PEXA notes IPART's release of submissions in response to IPART's Draft Report

Melbourne, Australia – PEXA Group Limited (ASX: PXA) ("PEXA" or the "Group") notes that IPART has today published the non-confidential submissions received in response to its Draft Report on the Review of Electronic Lodgment Network Operator ("ELNO") service fees.

These submissions were received for consideration during IPART's consultation process in July and August 2026. IPART also received confidential submissions during this period, which have not been made public. PEXA's response to the Draft Report and the economic expert reports commissioned by PEXA were made public on 18 August 2026. IPART is currently considering all submissions received in response to the Draft Report as part of the overall IPART process.

Following significant investor interest regarding the next steps in the review, PEXA advises that the non-confidential submissions are available on IPART's website. As previously announced to market and in line with the timeline on IPART's website, IPART expects to deliver its Final Report to the Minister by 30 October 2026.

PEXA remains constructively engaged with IPART and will continue to advocate for a balanced and sustainable outcome that serves the long-term interests of the eConveyancing industry. This includes the use of a model which is appropriate for a capex light digital business, enabling continued investment in this unique Australian critical infrastructure to maintain the security, resilience and reliability of a system that supports Australians' property transactions every day.

This release was authorised by the CEO and Group Managing Director of PEXA Group Limited.

About PEXA

PEXA (Property Exchange Australia) is a world-leading, digital property exchange business, listed on the Australian Stock Exchange. Since 2013, PEXA has facilitated more than 26 million property settlements, and today, 90% of all property transfer settlements in Australia are processed on the PEXA platform. In 2022, PEXA commenced its international expansion through entry into the UK digital refinancing market, followed by the UK launch of PEXA's Sale & Purchase capability in 2025.
