▲ guided +170M	▼ from 0.5x in FY25	▲ 6% on FY25

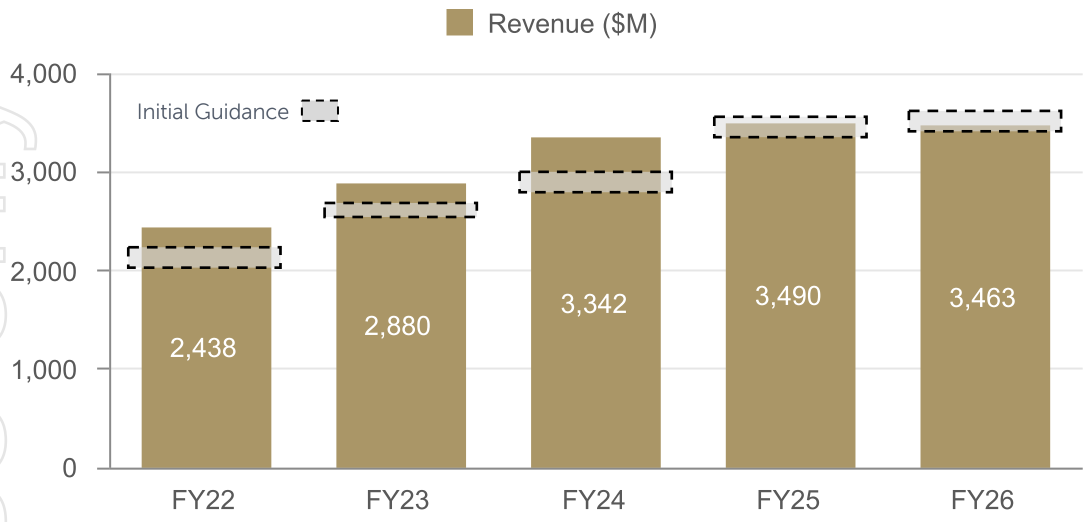
- EBIT(A) met guidance and set a new record at $340 million, driven by increased group margin to 9.8%.
- Earnings quality continued to improve inline with pivot towards tier 1 jurisdictions.
- Leverage reduced to 0.4x, down from 0.5x in FY25 with continued delivery of strong free cash flow.
- Adjusted free cash flow[3] of $182 million beats guidance of >$170 million.
- Underlying NPAT(A) increased 8%, due to consistent operating performance and lower finance costs.
- Final dividend of 4.50cps declared, increasing total dividends to 7.75cps in FY26, increased 7% from FY25.
- Flat revenue and reduced EBITDA in FY26 driven by the portfolio transition, shifting exposure from Africa to Australia and North America.
- Underlying EPS improved to 20.5cps from 19.1cps in FY25.

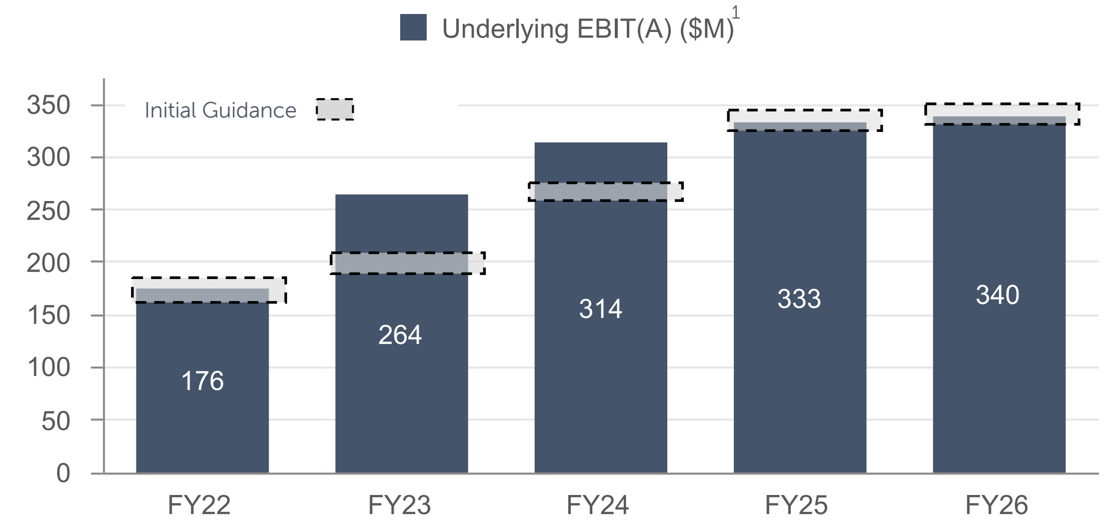
Revenue, EBITDA, EBIT(A), NPAT(A) and EPS are underlying and EBIT(A) and NPAT(A) are before amortisation of customer related intangibles.

