This announcement is given under ASX Listing Rule 4.3D.

In the “Results for announcement to the market” section of the Preliminary Final Report (released to the ASX on 31 August 2026), the loss for the year was reported as having decreased by 27% against the prior corresponding period. On the revised unaudited result, the decrease is 20%.

Reason for the adjustment

This adjustment relates to the accounting treatment of the lease make-good provision (a non-cash item) for the Company’s premises at 26 Brandl Street, Eight Mile Plains.

During the year, the Company derecognised the make-good provision previously recognised in respect of the premises and recognised a revised provision. In the Preliminary Final Report, the derecognition of the previous provision was recognised in profit or loss. In the revised financial statements, the derecognition has instead been recognised as an adjustment to the carrying amount of the related right-of-use asset, consistent with Interpretation 1 *Changes in Existing Decommissioning, Restoration and Similar Liabilities* and AASB 16 *Leases*.

No change to cash position

The adjustment is **non-cash** and has no effect on the Company’s cash position, cash flows, or the amount or timing of any obligation to any third parties. The Company’s cash and cash equivalents at 30 June 2026 remain $5,700,745, as previously reported. In addition, the Company holds a $5,500,000 6-month term deposit, maturing on 18 December 2026.

Completion of the audit

The Company’s auditor, BDO Audit Pty Ltd, has not yet completed its audit of the financial statements for the year ended 30 June 2026. The Company expects to lodge its audited financial statements, together with its Annual Report, with ASX on or before 30 September 2026 in accordance with Listing Rule 4.5.

This announcement has been authorised for release by the Board of AnteoTech Ltd.
