3. Review of operations and outlook

A Year of Assessment and Action

FY26 was a challenging year for RPM Automotive Group and marked the beginning of a broader program to strengthen performance, improve cash generation and position the Group for sustainable long-term value creation.

During the second half of FY26, management undertook a detailed review of the Group's businesses, operating performance and future opportunities. This provided greater visibility over the challenges facing the Group, areas requiring improvement and opportunities across the portfolio, helping shape management's priorities and focus areas for FY27

To guide our priorities, we adopted a clear framework:

STABILISE → RESTRUCTURE → REBUILD → GROW

During the final months of FY26, management commenced a number of initiatives focused on cash generation, working capital, inventory efficiency, cost control, accountability and disciplined capital allocation.

This included reviewing individual businesses and operating activities, closing underperforming operations and pausing acquisition activity while management focuses on improving the performance and returns of the existing portfolio. Reporting, forecasting and operational oversight were also strengthened to provide greater visibility and accountability across the Group.

The Tyre division remains a key area of focus. Management commenced a detailed review of product strategy, supplier relationships, purchasing, inventory management, supply chain performance and commercial execution. This work has identified opportunities to improve margins, inventory efficiency, cash generation and the overall quality of earnings.

Importantly, the review has also reinforced that RPM possesses a number of quality businesses, recognised brands and established customer relationships that provide a strong platform for future improvement and growth.

RESULTS FOR ANNOUNCEMENT TO THE MARKET (CONT.)

3. Review of operations and outlook (Cont.)

Looking Forward

FY27 is expected to be a transition year as management continues to execute the initiatives commenced during FY26.

Our priorities are to strengthen cash generation and working capital performance, improve margins and profitability, increase inventory and capital efficiency, maintain disciplined cost management and improve execution and accountability across the Group.

Management will continue to support businesses delivering sustainable returns, address areas not achieving acceptable performance and allocate capital selectively towards opportunities capable of generating long-term value.

Challenges remain and improvement will take time. However, RPM enters FY27 with greater visibility, clearer priorities and a more focused approach to improving performance.

STABILISE → RESTRUCTURE → REBUILD → GROW

We would like to thank our employees, customers, suppliers, shareholders and financing partners for their continued support.

STATEMENT OF PROFIT OR LOSS AND OTHER COMPREHENSIVE INCOME FOR THE YEAR ENDED 30 JUNE 2026