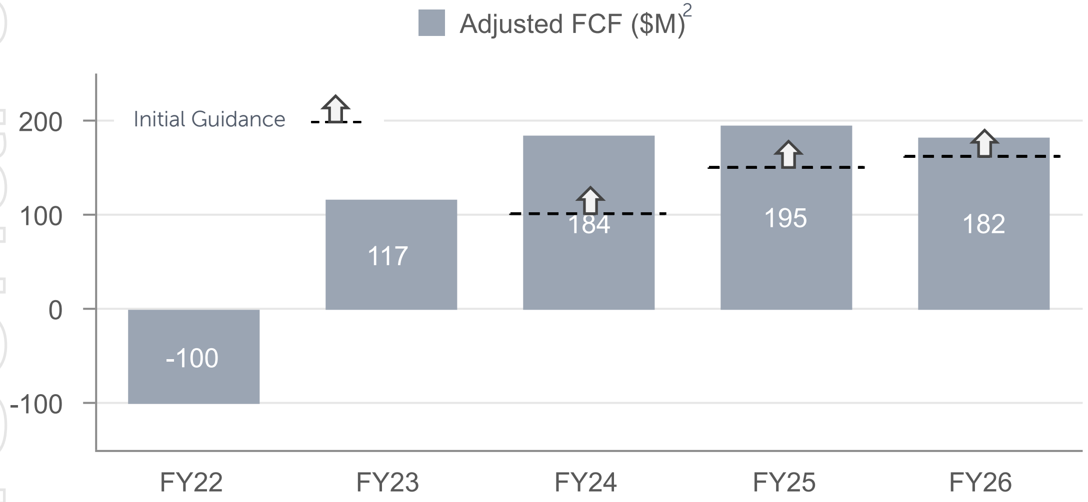
1. NPAT(A) is presented in 100% terms before accounting for Non-Controlling Interests (NCIs).
2. Underlying EPS is FY26 Underlying NPAT(A) / Weighted average shares on issue.
3. Adjusted free cash flow adjusts for two late debtor payments of $50.9 million received on 1 and 2 July 2026 and is after interest, tax and net of capital expenditure and disposal of investments.
4. Leverage is defined as Net Debt / Underlying EBITDA (incl BTP Group).
5. All figures subject to rounding and as a result may not add up.

FY26 | Five consecutive years delivering guidance

Perenti







- For the fifth consecutive year guidance has been delivered.
- Concurrently, a measured portfolio transition has shifted revenue concentration from West Africa towards Australia and North America.
- Our balance sheet strength and strong free cash flow continues to enable options to pursue growth and deliver returns to shareholders.

1. Underlying EBIT(A) is before amortisation of customer related intangibles.
2. Adjusted free cash flow is defined as net cash inflow from operating activities after interest, tax and net of capital expenditure and disposal of investments. FY25 adjusted for capital returned from Botswana, FY26 adjusts for two late debtor payments received on 1 and 2 July 2026

Operations | Driving productivity for our clients and shareholders

Perenti

Australia

- Bellevue contract (~$850M) adds a ninth Australian project for Barminco.
- Drilling activity continues to build momentum with increased utilisation.

