

ASX RELEASE

14 August 2026

Change of Company Secretary

In accordance with ASX Listing Rule 3.16.1, Acusensus Limited (ASX: ACE) (Acusensus or the Company) advises that Mr Daniel Petravicius has resigned as Company Secretary and that Ms Annie Mould has been appointed as Company Secretary, effective immediately. Ms Mould has also been appointed as the Company's General Counsel.

Ms Mould has significant experience across legal, governance and risk roles, with both senior in-house leadership and in private practice at Herbert Smith Freehills Kramer. She was General Counsel and Company Secretary at Kinetic, a global transport operator and the largest bus operator in Australia and NZ, where she built the legal, governance and risk functions in a fast-scaling environment.

Since Kinetic, Ms Mould has taken on other roles that also map closely to where the Company is headed, including company secretarial and governance work at Xero and Marinus Link.

The Board of Directors express their gratitude to Mr Petravicius and acknowledge his contribution to the Board and Acusensus.

For the purpose of Listing Rule 12.6, Ms Annie Mould will be the person responsible for communications between the Company and the ASX.

This announcement has been authorised by the Board of Acusensus Limited.

About Acusensus

Acusensus is a technology company that was founded in 2018 with a mission to design and develop artificial intelligence enabled road safety solutions. Collaborating with governments and commercial stakeholders to tackle distracted driving globally is Acusensus' first priority. Acusensus has pioneered intelligent solutions that provide anywhere, anytime digital evidence that can be used in conjunction with law enforcement to drive behavioural change and improve road safety. Acusensus technology is used to detect and provide prosecutable evidence of distracted driving (mobile phone use), seatbelt compliance, speeding, railway crossing compliance and the monitoring of vehicles of interest.

Leveraging AI and sensing expertise, Acusensus also provides technology that protects workers in live traffic environments. The Forsite by Acusensus road worker safety system integrates roadside sensors, connected wearables and real time analytics to give crews early warning of approaching vehicle risks, delivering the vital seconds needed to avoid harm while generating data that helps make worksites safer over time.

Acusensus listed on the Australian Securities Exchange in January 2023. Acusensus is headquartered in Melbourne, Australia, with offices also in Sydney, Brisbane, Perth, Auckland (New Zealand), Christchurch (New Zealand), London (United Kingdom), Las Vegas Nevada (United States) and Hartford Connecticut (United States).
