Nova Acquisition now unconditional following ACCC waiver

Global Lithium Resources Limited ("**ASX: GL1**", "**Global Lithium**" or "**the Company**") refers to its announcement lodged with ASX on 15 July 2026 regarding the binding Share Purchase Agreement (**Agreement**) to acquire 100% of the issued share capital in IGO Nova Pty Ltd, the owner of the Nova Operation, from IGO Nova Holdings Pty Ltd, a wholly owned subsidiary of IGO Limited (**Nova Acquisition**).

Global Lithium is pleased to advise that the Australian Competition and Consumer Commission (**ACCC**) has granted a notification waiver in relation to the Nova Acquisition.

The ACCC has determined based on the information provided in the waiver application and having regard to the factors in section 51ABV(1)(a) of the *Competition and Consumer Act 2010 (Cth)* that the Nova Acquisition is not required to be notified.

The ACCC notification waiver satisfies the condition precedent to completion under the Agreement and, accordingly, the Nova Acquisition is now unconditional.

As previously announced, completion is expected to occur within 10 business days of the earlier of:

- the cessation of IGO's mining and processing operations at Nova and departure of the final product shipment from the Port of Esperance;
- 30 November 2026 (which may be extended by IGO Nova Holdings to 15 December 2026); and
- such other date as agreed by Global Lithium and IGO Nova Holdings.

Global Lithium will provide a further update upon completion of the Nova Acquisition.

Approved for release by the Board of Global Lithium Resources Limited