North America

- Development at Goldrush for Nevada Gold Mines maintained excellent progress highlighting productivity advantages of Barminco.
- Winning the neighboring Fourmile project (~$275M) is an important step to build regional scale.

Africa

- Underground mining operations in Africa continue to deliver strong results.
- The agreement at Iduapriem to sell the fleet and transition out of surface mining operations in West Africa will return valuable capital.

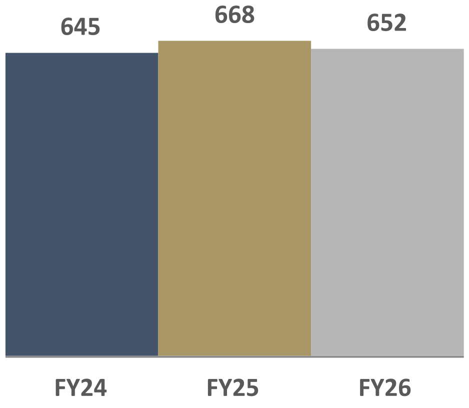
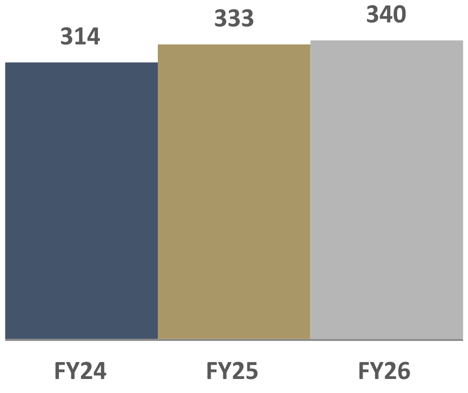
EBITDA

$652M ▼ 2% vs FY25



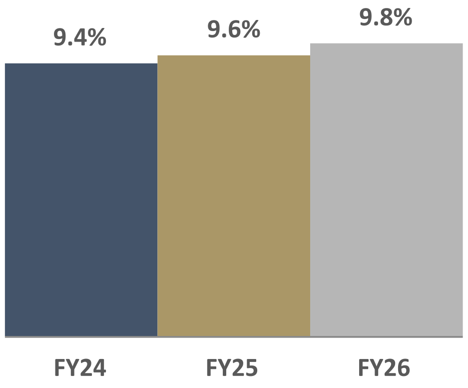
EBIT(A)

$340M ▲ 2% vs FY25



EBIT(A) Margin

9.8% ▲ 25 bps vs FY25



- EBIT(A) set a new record at $340 million, up 2% from the prior record set in FY25, assisted by the stronger group EBIT(A) margin.
- Consistent with past years, the second half skew delivered inline with expectations. The 1H/2H skew will repeat again in FY27.
- Another year of improved EBIT(A) margin to 9.8%, driven by consistent performance from Contract Mining.
- Drilling Services utilisation continued to improve in FY26 and is expected to improve again in FY27.
- Looking forward, the sale of AMS fleet and divestment of BTP will recycle ~$150 million towards higher return opportunities.

Note: Figures are on 100% basis. All figures are underlying and exclude amortisation of customer related intangibles and include discontinued operations.

Contract Mining | Improved earnings quality and margins

- Contract Mining represents 70% of Group revenue and 75% of underlying EBIT(A) before corporate costs.
- EBIT(A) margin improvement to 12.0% contributing strongly to the overall group performance.
- Project wins at Bellevue, Fourmile and Dalgaranga continue to shift revenue mix towards high quality, long life projects in Australia and North America.
- High quality African projects remain important. AUMS is undertaking early works at Sabodala for Endeavour Mining, with longer terms under negotiation.
- The tender pipeline and outlook continues to strengthen, building to $6.4B in North America after the successful award of Fourmile.

