1. 3Q26 cash profit was impacted by a NZD 125 million pre-tax expense provision relating to the New Zealand class action. Using the 30 June 2026 exchange rate, this equates to AUD 103 million pre-tax (AUD 74 million post-tax). Excluding this provision, 3Q26 vs 1H26 quarterly average cash profit increased by 5% to \$1.98 billion and operating expenses reduced by 3%. See media release of 6 May 2026. The provision followed the 5 May 2026 High Court ruling in relation to claims against ANZ Bank New Zealand Limited (ANZ NZ) under the Credit Contracts and Consumer Finance Act 2003, and reflects the Group's assessment of its maximum potential liability for costs of borrowing following the High Court Judgment. ANZ has appealed the High Court Decision. <https://www.anz.com.au/newsroom/new-zealand/2026/05/anz-new-zealand-class-action-decision/>

# Progress under the ANZ 2030 five immediate priorities<sup>1</sup>

1. This page contains forward looking statements. These statements are subject to the disclaimer on page 2

2. Overall percentage completion is calculated based on the number of approved solution design decisions and deliverables (also defined as work packages) in Suncorp Bank Integration and Single Customer Front-End ('SCFE') program plans completed as 30 June 2026. Deliverables in plan vary in size and complexity, and remain subject to change. Progress to date is not a representation of likely progress in equivalent future periods. 84% of 3,500 announced roles is calculated on an FTE basis between 1 April 2025 and 30 June 2026.
