. For FY26, operating cash flow was a modest outflow of $0.2 million. This was primarily due to staff payments being impacted by an additional pay cycle in H1, which was a timing difference only. Excluding this payment, FY26 operating cash flow would have been approximately $0.4 million positive.



Cash and Debt Position

The Company's net debt position improved from the previous quarter to $20,000 at 30 June 2026 due to strong customer collections.

Business Operations Update

We are also pleased to update that we continued to strengthen our long-term customer relationships through several significant renewals, extensions and competitive tender wins.

Key achievements included:

- Extension of our engagement with Las Vegas to a contract term of up to five years
- A new five-year contract with Cairns Regional Council, QLD, Australia
- Expansion and five-year extension with Ipswich City Council, QLD, Australia
- A new five-year contract with Newcastle, NSW, Australia

23 July 2026

Our North American business, currently serving 27 cities in the region, has successfully completed delivery of four of the five new city contracts won in FY26:

- Pittsburgh Parking Authority, Pennsylvania, USA
- Toronto Exhibition Place, Ontario, Canada
- City of Kitchener, Ontario, Canada
- City of Mississauga, Ontario, Canada

The City of Birmingham (Alabama, USA) contract delivery is expected to be completed in August 2026. These contracts will contribute to our growing ARR base in FY27.

SenSen made its initial foray into the state of Victoria with paid product trials commencing with Darebin City Council and Port Phillip City Council, representing our first local government deployments in metropolitan Melbourne. We have also initiated a new trial with a local government customer in Western Australia, further broadening our geographic reach.

Subhash Challa, CEO of SenSen, said:

"*The record-breaking cash collections in this quarter and in FY26 reflects the growing strength of SenSen. The growth in annual recurring revenue and less lumpy upfront revenue will improve our financial performance going forward. SenSen is well positioned to accelerate sustainable growth through FY27 and beyond.*"

This release is approved by the Board of SenSen.