Note: Figures are on 100% basis. All figures are underlying and exclude amortisation of customer related intangibles.

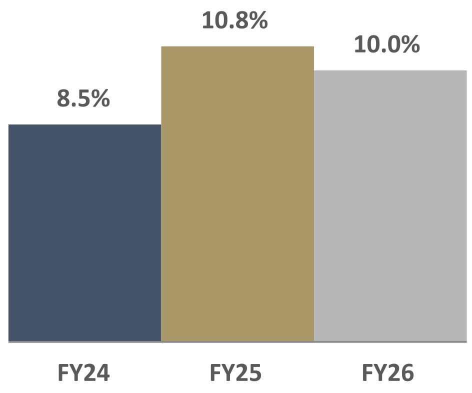
EBIT(A) Margin

10.0% ▼ 74 bps vs FY25



- Drilling Services represents 24% of Group revenue and 22% of underlying EBIT(A) before corporate costs.
- With more than 300 rigs and utilisation trending upwards, the division is positioned to deliver further earnings growth in FY27.
- Opportunities for Swick in North America remain strong, particularly from rising demand in gold and copper projects.
- Higher mobilisation costs and some fuel sensitive inputs impacted margins in 2H26, but are expected to normalise and drive higher earnings in FY27.
- In August 2026, Ausdrill was awarded a 5-year contract ($92M) to deliver drilling and blasting services at the King of the Hills mine for Vault Minerals.

Note: Figures are on 100% basis. All figures are underlying and exclude amortisation of customer related intangibles.

- Mining and Technology Services division represents 5% of Group revenue and 3% of underlying EBIT(A) before corporate costs.
- The sale of BTP Group will transform the division, leaving Supply Direct, Logistic Direct and idoba to focus on low capital intensive services.
- Both Supply Direct and Logistics Direct performed in-line with expectations during FY26 and have opportunity to grow in FY27.
- Costs related to idoba product development have significantly decreased and will be included as part of underlying results in FY27.

Note: Figures are on 100% basis. All figures are underlying, include discontinued operations and exclude amortisation of customer related intangibles.

Portfolio Management | Sale of BTP and AMS fleet unlocks $140 - 155M

Perenti

- Divestment of BTP will unlock $100 million, consistent with the portfolio management strategy.
- As announced on 20 July 2026, the sale of Iduapriem fleet will generate $30-40 million.
- Additional sales from idle AMS surface fleet in Ghana expected to generate $10-15 million in FY27.
- With these fleet sales, AMS operations in West Africa will be concluding, due to changes in localisation laws for surface mining in Ghana.
- $140-155 million in total will be recycled into higher return opportunities to drive EPS growth for our shareholders.

Statutory EPS	12.9	2.0	▼ 85%

- Revenue steady year on year due to transitioning portfolio.
- Improved EBIT(A) margin was underpinned by:
  - excellent margin performance in Contract Mining;
  - steady performance from both Drilling Services and Mining and Technology Services; and
  - ongoing focus on Corporate overhead.
- Interest expense was $54 million in FY26 vs $70 million in FY25, down 23%.
- Income tax expense was $94 million reflecting an ETR of 32.8% for FY26. (FY25 ETR was 32.2%).
- Underlying EPS has improved 7% compared to FY25.
- Reported NPAT and Statutory EPS was impacted by the non-underlying adjustments in FY26 relating to BTP, AMS, and idoba.

1. Figures are on 100% basis. Figures noted as (A) are underlying and exclude amortisation of customer related intangibles.
2. Underlying EPS is NPAT(A) / Weighted average shares on issue.

