ASX Announcement

Counter Drone Systems contract with New Zealand Defence Force

Key highlights:

- HighCom Technology signs a NZ\$1.96 million contract for the supply of Counter Drone systems to the New Zealand Defence Force, following on from the recent A\$8.9m ADF CUAS order.
- HighCom continues the build-out of its unique, regional CUAS capability set.
- HighCom to establish a regional CUAS Centre of Excellence to support this growing, regional defence capability.

HighCom Limited (ASX: HCL) (HighCom or the Company) is pleased to advise that its wholly owned subsidiary, **HighCom Technology Pty Ltd**, has signed a contract for supply and support of Counter Drone Systems to the New Zealand Defence Force. The contract, valued at NZ\$1.96 million (AUD \$1.63 million¹), includes the supply of MyDefence counter-drone system, spares and training support and is expected to be delivered in FY27.

Mr Bede Galvin, HighCom Technology's President, commented, *"We are delighted to be selected as the supplier of MyDefence C-UAS products for the New Zealand Defence Force, expanding on our success in supplying and supporting equipment to the Australian Defence Force. This order continues the build-out of our regional CUAS supply, integration, commissioning and support services capability set and ensures that we are well placed to service this fast-growing market segment. We look forward to continuing to support the NZDF on their Counter-Drone journey. Given our deep CUAS knowledge base, we are also moving forward in the establishment of our CUAS Centre of Excellence to better inform, train and support our growing key customer set."*

¹ The AUD value of the order has been calculated using an exchange rate of AUD1= NZD\$1.2

This ASX announcement has been authorised for release by the Board of Directors.