Underlying results	**3,463.2**	**651.9**	**339.7**	**192.1**

- FY26 amortisation of CRI decreased to $28.2 million from $45.3 million in FY25 due to the completion of several contracts in Africa.
- CRI amortisation is forecast to further reduce in FY27 to approximately $15 million.
- Net foreign exchange loss and other one-off costs[1] comprised of $8.0 million.
- Costs related to idoba product development were significantly reduced in FY26 to $7.6 million and will be included in underlying results in FY27.
- Impairments of assets of $54.3 million includes:
  - $25.1 million impairment of idle AMS surface fleet to be sold in FY27
  - $29.2 million idoba impairment
- Discontinued operations relate to the agreed BTP divestment for $100 million, realising a non-cash revaluation loss of $64.4 million and classification of BTP Group as discontinued.

1. Other one-off costs are predominantly related to the early redemption of the 2025 Senior Unsecured Notes in July 2025.

Adjusted free cash flow	**194.6**	**181.6**	▼ 7%

- Adjusted free cash flow of $181.6 million exceeds FY26 guidance
- Cash conversion of 97% after adjusting for two late client receipts received on 1 and 2 July 2026 of $50.9 million.
- Net interest decreased to $52.8 million, mostly due to the early repayment of the USD 2025 Senior Unsecured Notes in July 2025.
- Cash tax of $83.1 million was steady year on year.
- Net capital expenditure of $321 million, less than guidance of ~$325 million.
- Dividends paid to shareholders increased for the third year in a row to $70.4 million.
- Value of shares bought back during FY26 was $13.1 million.

1. Operating cash conversion is calculated as net cash inflow from operating activities before interest and tax divided by underlying EBITDA.
2. Sale of assets and investments includes all sales of plant, property and equipment and sale of shares.
3. Free cash flow is defined as net cash inflow from operating activities after interest, tax and net of all capital expenditure and disposal of investments.
4. Other movements refers to net contributions/repayments by non-controlling interests.
5. Adjustments in FY25 related to the end of contract sale of fleet and inventory at a copper mine in Botswana. FY26 adjustments relate to two late client receipts received on 1 and 2 July 2026.

Free Cash Flow[1] — allocated between —

Dividends

- Dividend policy targets a payout ratio of 30-40% Underlying NPAT(A).
- Total dividends per share for FY26 have grown 7% vs FY25, reflecting a 37% payout ratio.

Business Growth

- Pipeline of opportunities targets return on equity and EPS growth
- Organic growth and M&A compete for capital.

Share Buybacks

- Share buybacks have been used during the past four years.
- Since FY22, more than 80.6 million shares have been bought back and cancelled.

Debt Reduction

- Leverage has successfully been reduced from 1.3x in FY22 to 0.4x in FY26.
- This has improved profit margins and provides funding capacity for growth.

1. Free cash flow is defined as net cash inflow from operating activities after interest, tax and net of all capital expenditure and disposal of investments.

Outlook | $6.2B Work in hand and $20.0B Pipeline

Perenti

- Work in hand has increased during 2H26 with contract wins at Bellevue and Duketon in Western Australia, Fourmile in Nevada in addition to smaller contract wins and extensions for both Contract Mining and Drilling Services.
- The tendering pipeline remains strong in all current operating regions with notable growth in copper opportunities.
- Multiple near-term contract extensions offer further upside to build work in hand in FY27 and beyond.

CAPEX[1]	**~$370M**

- Guidance excludes the BTP Group, post sale.
- Earnings will be second half weighted in FY27, consistent with prior years.
- Capex includes previously announced capital requirements for Bellevue and Fourmile and an additional allowance for growth capex, net of AMS fleet sales

Upcoming value creation

- Portfolio management to unlock ~$150 million
- Winning and extending projects in the $20B tender pipeline
- Successfully ramping up new projects in all regions
- Drilling utilisation rising and gaining momentum
- Strategic approach to capital allocation
  - Continue to grow dividends to shareholders;
  - Renewed on-market buyback program;
  - Fund EPS accretive organic and inorganic growth opportunities.

Note: All figures are on 100% basis and based on underlying results

1. Capex is defined as Net Capex which is stay in business capital plus growth capital, net of proceeds from disposal of fleet and assets.
